

Eta Kappa Nu Initiates 19

James W. Martin of the Texas Research and Electronics Co. of Dallas was the guest speaker for the Eta Kappa Nu Society's fall initiation and banquet Thursday.

Eta Kappa Nu is an honor society for electrical engineering majors. Membership is based on grade point ratio and individual integrity. The group does service work for the Department of Electrical Engineering.

Martin, Class of '58, spoke on the five different areas in which engineers normally become involved after graduation.

The five areas, according to Martin, are basic research, research and development, component system and device development, sales and education or teaching.

The society held its initiation in the Electrical Engineering Building at 5 p.m., followed by a banquet at Clayton's Restaurant.

Seniors initiated into the organization were Jimmie O. Guy, Max Marable, Richard J. Matthews, Jack Oliphant, Donald J. Redwine and Donald R. Smith.

Juniors entering were Ilhan Bil-

gutay, John M. Titts, Gilbert H. Forehand, Jeffrey C. Harp, Robert Hood, Allen E. Kemp, Cyrus J. Newman, Tommie H. Pearson, Luther R. Powers,

Also, Maurice L. Schiller, Gerald W. Siegelin, Manning D. Smith and Robert D. Smith III.

Mike Crawford is president of the honor group and Dr. M. G. Rekoff Jr. is sponsor.

Entrance Exam Dates Revealed

High school students planning to ask admission to A&M next September can apply now for the Jan. 12 tests by the College Entrance Examination Board. Tests also will be given March 2 and in May.

Test results are used for counseling and placement purposes.

Dec. 29 is the closing date to apply for the College Entrance Examination Board (CEEB) tests scheduled Jan. 12. Application must be made no later than Feb. 16 for tests to be given March 2.

More than 100 locations throughout Texas have been designated by the CEEB for administering the tests.

Details concerning locations, the procedure for applying for the tests and related information may be obtained by writing to the College Entrance Examination Board, Box 592, Princeton, N. J.

Receives Borden Award

Richard Reynolds, left senior dairy manufacture major, receives a \$300 Borden Agricultural Award in recognition of his "outstanding scholarship." The presentation was made by Dr. I. W. Rupel, head of the Department of Dairy Science, during the Dairyman's Short Course last week. Reynolds' name will be placed on a plaque on display in the Dairy Science Building.

AMONG THE PROFS

Magazine Accepts Profs' Mystery

"Ellory Queen's Mystery Magazine" has accepted for publication a story written by J. Frank Peirce, professor of English.

Date of publication of the story, entitled "The Lonely Ones," has not been announced.

Peirce said that the story, which centers around a schizophrenic, was written in 1958. The story was submitted for publication that year but was returned for revision. After revising the story, Peirce resubmitted it to the magazine and it was accepted.

★ ★ ★

Dr. R. W. Barzak of the Department of English is in Princeton, N. J., this week to serve as a College Entrance Examination Board English composition inter-linear reader or grader. He left here Saturday and will return next Sunday.

This will be Barzak's second time to serve as a reader for the College Board test. In March, 1961, he was one of two Texans who served as readers.

★ ★ ★

Dr. Sherman K. Fitzgerald, formerly of Arizona State University, has joined the Department of Agricultural Economics and Sociology as an associate professor.

The new faculty member will teach sociology and conduct research in this field.

Fitzgerald received his BS degree in sociology in 1948 and his MS degree in 1949 at Brigham Young University in Utah. His doctorate came in 1952 at Cornell

Students Study A&M Research Facilities

Seventy-five college junior and senior science students from throughout Texas attended the Collegiate Science Research Conference here.

Sponsored by the Texas Academy of Science, the conference was one of three conducted at major state colleges and universities to interest top science students in graduate work. The meeting here ended Tuesday afternoon.

The group heard lectures by A&M scientists and then visited various research facilities on campus devoted to the students' particular field of interest.

Students who attended the conference were from Arlington State College, East Texas State, Hardin-Simmons University, Howard Payne College, Incarnate Word College of San Antonio, Lamar State, Mary Hardin-Baylor College, Midwestern University and McMurry College.

Also Pan American College, St. Edwards University, St. Mary's University, Stephen F. Austin State College, Southwest Texas State College, Texas College of Tyler and Texas Lutheran College.

A&M has won 54 football season openers, lost 10 and tied three. The most one-sided opening game victory by the Farmers was over Daniel Baker, 110-0, in 1920.

Huss Will Direct Range Conference

Dr. Donald L. Huss, assistant professor in the Department of Range and Forestry, will exercise his duties as president of the Texas Section of the American Society of Range Management at the group's annual meeting at the Townhouse Hotel in San Angelo Friday and Saturday.

Huss reports that a program has been planned which should be of great interest to Texas ranch operators and he extends to them a special invitation to attend the meeting. He added that delegates representing the cattle unions of Mexico are also planning to send representatives to participate in the meeting.

The first session is scheduled for 1:30 p.m. Friday, with Dr. V. M. Harris, director of research for the Perry Foundation in Robstown, presiding.

Miss Hohair of Texas, Miss Nancy Friend, Ozona, will be honored guest at a Friday evening banquet which will have W. J. Waldrip of the Texas Agricultural Experiment Station serving as master of ceremonies.

Dr. Leo Merrill of the Texas Agricultural Experiment Station at Sonora will preside over the Saturday morning session. A business session is scheduled at 8 a.m.,

with a screwworm program slated for 9:15.

A style show and coffee has been planned for the ladies at 10 a.m. and will feature Miss Mohair of Texas and her wardrobe.

W. H. Owen of Treanor Equipment Company in Abilene will preside over the final afternoon session.

Many Colored Hydrants Aid Firefighters

The campus will soon have two-toned fire hydrants in the interest of better fire protection, not artistic effect.

The colors actually form a code combination. A College Station Volunteer Fire Department member will know immediately how much water flows from a fire hydrant.

"The code to be used in painting the hydrants is that suggested by the American Water Works Association and the National Fire Protection Association," Walter H. Parsons Jr., superintendent of Buildings and Utilities, said.

Cars Nonessentials

BAGHDAD, Iraq (AP) — Premier Abdul Karim Kassem has ordered car dealers to cut imports. Iraq's wealth, he said, is not to be squandered on nonessentials.
