

# 12 Students To Give Talks On Problems

Twelve student speakers from seven schools will present technical papers in competition at the fourth annual American Institute of Industrial Engineers Student Chapter Conference here Friday and Saturday.

John D. Vandeputte of Hyattsville, Md., an industrial engineering student and conference committee chairman, said the first place paper will be presented by its author in a national contest conducted by the A.I.E.E.

In addition to A&M, the competitors represent Texas Technological College, University of Houston, Oklahoma State University, University of Arkansas, Lamar State College of Technology and Southern Methodist University.

## TMA Cadets To Participate In Navy Show

The 21 men of the Texas Maritime Academy along with Capt. Bennett M. Dodson will participate in the Fifth Annual Review of the Texas Navy April 20 in Houston.

The cadets were invited by Joseph B. Huthison, executive officer of the Texas Navy, who is serving as co-ordinator of the General Arrangements Committee for the review.

The review will be held in the Battleship Texas area of the San Jacinto Battlegrounds.

Either a two- or three-masted schooner will be used in the waterborne review to carry members of the academy. Naval dress whites will be worn for the first time by the cadets. The uniform will bear a small emblem on the shoulder boards similar to the patch they wear now on their uniforms.

The Texas Navy was re-activated April 21, 1958, by former Governor Price Daniel who read a proclamation aboard the Battleship Texas on the 10th anniversary of the ships enshrinement at the battlegrounds.

THE REACTIVATION is part of a program to promote more interest in Texas water resources, their conservation and development; water sports; and to produce closer cooperation with the United States Navy. The Texas Navy also helps in local maritime work and aids in developing coastwise and trade.

The Navy hopes to create more interest in the sea and naval activities among young people through local maritime activities.

THE OPENING SESSION starts at 8:15 a.m. in the Memorial Student Center. Fred Benson, dean of engineering, will deliver an address of welcome.

Papers and authors for the first day are "The Human Problem in Excessive Job Specialization" by John T. Gilbert of Lamar Tech; "Patents and the Engineer," Richard Wieniec, Oklahoma State University; "Numerically Controlled Machines: An Economic View," Roy Williams, University of Houston; "Communication Theory and Statistical Quality Control," Earnest Kant, University of Arkansas; and "Effect of Static Work on Fatigue," John R. Mahone, A&M.

Others are "Multiple Regression for Work Standards Application," Vaughan Walraven, Texas Tech; "Effect of Inflation on Economic Evaluation of Alternatives," C. J. Pickering, Oklahoma State University; "A Critical Analysis of the Physical Correctness of Predetermined Times," John Endicott, University of Arkansas.

