IN SPRING DRILLS

Foldberg Continues Search for Top 33

A&M's football spring training is in its second week of drills and Coach Hank Foldberg admits that the colorful jerseys worn by the different teams mean nothing at the present time. "We don't have any first team," Foldberg said. "We are still looking for the top 33 players which is the main idea of spring training."

Colorful Teams
The Aggies have teams according to the color of the jersey—maroon, white, blue, green, red

and orange in that order. Of course, the orange shirt is the bottom of the list for a reason that's quickly understandable.

Lettermen, squadmen and sophomores-to-be dot the six teams with no one holding the upper hand, according to Foldberg.

"There have been many changes in the teams during the first five practices. We started out with the seniors in one group mostly because of their experience, but now there have been changes in the senior group," the head coach said.

Enthusiasm and Hitting
Foldberg complimented the 1962 football squad for their enthusiasm and hitting through the first week of workouts.

"I think the spirit has been good because we haven't set any teams. It hasn't taken away individual initiative and we want everybody to have a chance," Foldberg commented.

The footballers hustled through a lengthy 2½-hour scrimmage Saturday morning as approximately 200 spectators watched. Headgear and shoulder pads exploding against each other sounded and resounded around Kyle Field as the gridders showed outstanding aggressiveness.

Kicking Game Next
This week the Aggies will begin work on their kicking game, according to Foldberg. "We'll start varying our offense and adding some defensive alignments and by the end of this month we should know what to expect next fall," said the broad shouldered All-American.

Since the Aggies took to the practice field a week late due to bad weather, the annual Maroon-White game has been rescheduled for Mar. 31. Each Saturday a controlled-type scrimmage will be held until the spring-drill-ending game.

The Canadian government has approved a \$5 million fund to be spent annually to encourage Canadian participation in national and international sports.

Ags Blast SHSTC For 4th Win, 6-2

A bases-loaded single by David Johnson drove in three runs yesterday and provided the margin for victory as the Aggie baseball team won its fourth straight game of the young season over the Sam Houston Bearcats in Huntsville, 6-2.

Richard Beller, the sophomore lefty from Victoria, started on the

mound for the Aggies and won his third game of the spring. He pitched six innings and slammed a home run to help his cause in the fifth inning. Chuck McGuire relieved Beller in the seventh and only allowed one run the remaining three frames.

A&M and Sam Houston each collected six hits in the game while the Aggies made two errors to three for the Bearcats.

Sophomore catcher Arthur Uresti clouted a round-tripper for the Aggies in the eighth to account for his team's fifth tally.

The final A&M run came in the ninth inning on an error, a walk, and a blast up the middle by Jack Singlet.

Southpaw Alton Arnold, an A&M Consolidated graduate, started for the Bearcats and was charged with the loss.

Barber Says Fish Baseball Shaping Up

Coach Byron Barber's freshman baseball team went through its paces in an intrasquad game yesterday, after which the first player-cut was made.

Barber said the team has been coming along slower than he had hoped because 50 men had come out for the squad. He is sure, however, that they will be ready for the first game with Allen Academy next Wednesday on Kyle Field.

The coach cited five pitchers whom he expects to do good work for the team this spring: Ronnie Byrd of Waco, Hal German of Beaumont, Mike Golasinski of Houston, Doug Coryell of San Antonio and Gus Bates of Fort Worth.

He added, "We ought to have long-ball hitters out of Mel Myers, Dwain Stewart and Freddy Carlton."

Barber is sure of two fine catchers: Gene Coleman of Beaumont and Harvey Kutach of Seguin.

He mentioned that he thinks a local boy, Jerry Ballard, will probably be the best Fish infielder. Ballard is a shortstop who handles his glove well.

The New York Yankees open the 1962 baseball season in Detroit for the first time in American League history.

LESSON 9 - Advantages over bird watching

Although girl watching will inevitably be compared with bird watching, it enjoys many obvious advantages. For one thing, it is less strenuous. The bird watcher usually has to hike out into the woods where there is often a great deal of climbing over rocks and fallen trees and, occasionally, some swimming across rushing streams. Girl watching sites, however, are generally accessible to the watcher's home, school or place of business and can usually be reached without great effort. Perhaps no other hobby is so easy to enjoy. (Pall Mall is easy to enjoy, too. That's because Pall Mall's natural mildness is so good to your taste!)

Pall Mall's natural mildness is so good to your taste!

So smooth, so satisfying, so downright smokeable!

Compare all three! Smoke "traveled" through fine tobacco tastes best. See the difference! With Pall Mall, you get that famous length of the finest tobaccos money can buy. Pall Mall's famous length travels and gentles the smoke naturally... over, under, around and through Pall Mall's fine, mellow tobaccos. Makes it mild... but does not filter out that satisfying flavor!
