

Intramurals

Winner in the open tennis singles held last Saturday is Richard D. Davis. Davis, who lives at Pur-year Hall, won the match 6-4 and 6-3 from Harold Shild.

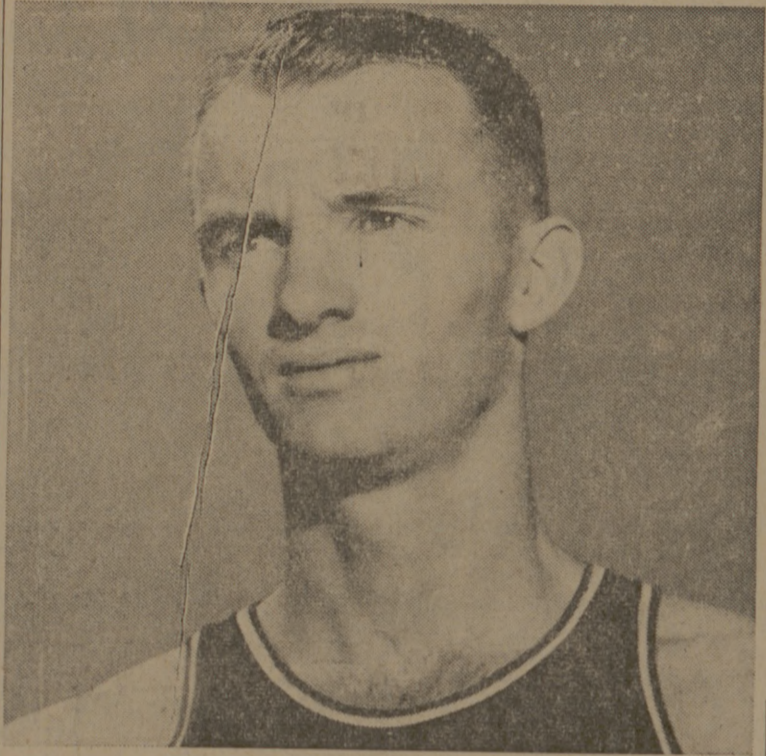

In freshman softball yesterday a three way tie was broken when Sod. 8 defeated G-3, 13-2. Sod. 4 will play Sqd. 8 today to determine the league championship.

Quickly getting ahead, Sod. 8 held a ten run lead at the start of the second inning. Coming to bat, G-3 hit a long drive into centerfield to place a runner on second. A walk then another good hit to the outfield brought on one run.

Although holding Sod. 8 to no runs in the bottom of the second, G-3 failed to continue their drive. Coming to bat, Sod. 8, still leading by nine runs, hit three long drives into the outfield to add three more runs to their lead.

In the top of the fourth, G-3 hit a line drive into centerfield to bring in one run. Sod. 8, however, retired the sides before they could score again and ended the game still leading by a score of 13-2.

Winner for Sod. 8 were Mickie Jones, Earl Taubert, Wayne Corman, Bob Riskie, Rockie Rash, Jim Griffin, Dennis Glenwinkle, David Johnson, and Harry Stafford.

Thad Crooks

Expected to lead the Ags, top runners in the next two meets is senior 880-man Thad Crooks. The 6-1, 160-pounder from Hook, Tex., has done consistent good work for Coach Charlie Thomas' track squad this year.

Eight A&M Track Records

Coach Charlie Thomas' thinclads, despite the mid-season losses of Pat Mitchell and R. E. Merritt to injury and sickness, have added eight new records to the A&M statistics this year.

The tracksters have two more meets in Texas this season.

The five records set by the varsity squad include:

880-yard run: 1:51.4 by Thad Crooks at the Dallas Invitational. The old record was 1:52.8 by Crooks at Austin in 1961.

Shot put: 57-1 1/2 by Danny Roberts in the A&M-Rice-Texas meet on Kyle Field. Old record, 57-1 and three eighths by Darrow Hooper in the 1952 Olympic Trials.

