

Ags Test Frogs In Ft. Worth; Fish Meet Wogs Saturday

By JIM BUTLER
Battalion Ass't Sports Editor
It has often been said that the test of a good team is how well it can bounce back. The Aggies get a chance to prove their resiliency Saturday night as they take a four game losing streak to Ft. Worth to test the TCU Horned Frogs.

The Frogs currently occupy the bottom rung in the conference with an unsullied 0-6 record. A&M is tied for third with SMU, Arkansas and Texas Tech, all with 3-3 slates.

Bob Rogers' Cadets will be seeking to break a cold spell that blew in during the second half of the A&M-SMU tilt four games ago.

The Aggies blew a 10 point half-time lead and dropped a 71-68 decision.

Since then, the Farmers have lost to Houston, Arkansas and Texas, with cold shooting drawing most of the blame.

Probable starters for the Ags will be high-scoring Bennie Lenox and either Paul Timmins or Charlie Minor at the guard slots, Jerry Windham and Gerald Woodard or Bill Robinette at forwards and Lee Walker at center.

Lenox leads the team in scoring with a 20.4 norm over season play and 18.5 against conference competition. Windham is the top rebounder with 129 in 16 games,

closely followed by Walker's 115. Preceding the Frog-Aggie game, the A&M Fish try to add to their five game winning streak with a victory over the TCU Wogs.

Starters for the Fish will be John Beasley at center, Billy Atkinson and Dick Rector at guards and Dick Stringfellow and John Reynolds at forwards.

Intramurals

The organizational meeting for the intramural managers, a voluntary group of more than 40 students to help with the intramural program, was held Thursday.

Those not present have been asked to come by the DeWare Field House and see Charles E. McCandless, intramural director, at their earliest convenience.

McCandless asked the managers for their support again this semester. He praised the managers for their work during the fall semester.

Measurements for intramural sweaters, the only compensation the managers receive outside of enjoyment in intramurals, should be in by Friday, Feb. 15.

The 41 managers and four senior managers present heard McCandless outline the coming spring program.

In summary, McCandless has scheduled wrestling to begin Feb. 18, and for handball, volleyball, tennis and rifle to start in early March.

Indonesia Barred By Olympic Board

LAUSANNE, Switzerland (AP)—Indonesia was barred from the Olympic Games Thursday for an indefinite period by the executive board of the International Olympic Committee.

The decision was announced by IOC President Avery Brundage following a seven-hour meeting here.

The suspension came after the board heard reports on last years Asian Games in Jakarta, from which athletes of Israel and Nationalist China were barred.

The decision will be rescinded if the National Olympic Committee of Indonesia gives guarantees that there will be no further political discrimination in sports.

Brundage said it was the first time that a national Olympic committee has been suspended from membership.

Bowling Tourney Scheduled For Students, Staff, Faculty

The Aggie Mid-year Bowling Classic, sponsored by the Bowling Committee of the Memorial Student Center, began Thursday on the MSC Lanes.

It is a handicap singles tournament open to students, faculty and staff. Prizes will be awarded for the first four positions.

First prize is a bowling ball, second prize is a pair of bowling shoes, third prize consists of a bowling bag and fourth prize is 15 lines of bowling on the college lanes.

The entry fee is \$2, half of which covers the bowling cost and half goes to the prize fund. Handicap will be 70 per cent of the difference between the bowler's average and 200 pins per game.

Registrations and entry fees will be accepted by bowling alley desk clerks during the morning hours and by committee members in the afternoon. There is no limit to the number of times a person may bowl in the tournament.

Further information including rules and methods of determining

an acceptable average can be secured at the desk in the bowling and games department.

Winners will be announced at 7 p.m. Feb. 25 after verification of average.

Wilkinson Stays, Can Quit Any Time

NORMAN, Okla. (AP)—Bud Wilkinson's contract as coach and athletic director was renewed "without commitment" — meaning he can quit coaching at any time—with the University of Oklahoma Thursday.

Wilkinson and university officials were quick to emphasize the arrangement does not mean Wilkinson has any plans to resign. Under the renewal, Wilkinson will continue at his same \$22,000 annual salary received at the time of the contract that expired Dec. 31.

Dr. George L. Cross, university president, said at Wilkinson's request the contract was renewed "without commitment," meaning he could quit coaching anytime he wishes and continue as athletic director.

Ag Keglers Bowl Saturday In Quest Of Fourth Title

By BOB KOROSE
The Texas Intercollegiate Bowling Conference holds its fifth meeting of the year Saturday in Austin with an exciting match guaranteed.

Three teams are tied for first place — A&M, Texas and Sam Houston State—with San Antonio College only four games out. TCU and Arlington State bring up the rear.

Bowling for the Aggies will be sophomore Ray Snow, junior Bob Korose and seniors John Tinney, Jimmie Guy and Tony Servello. The sixth man who will be used as a substitute will be senior But-ton Webb.

The team has an average of 182 per man and according to Marvin H. Butler, faculty advisor for the squad, the team will be the strongest ever fielded by the Aggies.

A&M has won the conference title every year since its inception in 1959 and is shooting for a fourth straight championship.

The action will begin at 8 a.m. Saturday on the Student Union Lanes at the University of Texas. Each team will bowl three 3-game matches against different opponents.

League lingo . . . Ray Snow led the scoring in the Aggie All-Star league Monday night with a 207-605. Bob Korose was a close second, shooting 213-604. High game was recorded by Loyd Piper with a 226. Skipper Robinson shot 215 while Tony Servello hit 212 and Zelman Joseph turned in a 206.

"What responsibilities will you start with at W. E.?"

Exciting ones. With plenty of room for your professional development. Western Electric's business depends on new ideas. And new engineers take responsible, immediate part in projects that implement the entire art of telephony — including electronic telephone offices, computer-controlled production techniques and microwave transmission. On many of these exciting advances in communications, Western's engineers work closely with engineers from our research team-mate, Bell Telephone Laboratories. For Western Electric to maintain the Bell System's ultra-high quality standards, extraordinary manufacturing, process and testing techniques are required. Opportunities for fast-moving careers exist now for electrical, mechanical and industrial engineers, and also for physical science, liberal arts and business majors.
For more detailed information, get your copy of the Western Electric career opportunities booklet from your Placement Officer. Or write College Relations Coordinator, Western Electric Company, Room 6306, 222 Broadway, New York 38, New York. And be sure to arrange for a personal interview when the Bell System recruiting team comes to visit your campus this year—or during your senior year.
