Number 43

13 Semifinalists Vie For Vanity Fair Honor

Thirteen girls have been selected semifinalists in the Aggeland's annual Vanity Fair contest.

The beauty contest is limited to girls and wives of senior students. Finalists will be chosen at the Press Club Banquet May 15 and presented to the senior class at the Ring Dance May 16.

Due to a tie vote among the judges, 13 girls were named semifinalists instead of the customary 12. Judges for the contest were members of the Aggeland Studio staff and secretaries of the Office of Student Publications.

The 13 beauties vying for the six Vanity Fair finalist spots are:

Mrs. Pam Burke from College Station, escorted by John Burke;

Miss Sandra Powell from Texarkana, escorted by Rufus Lyne;

Miss Toni Fox from Lockhart, escorted by Harlan Roberts;

Miss Anna Lee Bludeau from San Antonio, escorted by David Kass;

Miss Karen Virginia Marney from Houston, escorted by Tom Turzak;

Mrs. Diann LeBoeue from College Station, escorted by Joe LeBoeue;

Miss Sarijane English from Austin, escorted by William Stanton;

Miss Carol Blevins from Little Rock, Ark., escorted by Gary Norwood;

Miss Dilek Yavas from Mathis, escorted by Robert Parr;

Miss Juanita Terry McKay from Huntsville, escorted by Melvin Johnson;

Miss Vickie Hudson from Austin, escorted by Ray Jones;

Miss Betty Bowen from Jourdan, escorted by Kim Kane;

And Miss Linda Connell from Corpus Christi, escorted by David Anderson.

Today's Thought

He that does good to an other, does also good to himself; not only in the consequence but in the very act of doing it; for the consciousness of well-doing is an ample reward. — Seneca

Wire Review

By The Associated Press
WORLD NEWS

PARIS — France is urging reforms in the North Atlantic Treaty Organization and hoping for action in 1965 if not before, informed French sources said Wednesday.

In brief, President Charles de Gaulle wants to shake up the whole NATO political and military command structure to put full emphasis on independent, national forces, with France playing a first-rank role along-side the United States and Britain.

U S NEWS

WASHINGTON — Secretary of Defense Robert S. McNamara reaffirmed Wednesday that the United States will continue its aerial surveillance flights over Cuba.

He said this would be so regardless of whether the Soviet Union turns over to Cuba its anti-aircraft missile installations when Soviet troops withdraw.

NORFOLK, Va. — The destroyer Decatur sustained heavy damage to her super-structure in a collision with the aircraft carrier Lake Champlain at sea Wednesday. The carrier's hull was damaged slightly.

Atlantic Fleet headquarters reported no one was injured in the collision, which occurred 150 miles east of Cape Henry as the Decatur was moving away from the Lake Champlain after refueling.

OKLAHOMA CITY — Bud Wilkinson, who made victory a habit while coaching University of Oklahoma football teams, too khis first political victory Tuesday.

Senate Votes Down Two Amendments

WASHINGTON (AP) — The Senate, after 49 days of talk, defeated two amendments to the civil rights bill Wednesday night — one in a dramatic series of roll calls that produced a major test of strength. Both amendments were opposed by the bill's sponsors.

The first rejection was a change proposed by Sen. Thurston B. Morton, D-Ky. It would have provided for jury trials in all contempt of court cases arising out of the bill.

THE FINAL vote defeating it was 46-45, which had the effect of confirming an earlier 45-45 roll call on the same amendment. Two other parliamentary votes on it intervened.

The second amendment defeated was offered by Sen. John Sherman Cooper, R-Ky. He wanted to require jury trials in criminal contempt proceedings stemming only from the public accommodations and fair employment sections of the bill.

The long freeze on action was cracked under an informal agreement between the Senate's leadership and Southern foes of the measure. It pointed to a realization of predictions by the bill's sponsors that their own jury trial proposal would eventually be accepted.

A VOTE on the leadership proposal could be a long way off — or soon — depending on how many parliamentary roadblocks the Southerners want to bring into play.

But no votes are expected Thursday or Friday while several sen-

ators accompany President Johnson on visits to their states in the Appalachian region.

However, Johnson himself put the Senate on notice that he is hoping for final passage of the bill by the end of this month or early next month.

Reservations Open Next Week For Summer School Housing

Law, Puryear, Mitchell, Legett and Milner will be the dormitories used to house students in summer school for 1964, according to an announcement made by Harry Boyer, housing manager.

