At 5 p.m. today, there will be an important organizational meeting for intramural softball. All managers who are going to work softball, all those who signed up to work and anyone interested in officiating for softball, must attend this meeting in Room 113 of the coliseum.

Softball competition begins Monday afternoon.

Thirty persons had registered for the open intramural fencing tournament at 4:30 yesterday, and about that many more are expected to enter. The tourney starts Monday afternoon at five in the fencing room on the second floor of the coliseum.

The tournament will be conducted by direct elimination and winners will receive individual intramural medals. There will be competition in the foil, epee and sabre and the places in each weapon will be determined as follows:

First — winner of the final bout.

Second — loser of the final bout.

Third and fourth — by fence-off between the two losers in the semi-finals.

Fifth and sixth — by direct elimination among the losers of the quarter-finals.

Those interested in entering the tournament should sign up as soon as possible in the Intramural Office, Room 113, G. Rollie White Coliseum. The deadline is tomorrow.

Qualifications and Conduct of the Tournament

In the foil: All entries must have at least one semester of class instruction in physical education, or the equivalent thereof, of formal instruction elsewhere. Students now enrolled in fencing are eligible for entry.

(There will be a qualification period for all contestants who have not registered for formal instruction in the foil at A&M tomorrow at 5 p.m.)

All contestants must use weapons, equipment and clothing prescribed by the Intramural Department according to Chapter V, page 8 of the Fencing Rules and Manual of Amateur Fencers' League of America.

(Weapons, equipment and clothing must be inspected before the start of the tournament.)

All foil bouts will consist of five touches and will be conducted according to the Conventions of Foil Fencing, prescribed on page 22 in the Fencing Rules Manual.

No one will be allowed to officiate a bout in which a contestant belongs to the same organization or team of which he, the official, is a member.

(There will be qualification period for all contestants before entries will be accepted in the sabre.)

Craft Worries About Colts

APACHE JUNCTION, Ariz. (AP) — The New Houston Colts are the hottest team in the Arizona-California spring training camps but Manager Harry Craft is fretting about his pitchers.

Houston's surprising 13-6 record through Wednesday was the third best among the 20 major league teams but Craft was saying his pitchers were using too many pitches.

He believes a well-pitched game involves only from 110 to 115 pitches. Colt pitchers have used as many as 178.

"You are breeding trouble when you need that many pitches," Craft said Wednesday. "You don't win games during the regular season with the kind of pitching we've had lately."

Ags-UT Vie In Big Game

Special to The Battalion
Title-defending Texas and A&M, which share statistical honors as well as the league leadership vie for undisputed possession of first place in the Southwest Conference baseball race at College Station Saturday.

Barring a tie, which was their fate in the first meeting last season, the arch rivals will establish a temporary favorite in the pennant chase. Each has won its

only two starts and each has players sharing the leadership in individual batting and pitching.

Tom Belcher of Texas, who as a senior is still undefeated in SWC competition, has pitched each of Texas victories. A pair of sophomores—Chuck McGuire and Richard Beller—are credited with the A&M decisions.

Shortstop Bill Bethea of Texas and Pitcher Ed Singley of A&M share the batting lead at .667, al-

though they have appeared in only one game each. The top leader is Sophomore Bob Egan of TCU, who has connected for 18 hits in eight trips for a .653 average.

Newcomers are very much the spotlight in batting through the first two games as four of eight leaders are sophomores.

Baylor's Frank Chardon, other soph, has made an impressive start as a pitcher, with only one earned run in his conquest of SMU.
