The Aggies clinched at least a tie for their second major title this year with a double-header sweep of Baylor in baseball Saturday. Coach Tom Chandler's Cadets will be trying to add an outright baseball championship to A&M's basketball crown when they take on the University of Texas in a two-game series in Austin Thursday and Friday.

The Aggies need to win only one of the pair for its first title since 1959, Chandler's first year at A&M.

The Maroon diamondmen showed they could come through when the pressure is on with their double victories over Baylor. A&M had to win both games for a chance at the crown and that they did, 7-4 and 2-0.

Allen Koonce slammed a 340-ft. home run in the seventh inning of the nine-inning first game to give A&M the decision. Koonce's blast came after singles by Jerry Ballard and Bill Grochett and gave the Cadets a 6-3 lead.

A&M started the scoring in the first inning on Ballard's single and Grochett's double.

The Bears tied it up in the second when Donnie Laurence tripled and Bill Bain doubled off A&M starter Steve Hillhouse.

Hillhouse got his lead back in the bottom of the second with a two-run triple to rightfield. The diminutive lefty protected the lead until control trouble started a Baylor rally in the seventh.

Two walks, two hits and an error produced two Bear runs to tie the score. Then Koonce smashed his homer off Baylor starter Henry Perkins to put the game out of reach.

The seven-inning second game turned out to be a pitcher's battle with A&M's Chuck McGuire the winner pitching a fine one-hitter. Baylor hurler John Porter allowed only four hits but three Bear miscues doomed the Baptist cause.

The Aggies picked up their two runs in the second inning on walks to Billy Crain and Frank Stark. George Hargett doubled to left field to bring in one run. Mike McClure, subbing for an injured Ballard, reached first on an error to bring in the other run.

County Alerts All Residents To Symptoms

An educational campaign to alert Brazos County residents to chronic cough and shortness of breath as common symptoms of Respiratory Diseases was opened Friday.

It will continue for six weeks under the sponsorship of the Brazos County Tuberculosis Association, according to a statement issued today by the Christmas Seal organization's board of directors.

Mrs. H. H. Williamson, president of the association, pointed out that the campaign is an effort to alert people to the fact that chronic cough and shortness of breath are often indications of respiratory disease and should not be taken for granted.

Explaining the TB Association's interest in Respiratory Diseases other than tuberculosis, Mrs. Williamson said: "There is a relationship among all diseases of the breathing system. The sooner all Respiratory Diseases are controlled, the sooner will final eradication of TB become possible."

The motto of the campaign is: "Short of breath? Cough too much? Don't take chances. See your doctor."

The campaign will be financed by Christmas Seal funds, but it is not a drive for contributions.

Rice Professor To Speak Here

Dr. John L. Margrave, a Rice University chemistry professor, will be the main speaker at the annual Sigma Xi Society banquet at A&M University Wednesday at 7 p.m.

Initiation of new members, research awards presentation and installation of new officers are other highlights on the program. Dr. A. F. Isbell, vice president and chemistry professor, reported.

Dr. Margrave, a native of Kansas, will discuss "Chemical Frontiers — An Exploration of Extremes."

Company Chairman To Discuss Laser

Use of a laser in communications will be discussed in a Texas A&M Graduate College Lecture by Dr. Herbert Trotter Jr., chairman of the board of General Telephone and Electronics Laboratories, Inc.

The lecture is scheduled for May 6 in the Architecture Building auditorium.

He is a national vice president of the Armed Forces Communications and Electronics Association. Trotter joined Sylvania Electric Products, Inc., now a subsidiary of

General Telephone and Electronics, in 1942 and served as manager of engineering and developments of the company's "proximity" fuse program. For this work he received a Presidential Certificate of Merit.

The fuse, described by the Navy as "the second most important weapon development during the war," causes a shell to explode within striking distance of the target.

Trotter has been chairman of GT&E since 1962. He received a doctorate in physics from the University of Virginia. In 1935-36 he held the du Pont research fellowship at the University of Virginia and from 1936 to 1941 was associate professor of physics at Washington and Lee University.

Graduate Lecturer Slated Wednesday

Dr. Mario Leon Juncosa of the Rand Corp., Santa Monica, Calif., will speak here at 8 p.m. Wednesday on "Linear Programming—Mathematical Models."

The Graduate College Lecture will be given in Room 146 in the Physics Building.

World Renowned Artist, Critic To Present Display Program

Mrs. Amy Freeman Lee, internationally known artist, critic, lecturer and author, will present a lecture, slides and display program to the School of Architecture May 6 at 4 p.m.

Mrs. Lee's presentation will be sponsored by the Design Student Society of the School of Architecture.

As an artist, Mrs. Freeman has received awards for her paintings in prominent exhibitions in the United States, France, Mexico and other countries.

In the capacity of author, Mrs. Lee has written three published books and numerous articles for national magazines. Recently, international recognition in the field of literature was accorded Mrs. Lee when she was selected for inclusion in the International Who's Who in Poetry published by the Cranbrook Tower Press of London, England.

For outstanding work in the field of criticism, Mrs. Lee was elected to membership in both the

Fulbright Study Applications, U. S. Grants Available Here

Applications for study in 51 nations with more than 1,000 Fulbright Scholarships and other U. S. grants available for 1965-66 are being received here, Dr. J. M. Nance, Fulbright advisor announced.

