

Close Contact With Soviet Sub

The Navy released this photo in Norfolk, Va., and said it shows the U.S. Destroyer Charles P. Cecil near a surfacing Soviet submarine about 200 miles north of Haiti. The photo was made last October during the Cuban crisis, the Navy said. The destroyer detected the Russian submarine under the surface and followed it for 34 hours until the undersea craft surfaced. No further details were given. The photo was released in connection with the award of commendation medals to six members of the destroyer during the ceremonies in Norfolk. ON FRESHMAN ENGLISH

**Secondary School
Guide Proposed**

A book aimed at helping secondary school teachers gain a better knowledge of freshman English programs at Texas junior and senior colleges and universities is the goal of a new project.

Details of the project were announced Friday by A&M Dean of Arts and Sciences Frank W. R. Hubert. He is chairman of the Commission on School and College Relations of the Association of Texas Colleges and Universities and an executive committeeman of the association.

"THIS WILL be the first time," Hubert said, "that the secondary school teachers of English have had a rather complete description... of freshman English in the colleges and universities in the State."

He emphasized that the colleges and universities will be invited to submit the descriptions of their freshman English programs. The study is strictly descriptive in nature.

Guidelines for the new book were considered at a recent (June 13) meeting in Austin. Meeting was an advisory panel appointed solely to state these guidelines. Members were 12 persons representing secondary schools, colleges and universities, and Texas Education Agency. Hubert presided.

The target date for publication of the book is April 1.

"There is no subject area in the year which is of such statewide importance... it is the key area," Hubert said of freshman English programs.

THE DESCRIPTION by each college or university of its freshman English program must be limited but will go far beyond the catalogue course descriptions.

The book will be distributed to the high schools of the state and to the colleges and universities.

The instrument or information gathering device — Hubert emphasized it is not a questionnaire —

should be mailed about Sept. 1 under the group's timetable. Replies will be expected by Nov. 1, and about Dec. 1 the response will be given to the Texas Education Agency's publications division for inclusion in their press schedule.

**History Prof
Authors Book
On Texas Hero**

An "almost forgotten" Texas hero is the subject of a new book—"General Tom Green: A Fighting Texan"—written by Dr. Odie B. Faulk, an A&M history professor. Faulk's just-published 75-page book covers the life of Tom Green, the military figure who lived under four of six flags of Texas and fought under three of them. The publisher is Texian Press of Waco.

The Tom Green story was printed earlier this year in a special supplement by the San Angelo Standard-Times. Tom Green County and the USS Tom Green County, an LST, are named after the Texas hero.

Faulk first became interested in Tom Green as a student at San Angelo College, where he was graduated in 1957.

A holder of three degrees from Texas Tech, Dr. Faulk feels that modern-day Texans have forgotten the Texas general.

In his book, the A&M professor said he "attempts to lift Green from obscurity into which he has so unjustly fallen and restore him to the high place he deserves in the general histories of Texas."

"He personally participated in almost every major event which transpired in the Lone Star State between 1835 and 1864," Faulk continued.

Enticement

This costume, worn by English showgirl Vickie Dixon, was designed in London in an effort to save entrants in beauty contests some embarrassment. Dubbed the Beautysuit, the garb is made to cover up the sweet young things who feel swimsuits are too revealing. (AP Wirephoto).

**HAPPY
BEACHHEAD**

If you've ever taken a child to the seashore, you know what that first glimpse of the ocean can mean to a youngster... the lure of fascination... the foreboding of fear. Which will win the struggle?

But what a delight when hesitation ends and Jeannie finds her happy beachhead down where the waves wane, and the tide seeks its rest.

And if you've ever taken a child to Sunday School, you know what that first glimpse of strange surroundings can mean.

But, even if there are misgivings that first Sunday, Jeannie soon finds her happy beachhead. And one day she'll plunge bravely and confidently into deeper reaches of the vast spiritual ocean that surrounds life.

Anything as vital as religious education deserves an early and earnest beginning.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and read your Bible daily.
