## Firemen's Curriculum Gets Change

A new course offered to firemen attending the Texas Firemen's Training School this week at A&M is one dealing with peacetime radiation hazards.

Atomic Energy Commission representative George S. Miles teaches the course, which covers such problems as locating nuclear energy hazards and basic principles of atomic structures and radiation, principles of radiation measurement and fission process and reactor principles.

This is in addition to the usual curriculum, which itself offers 13 varied courses. Basic and advanced firefighting techniques are taught, as well as firemen instructor training, pump maintenance, industrial fire protection, armed services fire protection, and various fire marshal courses.

The 'labs' in these courses are ones which would probably make many an Aggie be happy about his own. After the firemen are lectured on 'how to do it,' they are taken out and asked to perform the various functions of firemen, as is shown here.

Many good things can be said for the course, but it is certainly realistic.

INSTRUCTOR RECEIVES INSTRUCTIONS ... two-way radio links headquarters, training

## Local 'Reducers Anonymous' Sets Organization Meeting

A former pastor of the A&M Methodist Church here is organizing a group in this area known as "Reducers Anonymous." The purpose of the non-profit organization

is to get members together to discuss their weight problems ways to solve them.

Rev. R. L. Jackson, pastor in the local church from 1932 to 1936, said yesterday that the first meeting of the organization will be held in the Lone Star Company's Blue Flame Five at Bryan tonight at 7:30 p.m.

He said people in the local area, college faculty and students, and other interested persons were invited to attend this first meeting.

A follow-up meeting will be held Sunday afternoon at 3 p.m. in the room of the Memorial Building. Rev. Jackson said the organization, when organized, will be accompanied by a physician to give professional advice could be of value to those interested.

Speaker for the Sunday afternoon meeting will be Mrs. E. B. Driest, herself a doctor.

Rev. Jackson said he hopes a would be a pilot group of 1,000 like it all over the nation. He plans to travel to Arkansas, Louisiana to speak to other about setting up a plan of their own.

## THE OLD ADAGE

An old adage, indeed, that "all work and no play makes Jack a dull boy."  
The "kids" on the farm are models of youthful efficiency. But they go a-fishin' whenever they can.  
The business men, the housewives, the schoolchildren — they need their fishin' too!  
But there is another way in which the old adage is true: ALL WORKING and no PRAYING leaves man a dull soul!  
The God who created us never intended us to be able to get along without Him.  
Our hands may sow seed, but they can't make it grow. Our minds may work out problems, but they can't solve the world's chaos. All of our efficiency hasn't brought us lasting happiness or firm hope.  
But when we turn to our Christian faith, and seek its power through regular worship in our Churches — then we find the things we need and want most!

### THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday I Corinthians 10:23-33	Monday Jeremiah 18:1-12	Tuesday Psalms 23:1-22	Wednesday John 16:20-34
Thursday Psalms 46:1-11	Friday I Corinthians 10:11-13	Saturday Genesis 1:20-31
