Fish QB Hits 20 Of 24 In Losing Cause

Fish Charles LaGrange put on a one-man show Wednesday, hitting on 20 of 24 tosses, but to no avail as the Texas Shorthorns ran a 22-8 victory in Kyle Field.

The 185-pound quarterback from Rio Grande City might possibly be the answer to the Aggie plea for a passer as he threw 33 times during the season and connected on 25 for 223 yards.

Against the Shorthorns, the Fish threw 36 passes as compared to 33 rushing plays. And not one A&M toss was intercepted.

Of the 100 passes thrown by Fish quarterbacks in five games, only four fell into the hands of enemy receivers. Their 46 completions were good for 526 yards, 89 less than the varsity gained through the air in 10 games.

Add the efforts of end Harold Fletcher, who caught nine passes for 152 yards, and the future looks bright.

The loss to the Shorthorns gave the Fish a season record of one win, three losses and a tie. The victory came over the Rice Owlets, the tie with the University of Houston Kittens and the losses to TCU, Baylor and Texas.

SPORTS SECTION

Ags Almost Stop Bowl Bid

By JIM BUTLER
Battalion Ass't Sports Editor
For 45 minutes, the Longhorns played straight-man to an Aggie team that pulled footballs out of the air in a near-perfect execution of an old Houdini masterpiece—making a fish bowl disappear.

But in this case it was the Cotton Bowl that was fast disappearing before the Steers' bewildered eyes. Unfortunately it was a 60-minute show and the bowl was still there along with a 13-3 Texas

win when the final gun sounded. It would have taken more than a Houdini to find anything that could be called offense in the Cadets' play. A&M got the ball in Texas' territory four times in the first half on the 49, 17, 39 and 43. But only Mike Clark's 10-yard three-pointer marred the twin zeroes on the scoreboard.

Only the Cadets' tremendous effort on defense made a ball game

of it. It's a certainty that Longhorns will not be looking forward to Coach Hank Foldberg's return to Memorial Stadium.

CORRECTED SCHEDULE

Outfit picture for the Aggies will be made according to the schedule below. Uniform will be class A winter. Outfit C. O.s will wear saler jackets may be worn if all seniors in the outfit can obtain them. Guidons and Award flags will be carried. All personnel in the outfit will wear the blue service cap issued by the college. The type of cap worn by underclassmen to and from the picture taking area is left to the discretion of the outfit C. O. Outfits should be in front of the Administration Building by 12:00 hrs. on the appointed day. Arrangements should be made by the first sergeant with mess hall supervisors to allow the outfit to be admitted to the mess hall early.

FROM THE Sidelines

By Van Conner

This year's football season is over for A&M, and it's over for the Southwest Conference as far as the first, second, third and last places are concerned. Respectively, these rankings are occupied by Texas, Arkansas, TCU and Texas Tech. The remaining four teams, Aggies included, will have to wait until the smoke of next weekend's SWC battles clears to see where they'll stand on the list.

The Ags will end up in either a tie for fourth and fifth or a tie for fifth and sixth in the standings.

Sparked By Mike Clark

Wherever they end up, the '62 Cadets will have little to feel sorry about as far as their efforts are concerned. Sparked by "The Toe," they showed the fans two fourth quarter wins against Baylor and SMU. They turned in praise-winning performances against nationally-ranked Arkansas and Texas.

Offensive misfires and bad breaks were about the only things that robbed Hank Foldberg's game crew of a higher rung on the SWC ladder. The Ags stayed among the top four defensive teams in the tough league and, even though they don't play Saturday, should finish there.

'Wait'll Next Year'

The old standby, "wait'll next year," may this year be more appropriate than it has for a long time. Despite the loss of 15 seniors, all of whom were key figures in this and other years' Aggie football, a quick look at the roster reveals a host of names to be optimistic about.

As of right now, there are 27 sophs and juniors from the varsity crew that have played a lot of minutes this season—many of them turning in standout performances. And, there are some first-class Fish to take their places.

**Assignment: make our cars
more rust-resistant**

**Result: '63 Ford-built cars are
better protected against rust
than ever before**

To tackle this assignment, Ford Motor Company engineers turned to zinc. Galvanized, or zinc-clad, steel has long been noted for its resistance to corrosion. It presented special problems which had limited its use in automotive applications, however. It was hard to weld, difficult to paint.

Our engineers developed special techniques to solve the welding problem. They found a process which eliminates the crystalline pattern on galvanized steel and produces a surface that will accept a high-quality paint job.

Now zinc can be married to steel and used for vital underbody parts and rocker panels of Ford-built cars. The zinc coating forms a tough barrier to corrosive moisture—and if corrosion attacks, the zinc sacrifices itself through galvanic action, saving the steel.

Other avenues explored in the fight against rust also brought results: special zinc-rich primers to protect key body areas, aluminized and stainless steels to extend muffler life, quality baked-enamel finishes that are more durable (and look better).

Another step forward in total quality—and another example of how Ford Motor Company provides engineering leadership for the American Road.

Salt-water bath is one of tests used to check rust protection built into Ford-built cars.
