YMCA Party For Foreign Group Slated

Christmas festivities for Bryan College Station's international students will begin Thursday night with a party at the YMCA Building.

Invitations have been mailed to all international students and their wives for the 7:30-10:30 p.m. event. Faculty members from abroad have also been invited.

Entertainment will include a performance by Bryan's First Methodist Church Bell Choir. Two students from A&M Consolidated Elementary School will read poetry selections.

A Christmas tree and decorations will highlight the annual party and refreshments will be served.

All-Faiths Chapel Services Planned

Noonday chapel services will be held at the All-Faiths Chapel Monday and Tuesday from 12:30-12:45 p.m., A. M. Smith, associate director of the Baptist Student Center, announced Wednesday.

The services will feature the Rev. C. B. Hogue, pastor of the First Baptist Church in Post, Tex.

Horticulture Club Begins Pecan Sale

The Horticulture Club has begun its pecan sale, James DeMont, club president, has announced.

Packages of fresh, shelled pecan halves, containing 10 ounces and selling for \$1, can be purchased at the Horticulture Office on the first floor of the Agriculture Building.

Salesmen will also call on the various campus offices, DeMont said. The sale will last until Christmas.

'Pinky,' Wife Mark 46th Anniversary

Mr. and Mrs. P. L. "Pinky" Downs Jr., will observe their 46th wedding anniversary at 6 p.m. Friday at their home, 301 Dexter Street.

"We look forward to a half century of wedded life," Downs said in announcing the 46th anniversary plans.

Downs, who is a member of the Class of '06, has been connected with A&M for many years. He is a former director of the college and now serves as official greeter and assistant information repre-

Baylor Scientist To Lecture Here

A Baylor Medical College sciences instrumenter will speak here Thursday.

The public has been invited to hear Dr. Leslie A. Geddes, whose Graduate Lecture Series presentation is scheduled at 3:30 p.m.

Thursday in the Biological Sciences Lecture Room.

The presentation is co-sponsored by Sigma Xi and the Graduate School.

Geddes is biophysicist for the Department of Physiology and director of the Biophysics Laboratory of Baylor Medical College. He is the author or coauthor of numerous publications in the field of medical instrumentation.

Geddes was born in Port Gordon, Scotland, and with his family later migrated to Canada, where he received his education. He obtained bachelor and master degrees in electrical engineering from McGill University.

From 1940 to 1945 Geddes served with the Canadian Army and engaged in research and development in electromyography for the Army Medical Corps. Following his army service, he was on the staff of McGill University and was engaged in research and development of electrophysiological instrumentation.

In 1952 he joined the staff of Baylor Medical College, and in 1958 he was awarded a Ph.D. in physiology.
