**IN 8TH INNING**

**Fish Sneak Past Baylor Cubs, 5-4**

An eighth inning single by Gary Cavasas put the Fish baseballers over the hump and gave them a 5-4 win over the Baylor Cubs yesterday on Kyle Field.

Cocher Byron Barbers' diamondmen now own a 2-2 season record after this victory and dropping one to the Texas Yearlings, 15-4, Saturday in Austin.

Ron Byrd was the winning pitcher, hurling for the first seven innings. He was relieved for the last two by southpaw Mike Golasinski.

The first Fish score came in the second inning when 200-pound Mel Myers blasted a homer.

In that same inning, with the bases loaded, Byrd clubbed an infield shot that looked like a sure double play for the Cubs. They picked up the first half, but the second baseman overthrew first and two Aggies came across the plate.

In the next inning the Fish added another tally when Myers drove Jerry Ballard across with a single.

The Cubs caught up and it was 4-4 in the bottom of the eighth when the Fish came to bat. Gene Coleman blasted a double to left center. Bill Hancock tapped a single, moving Coleman to third and then second-sacker Tommy Jones sacrificed, putting Hancock on second.

The Baylor pitcher decided to walk Myers, loading the bases. Then Cavasas hit the burning shot that bounced wildly off the Cub third baseman's glove, scoring Coleman.

**Cardinals Are Picked To Cop League Lead**

NEW YORK (AP)—The National League is so well balanced this year that the pennant may go to the club with the best sign stealer in the scoreboard.

In the absence of accurate spring training reports on the agility and electronic know-how of the telescope spies, selections must be made on a provisional B.S. before spying basis.

The pick here is an outsider—the St. Louis Cardinals—a 6-1 shot that finished fifth, 13 games back, last season.

San Francisco, Los Angeles, Cincinnati and Milwaukee all are solid ball clubs that could win. Given a sound Vern Law, Pittsburgh also deserves to be included. Even the Chicago Cubs, who haven't finished better than fifth since 1946, rate respect.

Only the new clubs, the New York Mets and Houston Colts, and the Philadelphia Phillies appear to be in over their heads.

All of which means that a solid ball club must be picked as low as seventh in the expanded 10-club National League.

Here's the way it looks from here:

1. St. Louis, 2. San Francisco, 3. Los Angeles, 4. Cincinnati, 5. Milwaukee, 6. Pittsburgh, 7. Chicago, 8. New York, 9. Philadelphia, 10. Houston.

**Ag Cowboys Place Second In Rodeo**

A&M's Aggie Rodeo team placed second behind a team from Sam Houston State at the Southwest Texas State Teachers College in San Marcos last weekend.

The team standings after the final performance Saturday night were: (1) Sam Houston (2) A&M (3) Southwest Texas (4) McNeese State.

The Aggies gained their points from: Bareback Riding—Bobby Rheudasil, who tied for second. Saddle Bronc Riding—Everett Farthing, who placed third. Tie-down Calf Roping—Keith Kidwell, who was second in the first-round, third in the second-round and second in average. Ribbon Roping—Lynn Turner, who was fourth in the first-round; and Keith Kidwell, who was fourth in average. Steer Wrestling—Jay Jones, who was fourth in second-go-round; Keith Kidwell, fourth in average.

Eddie Rosenburger, one of A&M's top cowboys, suffered a shoulder separation in the bull riding Saturday night and will probably be out of action for at least three weeks.

The Aggies will be in Huntsville this weekend for the Sam Houston Rodeo.

**THE BATTALION**

**Bears Shutout Aggies, 2-0**

A right-hander by the name of Jim Fisher put the stopper on the Aggies yesterday in a SWC baseball game played in Waco. Fisher, the ace pitcher for Coach Dutch Schroeder's Baylor Bears, held the Aggies to only two singles and shut them out for the 2-0 victory.

The loss marked the first for Coach Tom Chandler's Aggies in SWC play this spring. The Bears have a 2-1 mark, having lost to the Texas Longhorns in the opener.

