

Thinclads Win Dallas Meet, Ag Nine Splits Two In SA

The A&M track team won the Dallas Invitational meet and the baseball team split two non-conference games in San Antonio last weekend.

In Dallas, Thursday, weightman Danny Roberts, jumper John Collins and sprinter Ted Nelson were the mainstays in the track meet that should see about the same results at the conference meet in May.

Roberts set a record in the shot put with a heave of 58-2 1/2 and took first in the discus with a toss of 168-7. Collins won the high jump with 6-2 and the broad jump with 22-10 1/2. Nelson, who was shifted from the 440 yard dash, placed third in the 100 and 220. He was favored to win the 440 had he entered.

NELSON DID SHOW his old self in the mile relay as he came from behind on the anchor lap to give the Aggies a victory in that event.

Aggie baseballers suffered a 5-4 loss to Saint Mary's University of San Antonio as a result of a

seventh inning error, Thursday, at San Antonio.

Frank Koehler singled for Saint Mary's in the bottom of the seventh inning with the score tied, 4-4. He was sacrificed to second, went to third on a fielder's choice, and scored the deciding run on an error by pitcher Richard Beller.

KEN FLOYD STARTED the game for the Aggies, but was relieved in the fourth inning by Ronald Byrd. Beller went into the game in the seventh.

On Friday, the Aggies nine used the services of its ace pitching trio of Chuck McGuire, Ed Singley and John Crain, to hand a 5-1 defeat to the University of Illinois, in a game played at Mission Stadium. A&M's win came on the com-

Walker Cooper hit nine grand slam home runs for five different teams during his baseball career; four for the Gaints, two for the Cubs, and one each for the Cardinals, Reds and Braves.

bined two-hit pitching of the three hurlers, and gave the Maroon's a 9-6 season record.

Bill Hancock put the Aggies in the lead in the first inning with a double that scored Ray Hall from second base. Hancock also added a second run in the third when he walked, stole second, moved to third on a single by Jerry Ballard and scored on an error.

ILLINOIS' ONLY RUN came in the third as a result of a walk given up by McGuire to right-fielder Ron Maurer. Maurer converted the walk by advancing to third on an error by Ballard and then scored on a passed ball.

In the seventh, A&M broadened their 2-1 lead and removed starting and losing pitcher Bill Schinker in doing so. Frank Stark walked with one out and Ballard and Bill Grochett hit back-to-back singles with Stark scoring. Rusty Uresti drew a walk, Jack Singley hit a roller to short that was bobbled, allowing the fourth and fifth runs to score.

SPORTS

A&M Sports Info Director Resigns Post

The resignation of Tommy Blake, who had served as A&M sports information director since January, 1961, was announced Saturday by President Earl Rudder.

Blake told reporters Saturday afternoon that the resignation was for "personal reasons" and was effective immediately.

The former sports editor of the Brenham Banner Press said that he has made no future plans. Blake said he enjoyed working under both Jim Myers and Hank Foldberg.

A graduate of Blinn Junior College and a Brenham native, Blake worked for the Banner Press, where his father was manager, from 1947 until he was hired by Myers.

Aggie Golfers Nip Mustangs

The defending champion Aggie golfers topped Southern Methodist University, 4-2, on the A&M golf course Monday afternoon.

The Cadets won three of four singles matches and split the doubles matches.

Ralph Johnston defeated Tommy Abbott, SMU, 3-2; Mike Higgins beat Larry Newell, SMU, 3-2; Harry Hoskins downed Tommy Culp, SMU 4-3; and Eugene Byrd lost to Bob Parks, SMU, 2-1.

In the doubles, Newell and Abbott defeated Johnston and Higgins 2-1, and Hoskins and Byrd edged Parks and Culp one-up.

ROBERTS ROMPS AGAIN

Cadets Trounce Baylor In Dual Meet Showdown

Danny Roberts broke another school record Tuesday and was high point man for the meet as the Aggies trounced Baylor 82-52 in a dual meet on Kyle Field.

A fair crowd of 350 bucked a 30-35 mile an hour wind to watch the match between the Southwest Conference favorites for the track and field championship. The Aggies won 10 of the 16 events to emerge as the best bet for the conference crown.

Roberts barely edged out teammate John Collins for the outstanding individual honors as the big junior from Cleveland amassed 13 points while winning the shot put and discus and finishing second in the javelin. Collins totaled 11 1/2 points for taking first place in the broad jump and high jump and

running on the winning mile relay team.

THE NEW STANDARD was set when Roberts tossed the discus 180-9 1/2. The old mark of 173-1 was held by George Kadera and had stood since 1948. Roberts' throw exceeded the conference record by more than eight feet. However, only efforts at the SWC meet count as conference records.

Baylor's Jim Lancaster placed a close second to Roberts in the shot put, hefting the ball 57-10 1/4.

Roberts won his specialty toss of 58-7.

Collins, a sophomore from Italy, won the high jump with a toss of 6-6. Don Deaver of A&M second with an effort of 5-11. James Daniels made it a sweep for the Cadets with a toss of 6-2 for third place.

THE AGGIES ALSO won broad jump with Collins, 22-10 1/2, and Bill Park finishing two-three. Collins' winning toss was 23-6 1/4.

Assignment: build a sports car to rank with the world's best!

Result: The experimental Ford Mustang, lively 2-seater loaded with significant engineering features

Just under 13 feet long—weight, 1544 pounds, 400 to 700 pounds less than comparable models of popular imported sports jobs—the Mustang is representative of the interesting design challenges at Ford Motor Company. Unique ways of reducing weight without sacrificing strength, to improve performance and economy, may stem from its design.

For example, seats are an integral part of the Mustang's body, adding structural rigidity. Brake, clutch and accelerator are mounted on a movable cluster which can be adjusted fore and aft (as can the steering wheel) to suit varying sizes of drivers.

Other important features: low-drag, aerodynamic shape proven in the wind tunnel; independent front and rear suspension; disc front brakes; roll bar built as an integral part of the body/frame structure; hot V-4 engine mounted forward of the rear axle in unit with a 4-speed manual transmission.

The Mustang is another example of how challenging assignments met by our engineers and stylists help Ford Motor Company maintain engineering leadership and provide new ideas for the American Road.