No existing records are listed for the sprint medley relay and the 3000 meter steeplechase, but Thomas said he is positive that this year's times are the best in Aggie history. Jerry Anderson, Ed

Williams, George Tedford and Thad Crooks have covered the 220-220-440-880-sprint medley relay in 3:21.4. E. L. Ener toured the steeplechase route at the Texas Relays in 9:14.2.

Two-mile run: Ener also topped the A&M record in this event, covering the distance in 9:17.9 at last weekend's Drake Relays. The old record was held by J. D. Hampton (9:22.0 at the 1949 NCAA Meet.)

The freshman records set this season include:

100-yard dash: 9.4 by Ted Nelson at Odessa. The old record was 9.5, set by Webb Joy in Houston in 1947. In setting the new mark, Nelson took second behind former Texas great Ralph Alspaugh in a special West Texas Relays race.

440-yard dash: Nelson also turned in the record-breaking time in

this event. He covered the distance in 46.8 on Kyle Field in the A&M-Rice Texas Invitational. The old record was 47.3 set by Ray Holbrook in the 1949 SWC Meet.

Pole vault: 14-0 1/4 by Lewis Poland at the Texas Relays. The old record was held by Jack Simpson, 1951 at Beaumont, and Malcolm Marks, 1953 at Austin.

Times which are not A&M record-breakers but the best so far this season are:

440-yard relay: 42.0 (Gene Dornak, Merritt, Tedford and Richard Hall), A&M-Rice-Texas; and (Curtis Roberts, Ed Williams, Dornak and Anderson), A&M Quadrangular.

100-yard dash: 9.8, Roberts, A&M Quadrangular.
120-yard high hurdles: 14.7, Thomas Burns, Border Olympics and Dallas Invitational.
220-yard dash: 21.3, Tedford,

A&M Quadrangular.
220-yard low hurdles: Burns, Dallas Invitational.
One-mile relay: 3:13.8, Ford, James King, Crooks anderson), Texas Relays.
Pole vault: 12-6, Hubert, A&M-Rice-Texas.
High jump: 6-4, Dun, A&M-Rice-Texas, Dallas Invitational and A&M Quadrangular.
Javelin: 209-7 1/2, John, Dallas Invitational.
Discus: 168-11, Roberts, Invitational.
Broad Jump: 22-10 1/2, A&M Quadrangular.

Ag favorites for the Texas Rice triangular Thursday SWC meet, will include team Roberts, Crooks and Top freshman in the Austin will probably include sprinter Nelson, weightman David and hurdler John Collins.

Sophs Dominate Statistics Pitchers, Hitters Standout;

The two victories over the Rice Owls in last weeks' double header brought about several changes in the latest Texas Aggies' baseball statistics released by the A&M Sports Publicity Office.

Bill Hancock, sophomore third-sacker, is currently leading the Aggies at the plate in SWC play with a strong .387 average. Following close on Hancock's heels is Bob McAdams, sophomore right fielder, hitting a nifty .385. Frank Stark, first baseman, and Dave Johnson, shortstop, are well above the .300 mark with Stark hitting .357 and Johnson a fine .343. Both Stark and Johnson are sophomores.

McAdams is pacing the team in home runs with three and in total bases with 27. Johnson and Hancock have the most doubles (3) while Hancock, McAdams, and Bill Crockett, sophomore second-sacker, are tied in triples with one apiece.

In the season statistics, Frank Stark took the lead from Dave

Johnson with his fine 5-for-8 performance against Rice. Stark is hitting .344 and Johnson .338.

A glance at the pitching stars reveals where the credit lies for a great deal of the Aggies' success this year. The combined Aggie pitching staff has an exceptional earned run average of 2.11 in season and 2.36 in conference play.

