

Military Pay Boost Passed By Senate

WASHINGTON (AP) — The Senate passed 79-0 Thursday a bill providing a \$1.2 billion a year pay increase for most persons in the nation's fighting forces.

The compromise measure to boost military pay for the first time since 1958 now goes to the House for expected speedy approval.

Senate and House conferences said they had agreed on the measure which would fatten the pay envelopes of most officers and enlisted men in the pay periods that begin next Tuesday.

House leaders said they hope to act on the compromise by the first of next week at the latest.

Largest increases, ranging up to \$120 a month, would go to Army, Air Force and Marine Corps lieutenants, captains, majors and to equivalent ranks in the Navy. Pay boosts for anyone with less than two years of service were eliminated.

Souvenirs For All
President Kennedy hands a souvenir pen to Sen. Ralph Yarborough at the White House after signing the \$236.4 million bill to help new medical and dental schools and to help students attend such institutions. Behind the President, from left, are: Sen. Claude Pepper, D-Fla., Sen. John Pastore, D-R. I., Sen. Yarborough, Sen. Lister Hill, D-Ala., Rep. Seymour Halpern, R-N. Y., Vice President Lyndon Johnson, rear, and Boisfeuillet Jones, Assistant Welfare Secretary. (AP Wirephoto)

LATEST DEVELOPMENTS COVERED

Texas Nutrition Conference To Begin Here Wednesday

The Texas Nutrition Conference, featuring nationally known authorities in the field of livestock and poultry feeding, will be held Wednesday through Friday at A&M University.

Dr. J. R. Couch of the Department of Poultry Science, program chairman, said talks and discussions will cover the latest nutritional development.

He said the conference will emphasize a program for all feed manufacturers. Sanitation, disease control and management procedures also will be included in the discussions.

SUBJECT AND SPEAKERS for Wednesday are:

"Nutritional Milestones" by Lloyd Larson of Midwest Feed Manufacturers Association; "Analytical Methods for Tissue Residues of Drugs," E. N. Petzold, Dr. Salsburg's Laboratories; "Metabolism of Nitrofurans," David M. Tennent, Hee & Clark Division, Richardson-Merrill, Inc.; "A New Approach to Increasing Antibiotic Efficiency," Joseph Pensack, American Cyanamid Company;

Also, "Recent Developments in Vitamin-A Nutrition," A. A. Kurtnick, Ray Ewing Division, Hoffman-La Roche, Inc.; "Unidentified Growth Factors," R. A. Rasmussen, Peter Hand Foundation, and "Environmental Influence of Beef Cattle Performance," John Riggs, Department of Animal Husbandry.

OTHERS ARE "Erythromycin in Fattening Rations for Beef Cattle," I. D. Smith, Abbott Laboratories; "Poultry Management in Relation to Nutrition," C. B. Ryan, Department of Poultry Science.

"Recent Developments in All-Concentrate Feeding of Beef Cattle," L. S. Pope, Oklahoma State University; "A Report on Field Investigations of Vitamin-A with Beef Cattle," H. L. German, Texas Farm Products Company; "Use of SPF Pigs on a Practical Basis," M. J. Brinegar, Allied Mills; "Beef Ration Formulation Areas of Importance in Computation," Gordon Shillingburg, Scottsdale, Arizona; "How To Build A Swine Feeding Program Today," Damon V. Catron, Walnut Grove Products, and "Fish Meal and Cottonseed Meal in Rations for Swine," C. M. Lyman, Department of Biochemistry and Nutrition.

THURSDAY'S PROGRAM starts with "Nutritional Aspects of Disease Control" by H. J. Eoff, Whitmoyer Laboratories, Inc.; "Ambamide, Arsanilic Acid and Bacitracin Methylene Disalicylate in the Diet of the Growing Chick," A. A. Camp, Texas Agricultural Experi-

ment Station; "Egg Yolk Pigmentation on a Practical Basis," C. M. Treat, Arkansas Valley Feed Industries; "Pigmentation of Broilers and Egg Yolks with Dehydrated Flowering Aquatic Plant Meal," J. R. Couch, A&M; "Studies on the Phosphorus Requirement of Broilers Using Practical-Type Rations," H. M. Edwards, University of Georgia; "The Malabsorption Syndrome in Chicks," Pensack.

