Adjunct Full For First Term

Registration for the A&M Adjunct at Junction is filling up rapidly. Wilbur D. Kutach, assistant professor, Counseling and Testing Center, said Friday that enrollment in the first six-week summer term, June 4-July 13, reached its quota of 120 last week.

Kutach added that enrollment for the second term, July 16-August 24, is expected to reach its quota by next week.

Any high school graduate who has been accepted at A&M may go to the Adjunct, which, besides making it possible to get credit hours for summer work gives entering freshman an idea of what college will be like. Selection of students is on a first-come first-served basis.

Jim Beauchamp, rookie outfielder of the St. Louis Cardinals, pronounces his name "beechum."

"For the past five or six years," said Kutach, "we have been forced to turn down many applicants, but we feel that our method of selection is fair."

The Adjunct is put to several other uses besides the summer session. It furnishes facilities such as a dining hall and living quarters to the District Seven 4-H Club.

is used by the Departments of Civil Engineering and Geology and the Texas Section of the American Society of Range Management for summer camps each summer.

During the winter, the Adjunct is used for meetings of the Boy Scouts, PTA and other local organizations.

Sex Aspects of Marriage Topic of 3rd YMCA Forum

STAGE-STRUCK

From Romeo and Juliet to Guys and Dolls—about 500,000 plays a year are being put on by amateur actors. In this week's Post, you'll learn how housewives and businessmen get brow-beaten by brash young directors. How the acting bug wrecked one girl's engagement. And how top Broadway names are helping out their amateur colleagues.

The Saturday Evening POST MARCH 24 ISSUE NOW ON SALE.

"The Sexual Aspects of Married Life" will be the topic of the third weekly YMCA marriage forum Monday night at 7:30 in the YMCA Building, with Dr. Spencer Bayles, practicing psychiatrist from Houston as chairman.

Subtopics under the night's program will be questions including, "How important is sexual compatibility in the total marriage relationship?" "What ideals and standards of sex morality are held?" "What does religion say about sex?"

Other subtopics are, "Pre-marital sexual relations — sexual relations in marriage as factors affecting marital adjustments," "Planned parenthood" and "Complex causes of sex adjustment or maladjustment."

Bayles received his medical training (M.D.) at the University of Kansas in 1944. His training continued in Internal Medicine at the University of Kansas and Bellevue Hospital in New York.

In 1947-50 he received his psy-

chiatric training at Colorado Psychiatric Hospital Denver, Colo. He received an M. S. degree from the University of Colorado in 1950.

The noted psychiatrist became a member of the American Board of Psychiatry and Neurology in 1951, the same year becoming an assistant clinical professor of psychiatry at the University of Colorado Medical School. He also worked as a psychiatrist in student health at the university from 1951 to 1953.

From 1953 to 1955, Bayles was chief of the psychosomatic section at the University of Kansas Medical Center. He was also assistant professor of medicine and psychiatry at the university during the same time.

He became assistant professor of psychiatry at the Baylor University College of Medicine in 1955, staying there through 1959. Then, he became director of the psychiatric out-patient clinic, Jefferson Davis Hospital; clinical director of the Houston State Psychiatric Institute, and consultant to the Medical Division of Humble Oil Company.

Bayles is presently on the advisory board of the Houston Committee on Alcoholism; is a consultant to the State Department of Health, Mental Health Division; consultant to the Medical Division of Continental Oil Company, and is president of the Houston Psychiatric Society.

Attendance during the past two forums has been excellent, according to J. Gordon Gay, executive secretary of the YMCA. Over 250 have been reported in attendance each time, he said.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Here and there America is building modernistic churches. No one's quite sure where the trend will lead . . . or whether it yet should be called a trend. But the thousands who have worshipped in these contemporary sanctuaries seem certain of this: The new architecture hasn't changed the age-old faith. Christianity has known many forms of worship, many terms of expression. But there has always been Unity underlying diversity. Christians worship the same God and Lord; they revere the same Cross; they search the same Scriptures. Through human architects who express their devotion in different forms, The Divine Architect is pointing all men to the spire of Faith.