The slingers are paced by Ed Singley, right-handed junior, who has racked up wins without a defeat. In conference play Sing-

ley has three wins and no losses. He is closely followed by Johnny Crain, fireballing sophomore, who has gained credit for two wins without a defeat.

Chuck McGuire with a 4-1 season record and 3-1 conference record leads the club in complete games with two and in earned run average with a sparkling 1.05 in SWC play. Crain has the top ERA in season play with a 1.43 followed closely by McGuire with a 1.79.

Seniors Top Profs In Softball, Golf

Electrical engineering seniors handed their department's faculty an unprecedented 17-6 defeat at softball Saturday during the annual departmental picnic at Hensel Park.

Earlier in the day, the students defeated the faculty by six strokes in a golf battle fought according to PGA (Professors' Golf Academy) rules.

In the softball contest, the faculty played without their star pitcher, Professor Norman F. "Lightning" Rod, who had pitched the faculty to 21 consecutive victories over the past years. The winning pitcher, Dave "Spikes" Collins, allowed 12 hits in holding the professors to six runs.

Some yeoman infield service by Dick Selby, John T. Sullivan, Ed Huling and Ed Thrush was a factor in the upset victory. Dr. John H. German, in his first start for the faculty, was the losing. A fifth inning homer by Ed Pitrucha highlighted the day's slugging.

