

Bryan, Hearne Teams Host SW 'Connie Mack' Champs

A 4 day, double elimination, champion baseball series is now under way, sponsored by the Brazos Valley Youth Association.

Eight teams, representing four states, are participating in the 5th annual Southwest Regional Connie Mack Baseball Tournament. The champion teams are from New Mexico (Farmington), Arkansas (Pine Bluff), Louisiana (Pollock of Grants Parish), Missouri (Potlach Forests of Sikeston), North Texas (Fort Worth) and South Texas (San Antonio).

In addition, the B.V.Y.A. league will have two host teams to fill the eight team brackets. The Hearne Rebels won the league, followed by Bryan's Rotary Rebels, and these teams play hosts. The State Tournaments were completed last weekend.

The local tournament is one of seven across the United States, with each region sending their best team of 16, 17, and 18 year olds to Springfield, Illinois, site of the National World Series, Aug. 24-28.

Connie Mack baseball, named for the late Philadelphia Athletic manager, is a part of the American Amateur Baseball Congress for high school and college amateur athletes under 19 years of age.

The Quaker Oats Company sponsors the Connie Mack playoffs, providing financial assistance and trophies.

The games are slated for both day and night. Admission is \$1 for adults, and 50¢ for children. Games will be played on both of Bryan's professional diamonds — Travis Park and Legion Field.

'Hello, There!'

Bobby Carroll, of the Bryan Wheels, saunters safely up to third base while the Arkansas third baseman watches his teammates attempt to make the play at first base. They didn't make it, but the next Bryan batter removed the threat to Arkansas by flying out, retiring the side. The Arkansas team won the game, 1 to 4. (Photo by John Moser)

Texas Football Schedules Heavier Than Ever In '62

By HAROLD V. RATLIFF
Associated Press Sports Writer

Texas will have the most football in its history this year. There will be 966 organized teams playing for three and one-half months.

Only two teams that took the field last year have been lost but nine grew in their places. There will be 33 senior colleges, nine junior colleges, three professional teams and 921 high schools.

The senior college field lost one — Texas College of Tyler, which has abandoned football.

Last year there were 10 junior colleges but Paris has pulled out, leaving only nine. The high schools, however, are up by nine. In fact, Texas will have its all-

time record in schoolboy football.

Texas has seven members of the Southwest Conference. All eight members of the Lone Star Conference are Texas schools. North Texas State is in the Missouri Valley Conference. There are 12 independents—enough to make up a good conference if they ever could get together.

Here is the year's lineup:
Southwest Conference — Baylor, Texas A&M, Texas, Texas Christian, Texas Tech, Southern Methodist, Rice.

Lone Star Conference — Texas A&I, Sam Houston State, Southwest Texas State, East Texas State, Howard Payne, Sul Ross, Stephen F. Austin, Lamar Tech.

Missouri Valley Conference

North Texas State, Independents—West Texas Hardin-Simmons, Texas Corpus Christi, Texas Austin College, Abilene McMurry, Trinity, Hamilton State, Tarleton State, Professional football

Cowboys, Houston Oilers, Texans.

Negro Colleges — Temple, Bishop, Wiley, Jarvis Christian.

Texas Eastern Junior Conference — Texas State, Son County, Tyler, Kilgus

Texas Junior College — Wharton, Navarro, Blinn.

DUBEAU

(Continued from Page 1)

sources such as lumber, cattle, oil and transportation.

He graduated from A&M in 1929 and became editor of the Odessa News-Times the same year. After a long newspaper career, he joined A&M's staff in 1945 as executive director of the Development Fund and became director of information and publications for the A&M System in 1948.

Harrington cited Shuffler's outstanding services at A&M:

"Among the permanent marks of his efforts are the Opportunity Awards program, which he designed and established; the A&M Press, which he developed into one of the outstanding collegiate presses of the Southwest, and the Texas Petroleum Research Committee, in the establishment of which he played an important role."

Foreign Student Enrollment Up

Foreign student enrollment at A&M is slightly higher during the second term of the summer session than for the first term.

A report issued by Robert L. Melcher, foreign student advisor, showed a total of 139 students from 33 nations. During the first six weeks a total of 124 students from 33 nations registered.

By way of comparison, there were 252 students from 41 nations registered during the fall term of 1961.

Melcher's report shows a total of 76 graduate students, 52 undergraduates and 11 special students currently enrolled from the various nations. Pakistan is represented by the most students, 31. Mexico is represented by 19 students and India by 11. The other nations are represented by fewer than 10 students each.

Visitors On Campus

A total of 7,682 visitors were on the campus during June and July, P. L. Downs Jr., official greeter of the College, announced.

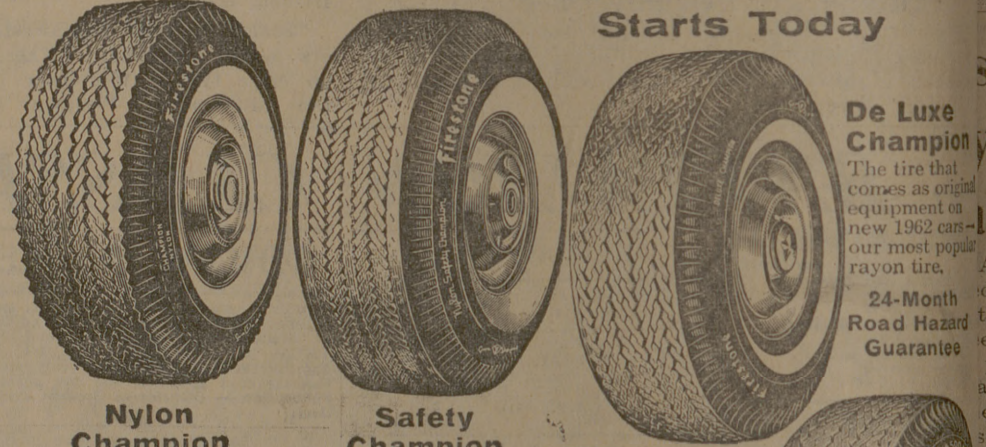

The visitors were attending short courses, conferences and class reunions. From June 1, 1949 to Aug. 1, 1962, a total of 786,651 persons attended meetings and other activities.

The 786,651 visitors over the 13-year period spent an estimated \$16,519,671 in Bryan-College Station community, Downs said.
