## Civilians Set For Bonfire

### Duties Of Cutters, Guards Assigned

By MIKE REYNOLDS  
Battalion Staff Writer

Organization, a factor that has been lacking over the past years, is the keynote of the civilian's participation in bonfire work over the coming weekend, say civilian student leaders.

The goal of the civilian's plan includes three "outfits" working in the cutting area, a definite section of the area assigned to the civilians and helping the Corps stand guard over the world's largest blaze.

A preliminary count of students shows that from 100 to 150 civilians will be in the cutting area with the heaviest turnout probably on Saturday, said Royce Knox, civilian yell leader.

FOR THE FIRST time non-regs will have their own lane in the cutting area located 15 miles from the campus on the other side of Benchley on Highway 6.

A guard roster is presently being circulated and the civilians will be asked to help with the guarding, continued Knox.

Civilians will once again eat breakfast in Duncan Dining Hall at 5:00 a.m. and catch trucks to the cutting area which will be moving out between 5:30 and 6:00.

The civilians, working separately from the Corps will also be served lunch in the cutting area.

THE CENTER POLE is scheduled to be hoisted Thursday and guarding will commence Thursday night, said Knox.

The dorm presidents met late Wednesday to complete plans and schedules for guarding.

Anyone wishing to participate in bonfire work of any nature should contact their dorm president for further information and instructions, said Jeff Harp, vice president of the civilian student council.

"The general spirit on campus and the hope for an upset over Texas on Thanksgiving Day have made the civilians more interested in bonfire work and we should really be able to get people out this year and accomplish something," concluded Knox.

### Today's Thought

Mentally speaking — those who exercise their curiosity so little they don't know the definition of atrophy, are probably in danger of it.

### 'Good Samaritan' Episode Gives 5 Aggies Opportunity

Five Aggies returning from the "Campaign for Christ" held in Waco last week practiced what they had just heard preached.

The students sighted a young woman struggling with a man on the side of the road about eight miles north of Hearne.

"Feeling a sense to help," said one of the students, "we stopped, wheeled about and eventually picked the woman up after the attacker had fled in a sports car."

Aggies in the car were Bill Matthews, Jerry Partridge, Jimmy Alston, Ted Alston and O. W. Sanders and Billy Williams, advisor and director of the A&M Church of Christ Bible Chair.

They took her to a hospital in Hearne, where she was examined and released.

"One good deed a day," said one of the students. The trip was a Church of Christ activity under the sponsorship of Williams.

### English Prof Cites Traits Needed After Graduation

"Curiosity, tolerance and understanding" are the main virtues needed by Aggies facing society after graduation, Dr. Lee Martin, of the Department of English, told 22 members of the YMCA General Club Monday night at the YMCA.

These traits, along with the philosophy of facing the issues and profiting by them, and setting one's objectives within the framework of his own abilities and limitations, will serve Aggies in good stead, Martin emphasized.

In other affairs of this ninth meeting of the year, President Lannie Jackson organized a 55-man crew to work in shifts serving coffee to the bonfire guards.

These shifts, the club's current main project, will continue from 8:30 p.m. to 5 a.m. Thursday through Tuesday.

Also final receipt was made of funds gained in a candy sale to defray expenses for a club trip to the YMCA regional conference in Kerrville in December.

Other officers of the club, which meets weekly, are Don Warren, vice president; Don Dietz, treasurer; and David Graham, secretary.

J. Gordon Gay, sponsors the group.

A Bobby Lee field goal in the Rice game is shown on both ends.

## Campus Chest Ends Friday; Contributions Near \$2,000

By GLENN DROMGOOLE  
Battalion News Editor

Only three more days are left in this year's Campus Chest drive, Allan Peterson, chairman of the Student Senate Welfare Committee, said Tuesday night.

"Friday is the deadline," Peterson announced, although the drive was previously scheduled to continue through Monday.

AS THE FUND approaches the \$2,000 mark, Squadron 13 holds the lead for organization contributions with \$29 over 100 per cent.

"At least 10 outfits have not contributed," Peterson added. He urged these groups, as well as civilian organizations, to turn in their money to the Student Finance Office in the lower level of the Memorial Student Center.

Groups which have given the suggested 100 per cent include Squadrons 1, 3, 6, 7, 11, 13, 14, 16, 17 and the White Band.

The only Army unit with a 100 per cent effort is Company F-3. Staffs that have passed their goal include Corps Staff, 1st Brigade, 1st Group, 2nd Group, 3rd Group, 4th Group, 1st Wing and 3rd Battalion.

THE TWO CIVILIAN groups with full contributions are the Apartment Council and Hart Council.

Organizations donating at least 100 per cent will be given awards of achievement, and the group giving the most money over 100 per cent will be presented a plaque for its efforts.

EVEN WITH \$2,000, in the hopper, the drive is still far away from achieving its goal of \$5,000.

The drive promotes the slogan "A dollar from an Aggie for an Aggie," with 60 per cent of the funds raised going to Aggies in need of financial assistance.

THIRTY PER CENT of the total will be divided among the College Station Community Chest, the Brazos County Tuberculosis Association and the March of Dimes.

The remaining 10 per cent is given to world organizations, such as the World University Service.

## Morris To Advise Roundtable Talks

By RONNIE FANN  
Battalion Managing Editor

The dean of the School of Business Administration and professor of economics at the University of South Carolina, Dr. James A. Morris, has accepted a position as a

roundtable co-chairman in the ninth annual Student Conference on National Affairs, to be held in the Memorial Student Center, Dec. 11-14.

Morris was born in 1918 in Lawrence, Mass. He received his B.A. degree from Northeastern university, graduating with high honors in 1942. Morris received his A.M. and Ph.D. degrees from Harvard in 1947 and 1951.

HE HAS BEEN on the faculty of the University of South Carolina since 1947, has been a labor arbitrator since 1948, for the Panels of American Arbitration Association and Federal Mediation Service, and was a visiting professor of Oxford University in 1953-54.

The educator was a consultant to the director of the International Cooperation Administration in 1955, was special economics advisor to the director of the U.S. Operations Mission to Turkey in 1956, and was former director of graduate studies in business, and director of the Bureau of Business and Economics Research, for the University of South Carolina.

HE IS PRESENTLY on the South Carolina Governor's Advisory Group on Mental Health Planning, and chairman of the South Carolina Regional Export Expansion Council.

Morris is one of 17 educators and business leaders from throughout the United States, Mexico and Canada to serve on the student conference.

The program permits a student with a bachelor's degree in engineering or the physical sciences to work toward his master's and doctor's degree at a university or college of his choice, selected from more than 60 cooperating institutions offering courses in nuclear science and engineering.

First-year, intermediate-year and terminal-year fellowships are available under the program, which provides stipends, allowances for a spouse and dependent children, tuition and fees, and certain travel allowances.

A brochure describing the program and listing the courses and facilities available at the cooperating colleges and universities was prepared by the ORINS University Relations Division, which administers AEC fellowships under the Institute's contract with the Commission.

Copies of the brochure and application forms are available from the NSE Fellowship Office, University Relations Division, Oak Ridge Institute of Nuclear Studies, Oak Ridge, Tenn., 37831. Deadline for filing applications for the 1964-65 academic year is Jan. 3, 1964.

### Dining Hall Head To Address Senate

Frank F. Nugent, A&M University's Food Service Director, will speak and answer questions concerning the dining hall system, complaints and problems at the Student Senate meeting Thursday at 7:30 p.m. in Room 3D of the Memorial Student Center.

Nugent came to A&M last spring, replacing John G. Peniston.

All interested students have been invited to attend the meeting. Any student with questions for Nugent have been asked to have them written in advance.

## Film Shown Sociology Club Concerning Mental Illness

By ROBERT SIMS  
Battalion Staff Writer

The Sociology Club met Tuesday night in the Agriculture Building. The guest speaker for the

evening was Robert Toland of the Brazos County Youth Counseling Service in Bryan.

Toland introduced and described a film entitled "The Key" that was shown to the group. The film showed former methods of treating mentally ill people and the facilities wherein they were treated.

The film pointed out that every three minutes a mental patient is admitted to a hospital. Also, the family of a mentally ill person often feels ashamed of that member of the family, when there is actually no need to do so.

SAID TOLAND, "In some cases it is better to treat a person in his own home or immediate environment than to take him to a mental institution."

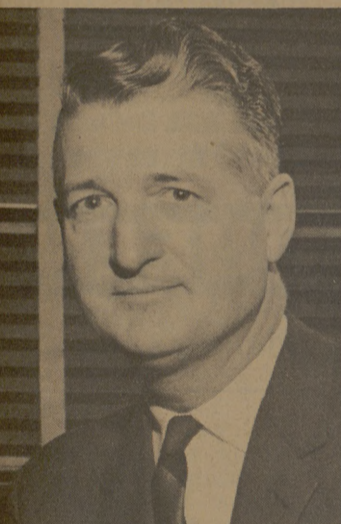

A discussion period was held after Toland's brief talk.

The next meeting of the club will be held Dec. 10 in the Memorial Student Center.