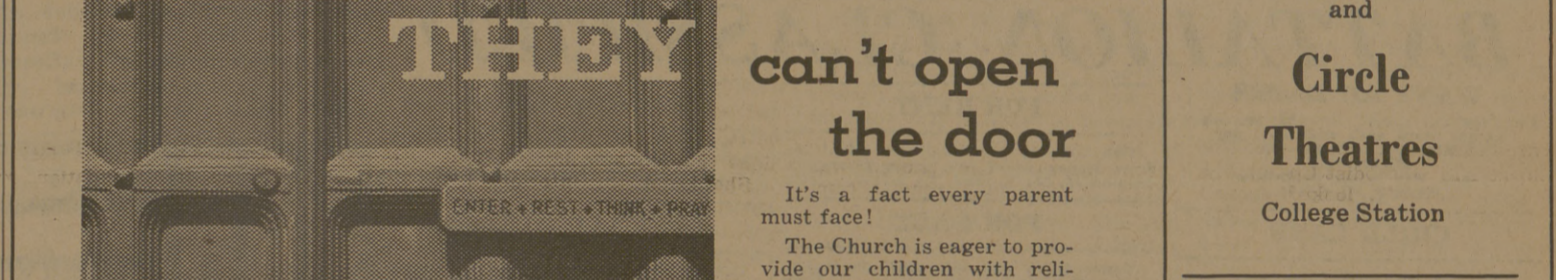

Others are "The Comprehensive Analysis of Feeds," Paul Parks, A&M Agricultural Analytical Services; "Feeding Range Cattle," J. L. Williamson, Ralston-Purina; "Economic Losses from Poisonous Plants," B. J. Camp, Department of Biochemistry and Nutrition.

TALKS CONTINUE FRIDAY with "Some Interpretations of Disease-Interrelationships in Poultry," by Edwards; "Influence of Fat Intake and Ration Composition in Milkfat Production," I. W. Rupel, Department of Dairy Science; "Development of a PPLO-Free Flock," C. F. Hall, College of Veterinary Medicine; "Anaplasmosis Testing and Control Program in Beef Cattle," T. E. Franklin, College of Veterinary Medicine, and "Fish Meal in Poultry Feed Formulations," Couch.

THEY can't open the door

It's a fact every parent must face!

The Church is eager to provide our children with religious training. And our children need this training. But THEY can't open the door.

We must come with them. We must worship every Sunday . . . and take an active part in the classes and activities of the Church for adults — not for ourselves alone.

For a child values supremely the example of his parents. If they love their Church — he loves it too! If going to Church is too much trouble for them — it's too much trouble for him too!

God gave us these little souls to love . . . to nurture . . . to raise to Christian manhood and womanhood. And God gave us churches . . . to enrich our lives and theirs.

And God gave us doors . . . to open!

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Local People Hold Keys For Texas Industrial Growth

The key for continued industrial growth in Texas rests with people at the local levels, E. B. Germany of Austin, chairman of the Texas Industrial Commission, said here Thursday.

Germany was the first speaker during the Texas Industrial Development Conference in the Memorial Student Center, following the welcome address by A&M University President Earl Rudder.

"Your countless hours of service to the economic betterment of your areas is the real grease that oils the wheels of progress," Germany told the 250 delegates from industrial firms over Texas.

Germany discussed the charge to the Commission by the Texas Legislature "to study means of promoting and encouraging the prosperous development of all phases of Texas business, industry, agriculture and commerce."

"It's a big job," he said, "but I assure you that the job is being done."