"The Fulbright grants are primarily for first year graduate study although many advanced graduate students receive awards," Nance said.

MEN OR WOMEN may apply and completed applications are

due in Dr. Nance's office not later than Oct. 25. His office is 203 Nagle Hall.

Approximately 900 Fulbright Grants, 45 Joint U.S.-Other Government Grants and 89 Travel-Only Grants will be available for 1965-66.

A working knowledge of the language is required for many of the 51 nations, but for others only English is necessary.

NANCE CITED additional grants and other opportunities for study in the Western Hemisphere or for teaching assistantships in India and Italy.

Applicants must be U. S. citizens and have a bachelor's degree or its equivalent by the beginning date of the grant.

Selections are made on the basis of academic and, or professional record, the feasibility of the applicant's proposed study plan and personal qualifications.

Nance said preference is given to candidates who have not previously lived or studied abroad and are under the age of 35 years.

U. S. GOVERNMENT Full Grant Awards providing round-trip transportation and full maintenance are available for study in 37 countries around the world.

The Joint U.S.-Other Government Grant program is offered cooperatively by the U. S. Government and another government and is available for study in 17 nations, mostly in Central and South America. The U. S. Government pays the travel expenses, the other government provides full or partial maintenance.

MRS. A. M. LEE

Final Exam Schedule Set

So that all A&M students may plan their end-of-semester activities, (celebrating, crying, cursing, etc.) The Battalion publishes the following final exam schedule early:

Monday, May 25	8-11 a.m. 1-4 p.m.	Classes meeting MWF8 Classes meeting TTh8F1
Tuesday, May 26	8-11 a.m. 1-4 p.m.	Classes meeting MWF9 Classes meeting MWTh1
Wednesday, May 27	8-11 a.m. 1-4 p.m.	Classes meeting MWF10 Classes meeting TF1
Thursday, May 28	8-11 a.m. 1-4 p.m.	Classes meeting M3TTh10 Classes meeting MWTh2
Friday, May 29	8-11 a.m. 1-4 p.m.	Classes meeting MWF11 Classes meeting M4TTh11
Saturday, May 30	8-11 a.m. 1-4 p.m.	Classes meeting TTh9F2 Classes meeting TF2, or TWF3, or TThF3

Aggie Mother To Be Feted Here Sunday

Mrs. Edna M. Urbanic of Galveston who has sent two sons to A&M University will be honored Sunday at Parents' Day ceremonies as "Aggie Mother of the Year."

Selection of Mrs. Urbanic was announced Monday by Pat Nance, chairman of the Student Life Committee of the Student Senate.

Parent's Day Activities

The following revised schedule has been issued for the ceremonies and review to be conducted as part of the Parents' Day activities Sunday:

9 a.m.; a program honoring mothers and dads at Kyle Field;

9:40; presentation of individual and unit awards;

11 a.m.; first call for review;

11:25; Adjutant's call;

11:55; Fish Drill Team performance;

12:30 p.m.; lunch in Duncan Dining Hall;

1 p.m.; open house in cadet dorms until 4:30;

2 p.m.; Ross Volunteer Company special drill, main drill field.

Esten Announces

Aggie Follies Cast

The seven-member cast of "Curse You Jack Dalton," the melodrama to be presented as part of the Aggie Players' annual Aggie Follies May 8 and 9, has been announced by Director C. K. Esten.

The melodrama, plus a dozen vaudeville-type acts including singers, dancers, a cartoonist and others will be presented at 7:30 p.m. in Guion Hall. Tickets are priced at 75-cents for the May 8 performance and \$1 for the May 9 presentation.

Bob Hipp is cast as Jack Dalton, hero of the melodrama. Richard Jenkins plays the villain, Egbert Van Horn.

Selma Clark will appear as Bertha Blair, the heroine.

Completing the cast are Rhea Smith as Donna Dalton, Doris Whitelock as Anna Alvarado, Kip Blair as Richard Blair, and Cindy Smith as Eloise Dalton.

Photos, Tempuras Exhibits On View To Public In MSC

Two art exhibits are currently being displayed in the Memorial Student Center. One is an exhibit of winners in the 25th annual Newspaper National Snapshot Awards Contest and the other is a series of tempura paintings by Harvey Schmidt.

The snapshots are all products of amateur photographers and have won over \$31,000 in international awards. Eight of the pictures were awarded prizes of \$1,000 each.

The contest was entered by leading newspapers in the U. S. and Canada, and the winners were first shown in Explorer Hall of the National Geographic Society in November, 1963.

The Harvey Schmidt exhibit is a series of 25 paintings titled "New York 2 A.M." Schmidt was commissioned to do the work by the New York Herald Tribune. Eleven of the paintings in the original series are now being exhibited in a State Department show touring the Soviet Union.

Guest On Campus

Virden Smith, College Station senior wildlife major, found a lonely owl on campus and gave him a home. The bird, named Bu bo, stands 13" high, has taken quite a liking to Smith and his cadet buddies and is given the top two floors of Dorm 11 for a playground.
