

Annual Egg Clinic Opens Wednesday

The 1962 Commercial Egg Clinic, a continuation of the annual Cage Clinic which has been held at A&M since 1956, will be held in the Ballroom of the Memorial Student Center Wednesday.

Engineering Clubs Hear LeTourneau In Speech Tonight

Richard H. LeTourneau from R. G. LeTourneau Inc. in Longview, Tex., will address members of the student chapters of ASAE, ASME, ASEE, ASCE and AIEE Tuesday night in the Assembly Room of the Memorial Student Center.

His address is scheduled at 7:30 p.m. The program will consist of a film showing the operations of LeTourneau's Longview operation, particularly the conversion of scrap steel into steel plates in electric furnaces.

Also to be shown are LeTourneau operations in Peru, Liberia, West Africa and several South American countries.

LeTourneau will answer questions after the completion of the film.

The public has been invited.

That Contribute to Low Cost Egg Production," to be presented by Robert H. Adolph, San Diego County farm advisor from the Agricultural Extension Service, University of California.

Purpose of the clinic will be to help the commercial egg producer with problems he encounters in the management of his flock.

Wormeli said, "Texas egg producers sell 2 1/2 billion eggs a year. The annual cash receipts for these eggs total about 65 million dollars."

Chairman of the morning session will be Charles Isenhower, president, Texas Egg Council, from Clifton, Tex. Dr. J. H. Quisenberry, head of the Department of Poultry Science at A&M, will also lecture at the morning session.

Wormeli will be chairman of the afternoon session. The final lecturer will be George B. Rogers, agricultural economist, Marketing Economics Division, Economic Research Service, USDA, Washington, D. C. Rogers will answer questions concerning marketing orders after his talk.

ST. PETERSBURG, Fla. (AP)—Roger Craig, new pitcher with the New York Mets, was the last player signed by the late Frank Rickey, brother of Branch Rickey. Craig helped pitch the Dodgers to a couple of National League pennants and was picked up in the expansion program.

The baby-sitting co-op will meet next Monday night at 8 in the cabinet room of the YMCA Building.

The Civil Engineering Wives Club met last night in the South Solarium of the YMCA.

The Aggie Wives Bridge Club will meet tomorrow night at 7:30 in the Memorial Student Center.

The Mechanical Engineering Wives Club, in order to raise funds for their P.H.T. Banquet, is offering chances on "a night out for two." This includes free baby-sitting, a steak dinner for two at the Triangle Restaurant and tickets to the Palace Theater.

The drawing is to be held April 10, and you don't have to be present to win. For information on the drawing, contact any member of the Mechanical Engineering Wives Club.

Rotary Fellowship Deadline Disclosed

The deadline for completing applications for Rotary Foundation Fellowships, which provide for one fully paid academic year of graduate study abroad, is April 15. Dean of Graduate Studies Wayne C. Hall said Monday that an applicant must be sponsored by and make application through the Rotary Club nearest his permanent residence.

A basic purpose of the Rotary International program is to provide an opportunity for the Rotary Fellow to live and travel for international understanding in any country in which there are Rotary Clubs. There are clubs in virtually all nations of the free world.

The program is planned to provide educational opportunity but not primarily for the purpose of enabling a student to earn advanced degrees.

Qualifications include the ability to read, write and speak the language of the country in which the Fellow is to study, an interest in

world affairs, a bachelor's degree (by the time the fellowship will begin) and citizenship of the country of his permanent residence. Also, the applicant must be single and between the ages of 20 and 28 years inclusive.

The fellowships go into effect approximately a year from the closing date for submitting the completed application, April 15.

The Rotary Foundation Fellowships program also provides for a maximum of 10 additional fellowships to be awarded under slightly less stringent requirements. For example, the applicant need not be a citizen of his country of permanent residence. The language ability requirement also is at a lower level. The nations in which these fellowships may be used are limited.

The Rotary fellowships provide for round trip transportation from the Fellow's home to the university city in which he is to study, full tuition and registration fees, plus the cost of essential books and study materials, room and board and incidental living costs and limited educational travel expenses within the country of study.

Aerospace Expert Sets Speech Here

Dr. H. Norman Abramson, director of the Department of Mechanical Sciences at the Southwest Research Institute in San Antonio, will speak Tuesday night to IAS members at 7:30 in Room 229 of the Chemistry Building.

Abramson will speak on "Liquid Dynamic Behavior in Rocket Propellant Tanks."

