Student senators Thursday night heard reports on the Student Health Services Board, recruiting of high school seniors, the 12th Man Bowl, student employment as janitors and the World University Service.

The Student Election Commission met yesterday afternoon at 5 in Room 3-D of the Memorial Student Center to discuss plans for the upcoming student elections starting Wednesday.

In conjunction with their function as a body ruling on all questions concerning elections, the Commission was presented the following questions and made the following rulings:
