

Sad Good-byes Inspire Song, A&M Waltz

"Good-byes are always so sad, some of the girls were crying as they got on the bus," said Mrs. Elizabeth Lloyd as she recalls the event which inspired her to write "The A&M Waltz."

Mrs. Lloyd jotted down the lines to the ballad seven years ago, after watching Aggies say good-bye to their dates who had stayed in her rooming house. She was taking a correspondence course in song writing at the time, and when she saw the moving event, she wrote the lines:

"Last night in my arms, I held your charms,
As we danced to the A&M Waltz.
We were so gay, and we loved the way
They played the A&M Waltz."

Mrs. Lloyd had the assistance of Mrs. Deanna Heald, a composer and close friend of hers, in the "legwork" involved in getting the record released.

The record was released March 21 on Pharaoh Records of McAllen and features the Balladiers of Del Ray College. The group is backed up by The Don Bennett Orchestra. It is scheduled for state-wide distribution.

Photo Contest Set For College Talent

The Southwest Intercollegiate Photo Solon, a college level photography contest, will be judged in the Memorial Student Center Saturday at 10 a.m.

The pictures will remain on display in the showcases of the MSC during the coming week, said Andy Anderson, secretary of the MSC Camera Committee which is sponsoring the contest.

The contest draws participation from colleges and universities in Texas, Louisiana and Arkansas.

Pictures will be entered and judged in seven categories. The groups are portraits, still life, news, sports, pictorials, human interest and nature.

First, second and third place will be honored in each category and an overall winner will be declared.

AMONG THE PROFS

A&M Economics Prof Elected To Social Science Position

Dr. Alfred F. Chalk, veteran economics professor, has been elected second vice president of the Southwestern Social Science Association.

The Association's annual meeting was held in Dallas over the weekend.

School's Out.

Right now, graduation seems way off in the wild blue yonder. But it's not too early to start planning. In the future, you'll look back on decisions you make today with satisfaction... or regret.
What can an Air Force career mean to you in tangible gain? The opportunity to take on executive responsibilities you might otherwise wait years to attain. And a head-start into one of a wide range of possible careers in the exciting Aerospace Age.
As an Air Force officer, for example, you may be flying a su-

personic jet...helping to keep America's guard up. Or you may be in an Air Force laboratory, working to solve an intricate scientific or technological problem.
Doing jobs like these, you can hold your head high. In addition to being essential to your country, they're the beginnings of a profession of dignity and purpose.
For more information, see the Professor of Air Science.
If there is no AFROTC unit on your campus, contact your nearest Air Force recruiter.
