

Classes To Start For Rifle Coaches

Any person who would like to become a National Rifle Association Certified Instructor should contact Sidney L. Loveless, NRA Counselor. Loveless, trained and authorized to certify instructors for the National Rifle Association. These instructors may then conduct basic small arms training schools, serve as club leaders, and coach teams.

The next instructor school starts March 2 at Pleasant Acres, home of the Twin City Junior Rifle Club. It is located on F.M. 2513, west of Bryan and College Station. The instruction starts at 10:30 a.m.

and during inclement weather will be held at Army Reserve Training Center in Bryan.

NORWALK, Calif. (AP) — Numerically controlled machines tools operated by punched tapes are among the radical changes in the machine tool industry which has caused a "second industrial revolution," according to Paul Henry, chairman of the metals division at Cerritos College.

"Now many machine operations are programmed on a punched tape somewhat similar to a piano player roll," Henry explained. "A tape reader supplies commands to the machine."

The college is offering a course in "Fundamentals of Numerical Control."

Common Market Cited As Threat To Texas Economy

Officials attending the fifth annual County Judges' and Commissioners Conference here Tuesday heard the European Common Market described as having tremendous potential for good or bad effects upon Texas economic life.

A record of 360 persons from 101 counties registered for the sessions Monday and Tuesday.

"What we call the common market and its outcome could put us in one of the most severe depressions we've ever known, or a period of great prosperity, or a period of great war," Dr. Tyrus R. Timm, head of the Department of Agricultural Economics and Sociology, said.

Timm led an official group last summer in making a first hand study of the common market.

"THE COMMON market may be 4,000 miles from your county, but it may depress your agriculture in the next four or five years, or it may pick it up," the economist said.

Fifty per cent of all American agricultural exports paid for in dollars go to Western Europe, and it will be "a long time" before Asian, African or South American nations will have the dollars to buy commodities in this volume, Timm said.

If we're not going to live with the common market, where are we going to sell these agricultural products?" he asked, "If we can't trade and live peacefully with people so much like ourselves, who can we live with?"

TIMM SAID that although a person may disagree with President Charles de Gaulle of France or others on some matters, the United States cannot afford to ignore the common market and its tremendous potential.

The county judges and commissioners Tuesday also heard Ed Gossett of Dallas, former congressman and the general attorney for Texas of the Southwestern Bell Telephone Co.

Gossett urged the officials to express themselves on matters of general welfare in addition to county problems.

YOU ARE the VIPs' the very important persons, of the grass-

roots level and can have great influence," Gossett said.

"Counties are the most fundamental units in the whole Anglo-Saxon system of jurisprudence," Gossett said, "even older than the states."

He prescribed "intelligence, integrity and industry" to meet the challenges posed on county government by recent economic, social and political changes.

Theme Selected For Church Meet Slated For Fall

Plans for the 1963 Town and Country Church Conference are underway with the selection of a theme for the annual meeting, according to Larry Bursleson, program chairman for the event, and organization specialist for the Texas Agricultural Extension Service.

The conference, which will be held here next October, will have the theme "The Town and Country Church Meeting Human Needs." Outstanding leaders will speak on man's spiritual, mental, social, physical and material needs, according to Bursleson.

The conference, which has been serving professional and lay leaders of Texas for seventeen years, has received national recognition. It is conducted by the staff of the Department of Agricultural Economics and Sociology in cooperation with the advisory group and benevolent interests, he said.

Ancient Artifacts Shown At MSC

A unique collection of early day tools is now on display in the Memorial Student Center.

Included in the exhibit are such tools as 18th Century carpentry tools, bean baskets, blacksmith bellows, lathe and other hand-made equipment.

Dr. Leslie V. Hawkins of the Department of Industrial Education owns the artifacts.

Hungry for flavor?
Tareyton's got it!

"Tareyton's Dual Filter in duas partes divisa est!"

says Marcus (Ace) Severus, noted Roman natator. "After a plunge in the aqua, a Tareyton is the sine qua non for enjoyment," says Ace. "Here's the flavor amo-de gustibus you never thought you'd get from any filter cigarette." Keep a pack handy—tecum wherever you go.