A WHISTLE—A WINK—AND

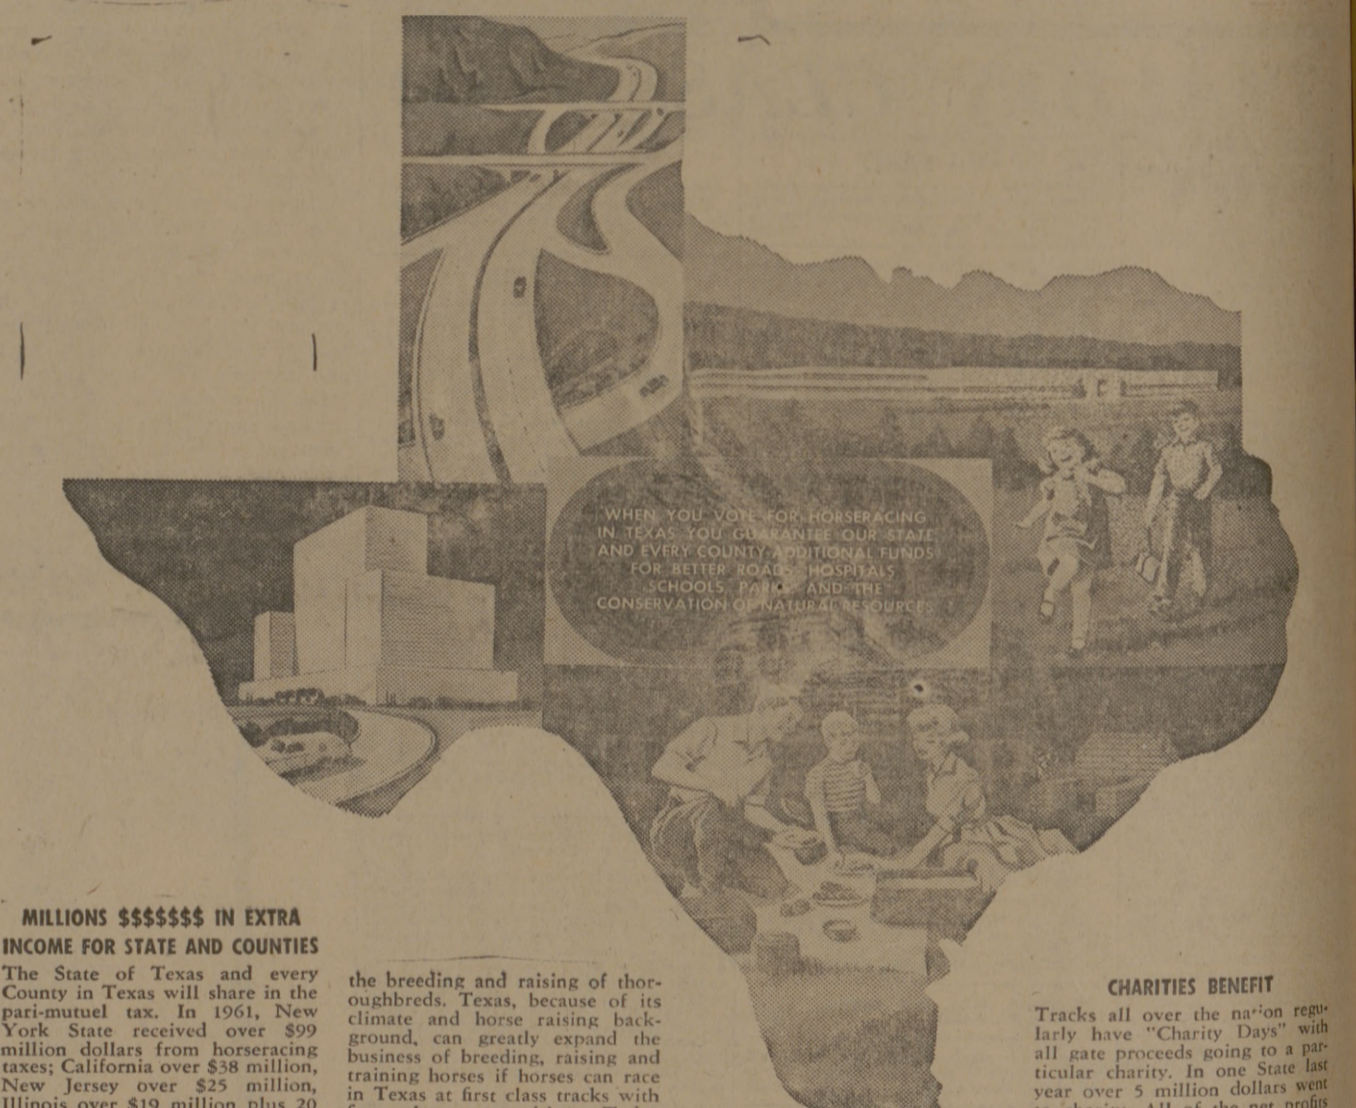

WILDROOT... IT GETS HER EVERY TIME!

New!
TUBE-FORMULA

NEW quick-dissolving tube formula works faster and cleaner than ever.
NEW non-greasy tube formula actually disappears in your hair, leaves no formula residue on your comb.
NEW long-lasting tube formula keeps your hair in place. Maybe your girl will muss up your hair, but not much else will. Give new tube-formula Wildroot a try. You'll like it!

WHAT HORSERACING WILL DO FOR TEXAS

MILLIONS \$\$\$\$\$\$ IN EXTRA INCOME FOR STATE AND COUNTIES

The State of Texas and every County in Texas will share in the pari-mutuel tax. In 1961, New York State received over \$99 million dollars from horseracing taxes; California over \$38 million, New Jersey over \$25 million, Illinois over \$19 million plus 20 other States for a total in excess of one quarter billion dollars. This money is needed in Texas for better roads, hospitals, schools, parks, conservation of natural resources, old age pensions, teachers salaries, etc. This income to the State and to every County in the State will help prevent increased taxes.

TOURIST ATTRACTIONS DESPERATELY NEEDED

Texas' sagging tourist industry dropped from 10.3 million visitors spending \$531 million in 1957 to 8.6 million visitors spending \$457 million in 1960, according to the State Highway Department. The tourist trend in Texas is down while the tourist industry in the U.S. is booming at a \$20 billion a year rate. Based on population Texas' tourist income should be over a billion dollars. Horseracing offers Texas an opportunity to reverse this trend and bring back the thousands of tourists who have found visits elsewhere more alluring.

