Navy Will Search Or Sink Cuba - Bound Red Ships

Russian Rockets Trained On U. S.

WASHINGTON (AP)—The United States is ready to sink every Communist bloc ship headed for Cuba which refused to stop and be searched under the blockade, a defense spokesman said.

He said this country's blockade fleet, now being deployed, will order any ship of any nation obviously bound for Cuba ports to stop and undergo search by a boarding party if necessary.

A spokesman, under a barrage of questions, made it clear that force would be used if necessary in any case.

IN DISCUSSING the big force of blockade ships now steaming toward intercept position, the spokesman outlined the procedure this way:

Smorgasbord Opens 1962 Campus Chest

The 1962 Campus Chest Drive will get underway with the second annual Kick-Off Smorgasbord at 6:30 p.m. Thursday in the Ballroom of the Memorial Student Center.

"A dollar from an Aggie for an Aggie" is the theme of the drive, which will be conducted the week of Oct. 29-Nov. 2. A goal of \$8,000 has been set for this year's chest, according to Ken Stanton, chairman of the student welfare committee of the Student Senate, which is in charge of the drive.

men, women and children — came down with propeller trouble at 3:58 p.m. EST off the entrance to Sitka Sound.

The ditching was so adroit that the plane stayed afloat 22 minutes, while those aboard calmly got into five 25-man life rafts.

TEXAS NEWS

LONGVIEW, Tex. — The Gregg County Grand Jury returned 71 indictments against 17 persons Monday in connection with the slant drilling of oil wells in the East Texas Field.

In a special report the grand jury also made sweeping recommendations to the legislature for laws designed to strengthen the enforcement and supervision of the oil and gas industry.

One of the recommendations was to establish an Oil and Gas Control Commission which would take over many of the duties now performed by the Texas Railroad Commission.

Marine Corps Will Give Officer Tests

A U.S. Marine Corps officer selection team from Houston will be at the Memorial Student Center Tuesday through Friday seeking applicants for USMC officer training programs.

Reserve Officer Candidate Selection Tests and Aviation Qualification Tests will be given to students from 8 a.m.-4 p.m. in the MSC.

The Marine Corps has four programs in its ground and aviation branches open to freshmen through graduate students.

Today's Thought

In taking revenge a man is but equal to his enemy, but in passing it over he is his superior.

Planning To Graduate In January? Better File That Degree Application

Students hoping to graduate in January will not be listed as degree candidates unless they file an application for a degree by Oct. 31.

"It is absolutely necessary that formal application be made prior to the deadlines," Luther A. Harrison, assistant registrar said. Undergraduates should apply with the registrar's office, and graduate students should apply with that office and also with the dean of graduate studies.

The list of degree candidates is compiled from the completed applications, Harrison explained.

Sweetheart Study Opened By Senate

Two different aspects of the selection of the Aggie Sweetheart are now being studied, Student Body President Sheldon Best reported Monday.

The study, by the student life committee of the Student Senate, comes as the result of a meeting Saturday between A&M and Texas Woman's University representatives.

The student life committee, chaired by Jerry Vion, is probing a criteria to be used at TWU to select semifinalists and the formation of a selection team of A&M students to select finalists.

Another selection team of Aggies selects the sweetheart from around 13 finalists.

Saturday's meeting followed student polls at both schools that revealed general dissatisfaction with the present selection method.

TWU students select their own semifinalists, but have never had an established criteria from A&M to use in the selection. For the past two years a group of Memorial Student Center staff members has named the finalists. Before that finalists were chosen from pictures of the semifinalists.

U. N. Hears Stevenson On Red China

UNITED NATIONS, N. Y. (AP)—U. S. Ambassador Adlai E. Stevenson Monday accused Communist China of premeditated naked military aggression against India in open scorn of United Nations principles.

Stevenson cited the India-China border warfare in replying to a Soviet demand in the 109-nation General Assembly that Nationalist China be ousted from the United Nations and all its U.N. representation turned over to the Chinese Communists.

The demand came from Soviet Deputy Foreign Minister Valerian A. Zorin in a speech that opened debate on the China representation issue. The United States is confident the assembly will reject the Soviet demand by even a greater margin that it did last year.

Zorin made no reference to the India-China border warfare, but Stevenson departed from his prepared text to quote Indian Prime Minister Nehru as saying in New Delhi that his country is being subjected to aggression by a powerful and unscrupulous foe.

Expedition's Films, Talk Begin 'Adventure' Series

Owen Lee, master diver with a couteau underwater expedition, will be on campus Tuesday for the first of the Great Issues' "International Adventure" Series.

Lee will present prize-winning photography entitled "Exploring Inner Space," official color films from Capt. Jacques Cousteau's Calypso's Oceanographic expeditions.

The program, open to the public, will be held at 8 p.m. Tuesday in Guion Hall. Admission is free with student activity cards.

Lee, the only American member of the expedition, will show movies

taken from depths of 1,000 feet.

He has spent thousands of hours diving and is considered an expert with underwater cameras.

A native of Florida, Lee grew up on the Mississippi River, working on river scows. Before his college days were over, he had been a salmon fisherman in Alaska, a life-guard, ditch-digger, lumber hand and sailor.

For three and a half years, he was a member of the Vigo Bay expedition hunting for hidden treasures in Spanish waters and shooting a documentary film of the expedition. His diving exploits were

featured in a book, "Treasure Divers of Vigo Bay."

Lee himself has written adventure articles for True and Cavalier magazines. He studied journalism at the University of Missouri.

Prior to joining the Cousteau expedition he sailed the Atlantic Ocean on a three-master schooner, taking time out to do free diving around the many islands of the Caribbean.

Great Issues Committee chairman Bob Wimbish said the "International Adventure" Series would present several other programs later in the year.

Wire Review

By The Associated Press

WORLD NEWS

TOKYO — Red China declared Tuesday it is still ready to resume negotiations with India for peaceful settlement of the Chinese-Indian border conflict.

Red China couched its avowed willingness to negotiate with a demand for Indian troops to get out of what it called Chinese territory. It also reaffirmed its refusal to recognize the McMahon Line, which India considers its northern border with Communist-occupied Tibet.

Peiping radio in a broadcast monitored here attributed the Chinese position to a spokesman of Peiping's Ministry of National Defense.

U. S. NEWS

OXFORD, Miss.—Former Maj. Gen. Edwin A. Walker filed a libel suit against the Associated Press Monday for \$2 million, claiming he was damaged in stories about rioting at the University of Mississippi.

Walker in the suit filed in Lafayette County Circuit Court here, asked \$1 million actual and \$1 million punitive damages.

The stories dealt with Walker's role in the night of rioting that followed the arrival of James H. Meredith, a Negro, on the "Ole Miss" campus, Sept. 30.

SITKA, Alaska — A swift skillful rescue at sea saved 102 persons aboard a military-chartered passenger airliner that ditched Monday in the ocean off this southern Alaska city.

The Northwest Airlines DC7C with 95 passengers — including
