COLLEGE STATION, TEXAS THURSDAY, MARCH 7, 1963

Number 77

Army Reserve Chief To Be Military Guest

Combat Ball Begins Weekend Activities

By DAVID MORGAN
Battalion Staff Writer

Lt. Gen. William Henry Sterling Wright, commander of the U. S. Army's Reserve Components Office, will be on campus during Spring Military Day activities.

Gen. Wright and other guests, including Rep. Olin E. Teague of College Station, will participate in activities which begin at 9 p. m. Friday with the Combat Ball in Sbis Hall.

The group will tour the campus Saturday morning, and at noon Corps Commander Bill Nix of Canadian and his staff will honor Gen. Wright at a luncheon in the Memorial Student Center.

THE CORPS REVIEW is set for 1:30 p. m. on the main grounds, followed by an exhibition of precision marching by the Fish Drill Team.

President and Mrs. Earl Rudder will honor the guests with a reception and dinner at 2:30 in the Memorial Student Center ballroom. The final event is the Military Ball at 9 in Sbis Hall.

A 1930 West Point graduate, Gen. Wright began his career at Ft. Bliss with the Seventh Cavalry. From there he rose in service to a West Point tactical officer position to aide to Henry L. Stimson, then secretary of war.

HE HELD THIS position until 1944, when he was transferred to First Army Headquarters in Europe. He participated in the Normandy landing and northern European campaign as army provost marshal.

During the Korean conflict Gen. Wright served on the joint chiefs of staff as executive officer of the Joint Subsidiary Plans Division.

OTHER distinguished guests will be Maj. Gen. and Mrs. W. J. Sutton, assistant deputy commanding general, Reserve Forces, Continental Army Command, Ft. Munroe, Va.; Brig. Gen. and Mrs. Robert Travis, assistant division commander, 90th Infantry Division, San Antonio; and Col. William C. Lindley, commandant, Air Force ROTC, Maxwell Air Force Base, Ala.

Others include A&M Former Students Association President and Mrs. L. F. Peterson of Fort Worth; Mr. and Mrs. John H. Cuthrell of New Orleans, former students association sponsor of the Ross Volunteer trip to the Mardi Gras; and Mr. and Mrs. Dale Nix, parents of the corps commander.

Second Installment Deadline Announced

Second installment fees are payable now in the fiscal office. The deadline for payment without penalty is March 12, according to Allan M. Madeley, assistant housing manager. The fee due is \$70.55 with board and \$23.12 without board.

'UNIVERSITY' AGREED ESSENTIAL

Students Give Varied Views On Name-Change Proposal

BY KENT JOHNSTON
Battalion Staff Writer

Most Aggies interviewed this week about A&M's name change were in favor of calling the school a university.

Out of 50 students polled, 78 per cent favored adopting a name for A&M which would include the word university.

Twelve per cent opposed the name change and ten per cent were apathetic or undecided.

"Texas A&M University" was the name preferred by 58 per cent of the Aggies, and "Texas State University and the Agri-

cultural and Mechanical College" was the name wanted by 20 per cent. Twelve per cent had no preference.

Many of the students polled gave enthusiastic opinions about a question raised by Sen. W. T. Moore of Bryan, a veteran legislator and an Aggie ex who was graduated in 1940.

Moore called the proposed adoption of the name "Texas A&M University," with A&M used as initials only, "a serious mistake." He favors "Texas State University and the Agri-

LT. GEN. WRIGHT

USDA Official Plans Talks Here

Dr. Harold F. Breimeyer, assistant to the director in the U.S. Department of Agriculture's Agricultural Service in Washington, D.C., will present four marketing lectures here Monday, Tuesday and Wednesday.

The speaker's topics will deal with agricultural marketing and institutions affecting efficient marketing and distribution of goods.

ONE OF BREIMEYER'S talks will be a graduate school lecture, "The Changing Institutional Organization of Agriculture," at 8 p.m. Tuesday in Room 229 of the Chemistry Building. Questions have been invited from the audience.

His other three lectures will be afternoon seminars from 3 to 5 each of the three days in the Memorial Student Center Social Room.

Topics are: First day, "The Market -- Mysterious Sector of Economics"; second day, "Market Order and Chaos, Exploitation and Equity"; third day, "The Role of Government Services in Marketing."

BREIMEYER SERVED on the President's Council of Economic Advisors from 1959-60. His USDA service began in 1936, and he received that agency's Superior Service Award in 1954.

Two of his professional journal articles have won awards. His contributions in the "Journal of Farm Economics" are "Heterogeneity in Agriculture; Impediment to Definition of the Farm Problem," "Sources of Our Increasing Food Supply" and "The Three

Economies of Agriculture." Breimeyer is a native of Ohio. He received his BS and MS degrees from Ohio State University and the PhD degree from American University.

DR. H. F. BREIMEYER

Pentagon Changes Plans For High School ROTC

WASHINGTON (AP)—The Pentagon, in the face of buzz-saw opposition in Congress, abandoned Wednesday its plan to abolish the high school Reserve Officers Training Corps and indicated instead proposals to expand it are acceptable.

Secretary of Defense Robert S. McNamara had sought approval from Congress to end support of the program effective July 1.

An Assistant Secretary told a House subcommittee of the shift in position after a hint that a fight over junior ROTC could spell trouble for the proposed overhaul of the college ROTC.

Subcommittee Chairman F. Edward Hebert, D-La., who had opposed the cutback since it was first suggested, said it was "sudden, cynical and short-sighted." Since the program is almost 50 years old, he said, "the Army is indeed remarkably slow in becoming aware of its mistakes."

Oklahoma Folksingers

The Nomads, a trio of folksingers from Oklahoma State University, are slated to perform in Friday night's Intercollegiate Talent Show. (See related pictures show their talent at "pickin' and singing" on Page 3.)

Wire Review

By The Associated Press

WORLD NEWS

PARIS — The French government Wednesday night threatened new tough measures to end the six-day strike of 200,000 coal miners. The imposition of coal and gas rationing loomed.

The announcement came after a meeting of President Charles de Gaulle and his cabinet. It brought a reaction of bitterness from union leaders in northern France, where half the coal is mined. They said they are preparing for a long strike.

The government did not specify the action it would take. A government spokesman said the measures will coincide with a radio-television speech in two or three days by Premier Georges Pompidou. He added that if the situation worsened, De Gaulle himself may speak.

UNITED NATIONS, N. Y. — The United States has served notice that it would not accept a bill this year for more than 32.02 per cent of the total cost of the U.N. forces in the Congo and the Middle East.

U. S. Delegate Francis T. P. Plimpton stated the position Wednesday at a private meeting of a 21-nation committee that has received five proposals that would make the United States pay more than that.

That is the percentage the United States pays of the regular U. N. budget.

U. S. NEWS

WASHINGTON — President Kennedy said Wednesday he is not satisfied with the rate at which Soviet troops are leaving Cuba. At the same time, he said he has no accurate information on the real extent of the withdrawal.

That and other Cuba-related topics dominated Kennedy's morning news conference.

Kennedy said that four American fliers who died in the 1961 Bay of Pigs invasion were serving their country on a voluntary flight. He declined to go further, saying that "because of the nature of their work it has not been a matter of public record."

There has been much speculation that the four men were employed by the Central Intelligence Agency.

WASHINGTON — Dirk U. Stikker, secretary-general of the North Atlantic Treaty Organization, firmly endorsed Wednesday the Kennedy administration's proposal that NATO be provided a nuclear force.

FOR NEXT FALL

Promotions Slated For 36 On Faculty

Thirty-six faculty members will assume higher academic rank Sept. 1.

The Board of Directors has confirmed the promotions. The promotions, recommended by department heads and deans, had the approval of the Executive Committee and President Earl Rudder.

FOURTEEN FACULTY members will become full professors. They are: Isaac I. Peters, dairy science; G. M. Krise, biology; I. O. Linger, economics; Paul R. Hensarling, education and psychology; L. J. Martin and E. E. Stokes, English; E. C. Breitenkemp and J. M. Skrivaneck, modern languages;

L. S. Kornicker, oceanography and meteorology; Joe S. Ham, physics; Melvin C. Schroeder, geology; L. W. Gibbs, veterinary anatomy; and A. I. Flowers and P. F. Jungerman, veterinary microbiology.

Promoted from assistant to associate professor are nine faculty members: Kenneth R. Tiefertiller, agricultural economics and sociology; William C. Ellis, animal husbandry; Frederick A. Gardner, poultry science; R. M. Hedges, chemistry; and

DONALD G. BARKER, education and psychology; J. P. Kroitor, English; S. M. Ray, oceanography and meteorology; James H. Marsh III, architecture; and Earl Logan Jr., mechanical engineering.

Thirteen faculty members advanced to the rank of assistant professor are: Harold W. Franke,

animal husbandry; John W. Bradley, poultry science; J. P. Guinn and O. E. Schatte, English; E. R. Arango, Peter A. Ford, C. M. Hepburn and Neil R. Stout, history and government; Guy Horton, journalism; and

David G. Woodcock, architecture; Paul M. Beckham, mechanical engineering; R. G. Greeley, veterinary anatomy; and L. H. Carroll, veterinary microbiology.

Education Body Chapter Given Approval Here

Thirty local men petitioned successfully for establishment of a field chapter of Phi Delta Kappa which has been authorized to accept members in an eight-county area.

Phi Delta Kappa is the world's largest international professional fraternity for men in education. The fraternity aims at promotion and improvement of free public education through a continuing interpretation of the ideals of research, service and leadership.

"ESTABLISHMENT OF the field chapter will give us an opportunity to recognize leaders in the field of education and it should stimulate research and interest in public school education," said S. A. Kerley, president of the Brazos Valley Phi Delta Kappa Club. He heads the Counseling and Testing Center here.

The new field chapter may accept members from Brazos, Burleson, Grimes, Madison, Milam, Robertson, Walker and Washington counties. Residents of Bryan, College Station, Brenham, Navasota and Rockdale are among the charter members.

MUCH OF THE CREDIT for early encouragement and support of plans to establish a unit here has been given to Dr. Paul R. Hensarling, head of the Department of Education and Psychology.

Notice of approval of the petition to establish a field chapter in this area came from Dr. Clifford S. Blackburn of Denton, representative of the fraternity. He and Dr. Maurice F. Shadley of the professional staff of the fraternity visited here in December.

Cuban Caves Hold Weapons

WASHINGTON (AP) — The Army's top intelligence officer said Wednesday that Soviet military supplies, including ammunition, vehicles and aircraft, probably are stored in thousands of caves in Cuba, but not offensive missiles or bombers.

Maj. Gen. Alva R. Fitch also voiced doubt there are any nuclear warheads on the island.

Soviet ground force withdrawals so far appear to be limited to those associated with the intermediate- and medium-range missiles removed under U. S. pressure last October, he added.

Fitch expressed his views at a closed hearing of the Senate Armed Services preparedness subcommittee.