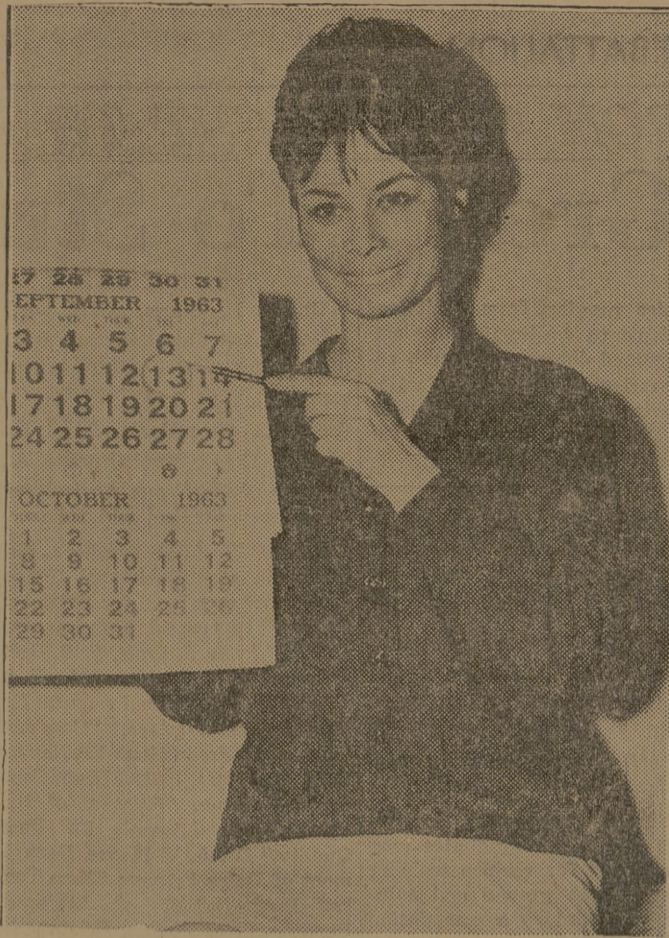

A BANQUET IS SET for 7 p.m. A. R. Burgess, head of the Department of Industrial Engineering will present the main speaker, Dr. John C. Calhoun, vice chancellor for development at A&M.

Paper presentations begin the second day at 9 a.m. They are "The Industrial Engineer and the Heavy Construction Industry," Elmer T. Davis, A&M; "Meaning and Objectives of Human Engineering," Clifton L. Mefford, Lamar Tech; "Brightness and Contrast Measurement," Loren Morrison, Southern Methodist; "Instrumentation for Metal Cutting Research," Albert Richardson, University of Houston.

An awards luncheon will be held at noon, with presentations by Richard A. Dudek, A.I.E.E. national student chapter chairman. J. Tom Elrod, head of the University of Houston Department of Industrial Engineering, will introduce the speaker, Richard E. White, president of Houston's Mission Manufacturing Company.

TECHNICAL SESSION chairmen are Homer R. Shinn of A&M; Herbert Lewis, Lamar Tech; Loyall C. White, University of Houston; James Collins, Southern Methodist University; and David Foust of the University of Arkansas.

All judges for the competition are of Houston. They are R. S. Fisher, senior industrial engineer, Lifson, Wilson, Ferguson and Wink, Inc.; Don Evans, maintenance engineer, Reed Roller Bit Company; and F. O. Martin, chief industrial engineer, Borg Warner Corporation, Byron Jackson Division.

**Doesn't Pay To Cuss Judge**  
Miss Claire McCowan, 22-year-old model, points to the date she'll have completed her jail sentence. For scuffling with a policeman, Los Angeles Municipal Judge Byron J. Walter had sentenced Miss McCowan to 60 days. She said, on hearing the sentence, "Go to hell." To which the judge replied, "Make that 180 days." — (AP Wirephoto)

## 75 MEMBERS EXPECTED

# Former Students Return For Class Anniversary

About 75 persons are expected for the 35th anniversary reunion of the Class of '28 this weekend, according to Mrs. Willie M. Shepherd, secretary of the Former Students Association.

Registration for the weekend activities will begin Friday at 3 p.m. in the main lounge of the Memorial Student Center continuing Saturday from 8 a.m. - 5 p.m.

A class luncheon at noon Saturday on the second floor of the MSC will officially begin the activities. At 1:30 p.m. the reunited group will have its picture taken on the front steps of the student center.

Registration for the weekend activities will begin Friday at 3 p.m. in the main lounge of the Memorial Student Center continuing Saturday from 8 a.m. - 5 p.m.

A class luncheon at noon Saturday on the second floor of the MSC will officially begin the activities. At 1:30 p.m. the reunited group will have its picture taken on the front steps of the student center.

Special guests for the luncheon will be Dean and Mrs. Frank Hubert, Mr. and Mrs. D. W. Williams and Mr. and Mrs. D. D. Cofer.

After the baseball game between the A&M freshmen and Ranger Junior College, the class will meet at 5:30 p.m. for a social hour in the Triangle Cafe Banquet Room.

The former students will meet in uniform row to Kyle Field to witness the football game at 7:30 p.m.

The reunion will officially begin after a class breakfast at the MSC Sunday at 8 a.m. The Reunion Registration Desk will be available to assist former students for the weekend.

## Widely Known Scientist Will Address Texas Food Technology Meeting Here

A scientist and foods authority will address the Texas Section of the Institute of Food Technologists Saturday in the Memorial Student Center at 8 p.m.

He is Dr. Gail M. Dack, director of the Food Research Institute of the University of Chicago.

Dack's subject will be scientific problems of food processing, food poisoning and eradication of food-borne diseases.

The speaker received his Ph.D. (1927) and MD (1933) degrees from the University of Chicago.