FARMERS AND RANCHERS TO BENEFIT

Texas leads the nation in quarter horse registration and is 6th in

the breeding and raising of thoroughbreds. Texas, because of its climate and horse raising background, can greatly expand the business of breeding, raising and training horses if horses can race in Texas at first class tracks with first class competition. Today race horses from Texas must be shipped to other States which entails great expense. With tracks in Texas, every farmer and rancher will have the opportunity and the economic incentive to supply the necessary horses. A great new industry will boom.

HORSERACING OUTDRAWS FOOTBALL-BASEBALL COMBINED

In 1961, horseracing retained its position as the nation's number one spectator sport with a new record total of over 59 million in attendance, almost 5 million more than the total baseball and football attendance combined. The pleasure of being outdoors, the love of horses combined with the thrill of an exciting race have earned for horseracing the role of "America's Favorite Sport".

HORSERACING BOON TO BUSINESS

A survey made by Chambers of Commerce in cities enjoying horseracing, resulted in a 100% agreement that business increased because of horseracing.

NEW ORLEANS — "... it is my considered opinion that the economic impact is beneficial. Retail credit is unaffected."

OMAHA — "... motels and restaurants at capacity, downtown business increased."

ARLINGTON HEIGHTS, ILLINOIS — "the businessmen welcome the horsemens."

PHOENIX — "... a mighty good adjunct to the tourist business, about \$150,000,000 annually."

EL PASO — "... (track just across border) Credit managers not reporting any rise in delinquent accounts. Business feeling the effect of "extra" business from race track patrons. Definite asset."

EL PASO — "... (track just across border) Credit managers not reporting any rise in delinquent accounts. Business feeling the effect of "extra" business from race track patrons. Definite asset."

LABOR AND MATERIAL FOR A FIRST CLASS TRACK WILL BE IN EXCESS OF 12 MILLION DOLLARS. EMPLOYMENT AT THE TRACK WILL PROVIDE ANOTHER MAJOR PAYROLL FOR TEXAS.

TEXANS FLOCK TO RACES IN OTHER STATES

By car, by plane and even by special trains, thousands and thousands of Texans go to Hot Springs, New Orleans, Kentucky, New York, California, New Mexico, etc. Let's keep these \$\$\$\$\$\$ in Texas.

CHARITIES BENEFIT

Tracks all over the nation regularly have "Charity Days" with all gate proceeds going to a particular charity. In one State last year over 5 million dollars went to charity. All of the net profits of Del Mar track in California can provide millions for charity work in Texas.

HORSERACING, BEST SUPERVISED OF ALL SPORTS

Federal, State, County and City supervision plus the industry's own Bureau have virtually eliminated all scandals and corruption from what today no less a performer than J. Edgar Hoover has called a "well supervised and clean sport, a wholesome diversion." The completely electronic Totalisator board guarantees an exact and accurate count of all monies bet as a protection to the State and the public.

LEADING TEXANS BACK HORSERACING

The Citizens Committee, composed of bankers, industrialists, retailers, farmers, ranchers and other prominent civic leaders, is for horseracing because of its economic benefits to Texas. The Committee wants to see proper legislation setting up strong administrative safeguards to insure a well-regulated horseracing program for Texas. The Committee wants first class racing for a first class State.

VOTE "FOR"

... in the Democratic and Republican primaries on Saturday, May 5. Your vote and contribution in support of horse racing in Texas will help insure its success. Send your contribution to committee headquarters.

PROPOSITION	FOR	AGAINST
1 FOR the legislature to submit a Constitutional amendment to legalize pari-mutuel wagering on horse races.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
2 FOR the legislature to enact a law legalizing pari-mutuel wagering on horse races with the state and the track sharing 14% of the pari-mutuel pool, the home county receiving 2% of the total pool, and all other counties receiving 1/5 of the net state share on the basis of population. NO RACING ON SUNDAY.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