Fisher had complete control of the A&M batters throughout the entire game although he was relieved in the ninth inning after two Cadets were out. Only one man reached as far as third base in the game for the Aggies and that was Bill Puckett, who got one of the base hits, in the sixth.

The Bears backed Fisher with some outstanding fielding on the somewhat wet playing surface.

A&M's strong sophomore right-hander, Chuck McGuire, started on the mound and pitch a respectable game—giving up only two runs and five hits in seven innings of work. Richard Beller relieved McGuire in the eighth and set the Bears down on no runs and no hits. McGuire suffered his first loss of the season and is now 2-1 in season play and 1-1 in SWC.

Baylor grabbed its two tallies in the second inning when Ronnie Goodwin laid down a bunt and took third on a wild throw by Jack Singley. After Jim Fox popped up, John McEldowney, who was also outstanding on defense, slammed a long triple to right-center-field to drive in Goodwin. David Young followed with a sacrifice fly to left, scoring McEldowney from third.

The Bears never threatened again, but they had the margin they needed.

A&M's only serious threat came in the sixth when Puckett led off

with a single to right. He took third when Baylor's Young overthrew in an attempt to get the sacrificing McGuire. Jack Singley then lined into a double play to

make two out. The next man, Bill Grochett, slashed a liner toward center and Baylor's McEldowney made a spectacular catch of it to kill the threat and the inning.

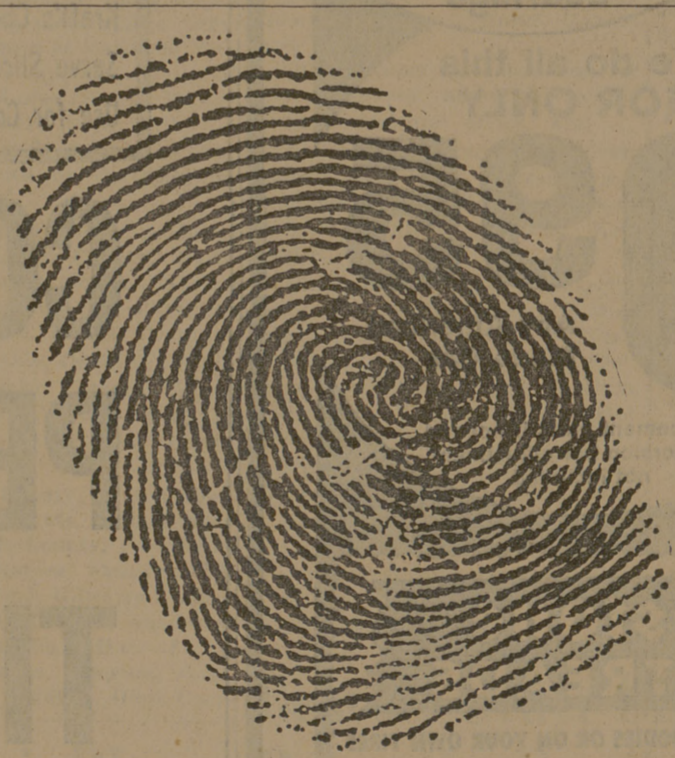

The Aggies go to Houston Saturday afternoon for a Southwest Conference battle with the Rice Owls who own a 1-1 conference mark.

NORTH GATE —WE DELIVER— COLLEGE STATION

Minds are different, too. You can't ink them and roll them and press them on hard-finished white paper. But you can test them, mold them, nurture them, shape them, stretch them, excite them. And challenge them. At Cal Tech's Jet Propulsion Laboratory, that's all we do. The products of these minds are spacecraft and instruments that will explore the Moon and planets and communication systems to probe outer space.

It's a big responsibility. And it requires the finest young scientific and engineering minds this country has to offer. Many, many minds that work as one. Minds such as yours, perhaps. Won't you come in and talk to us? If you have a mind to?