All persons interested in aerospace technology have been invited to attend.

Rhodes Wins Summer Grant

Robert R. Rhodes, associate professor in the Department of Range and Forestry, has received a three-month National Science Foundation faculty fellowship for research and study beginning June 1.

The study will be made on regional distribution patterns of range and forest vegetation types and their condition with respect to productivity.

Rhodes will visit Arizona, California, Oregon, Washington, Idaho and Colorado. Photographs and botanical collections will be made throughout the study. He will start the trip June 1.

Rhodes will attend eight weeks of study at Oregon State University. A knowledge of the forest and range ecology of the Northwest will be obtained through field work, consultations and library study.

The field study will include a trip across Oregon from the Pacific Ocean to the brush-grassland areas in the eastern part of the state.

The time enroute to Oregon will include several days at the Fort Valley Experiment Station in Arizona.

Rhodes will spend a few days studying the work of the Soil-Vegetation Survey in California and will also work with the field crews in the northern part of the state.

Rhodes will study the western white pine and associated forest types in Idaho, plus the central Rocky Mountain types in Colorado.

During the past summers, Rhodes has worked for the Texas Forest Service.

Campus Librarians Planning To Attend 49th TLA Meeting

A number of librarians from the A&M campus plan to attend one or more sessions of the 49th annual conference of the Texas Library Association in Galveston Wednesday through Saturday.

Robert A. Houze, library director, is a member of the executive board of the Texas Library Association and also serves as chairman of the legislative committee. He will chair a meeting of the head librarians of the 19 state-supported colleges and universities.

Others planning to attend for more than one day are Mrs. Dorothy Andrew, senior cataloguer; Mrs. Suzanne Goddard, cataloguer; and Miss Mayme Evans, document librarian, all of the Cushing Library, and Mrs. Nan Cardwell, veterinary librarian; and Mrs. Macon H. Capelle, acting head of the Texas Engineers Library.

Planning to attend the sessions Friday are Frederick S. White, associate librarian; Mrs. Lavelle Castle, head of the reference department; Mrs. Mary F. Downey, reference assistant and Mrs. Beatrice Vaughn, acting head of the circulation department, all of the Cushing Library, and Mrs. Donna Stuart, business librarian.

Two national presidents will be participating in the TLA sessions. They are Mrs. Florrinnel Morton, director of the Library School at LSU and president of the American Library Association, and Mrs. Weldon Lynch, president of the American Library Trustees Association.

Kennedy outlines his cold war strategy

Last year in Moscow, Khrushchev spelled out his master plan in no uncertain terms. But what is Kennedy's strategy? In this week's Post, in an authoritative article based on talks with the President and his chief advisers, Stewart Alsop reports on Kennedy's long-range thinking. And tells how such crises as Cuba, Vietnam and Berlin shaped the President's views.

The Saturday Evening POST MARCH 31 ISSUE/NOW ON SALE

Kennedy sums up his first year in office

"I don't think most Americans realize," says JFK, "the way the situation has changed." In this week's Post, in an authoritative article based on talks with the President and his chief advisers, Stewart Alsop tells how Kennedy has revamped U.S. strategy. What was behind his struggle with the Pentagon. And how the new plans are working out.

OFFICIAL NOTICES

Official notices must be brought, mailed or telephoned so as to arrive in the Office of Student Publications (Ground Floor YMCA) VI 6-6415, hours 8-12, 1-5, daily Monday through Friday) at or before the deadline of 1 p. m. of the day preceding publication — Director of Student Publications.

Those undergraduate students who have 95 semester hours of credit may purchase an A&M ring. The hours passing at the time of the preliminary grade report on March 25, 1962 may be used in satisfying the 95 hour requirement. Those students qualifying under this requirement may leave their names with the ring clerk in the Registrar's Office in order that she may check their records to determine eligibility to order the ring. Orders for the rings will be taken between April 9 and May 31 for delivery on or about July 1, 1962. The ring clerk is on duty from 8:00 a. m. to 12:00 noon, Monday through Friday of each week.
H. L. Heaton, Director of Admissions and Registrar 89112

Pre-veterinary students who expect to qualify as applicants to the Professional School of Veterinary Medicine in September 1962 may obtain applications at the information desk in the Registrar's Office beginning March 1, 1962.
May 1, 1962 is the deadline for filing applications and transcripts with the Registrar.