Students who are now living in these dorms and wish to keep their same rooms for the first session of summer school should report to the housing office during the week of May 11 through May 15. Students changing rooms or dorms and bringing a room change slip from the housemaster of the new dorm should also sign up during that week.

All students not signing up dur-

Campus Theater To Host 'Caesar'

The English Society in coordination with Sigma Tau Delta will sponsor the presentation of Metro Goldwyn Mayer's 1962 film, "Julius Caesar," Monday at 8 p.m. at the Campus Theater.

The cinema features an impressive cast which includes Marlon Brando as Antony, James Mason as Brutus, Louis Calhern as Caesar, Edmond O'Brien as Casca, John Gielgud as Cassius, Greer Garson as Calpurnia and Deborah Kerr as Portia.

Brown, Kasowski Win First In Fish, Soph Math Contest

Michael A. Brown freshman aerospace major and R. V. Kasowski, sophomore physics major, have been announced by the Department of Mathematics as first place winners in the annual A&M University Freshmen and Sophomore Mathematics Contest held last week.

Brown and Kasowski each received an engraved gold watch.

Second place in the freshmen division was awarded to David A. Cohen, aerospace engineering major from San Antonio. Third place went to James T. Oliver, math major from Grapeland.

Second place in the sophomore division went to John C. McKinney, math major from Crane. Roger Cruz, electrical engineering major from San Antonio, received third place in the contest.

Nineteen freshmen and seven sophomores entered the two hour competition.

Those winning second place in each division won prize money of \$15. Third place winners received

\$10. Prizes were provided by the Robert F. Smith Memorial Fund, except for the first place sophomore which was furnished by the Hillel Halperin Award Fund. Smith and Halperin were mathematics professors at A&M.

Veteran Designer Of Highways Dies

Thomas J. Kelly, who spent 37 years designing Texas highways, died Wednesday in a Bryan hospital.

The 70-year-old civil engineer was graduated from A&M in 1918. He was head of the Design Section of the Texas Highway Department for seven years. He worked for the Highway Department from 1921 until 1954 and was a division engineer in San Angelo, Beaumont and Pecos.

Kelly came to A&M in 1954 as a research engineer for the Texas Transportation Institute and retired in 1958.

A&M Chancellor Emeritus Gibb Gilchrist, who served as State Engineer for the Texas Highway Department for 11 years, termed Kelly's contributions to the design of Texas highways "greater than those of any other one man . . ."

Adjunct To Add New Techniques

The A&M University's "Hill Country" school is adding something new this summer.

"The latest educational techniques: programmed materials and teaching machines will be used to supplement supervised study," Director W. D. Kutach said.

The A&M Adjunct offers courses in English, mathematics and physical education taught by A&M professors. A student may earn six or seven hours of academic credit in four different study programs.

The program at Junction planned to help new college freshmen make the transition from high school, has attracted a number of out-of-state students this year, Kutach said.

"Only a few places remain," he reported.

The first session begins June 1 and the second opens July 13. Openings also remain for the second six weeks.

The Adjunct serves 190 freshmen each term. Limited enrollment, counseling and guidance opportunities, and supervised study environment benefit students, Kutach said.

Eminent Biologist Speaks At Lecture Series Finale

Dr. Bentley Glass, eminent biologist who has filled high offices in scholarly and other organizations, will lecture Thursday night to complete the A&M University Lectures Series.

Glass, who was educated in Texas, has been at Johns Hopkins University since 1947.

"Human Heredity and the Ethics of Tomorrow" is the lecture topic at 8 p.m. Thursday in the Chemistry Lecture Room.

The program completes the first year of the University Lectures Series which has brought distinguished persons to speak at A&M. The free lectures are open to the public.

Glass, former president of the American Association of Univer-

sity Professors, serves currently as vice president of Phi Beta Kappa. He is or has held offices in the American Institute of Biological Sciences, the Genetics Society of America and the American Association for the Advancement of Science.

A prolific author, Glass has served as editor of several publications. In 1960 he published "Science and Liberal Education" and he has written more than 175 scientific, professional and general articles.

Professor Glass is a member of the National Academy of Sciences, American Academy of Arts and Sciences, the American Philosophical Society and other organizations.

A&M Consolidated Concert Singers To Present 'Night Of Music' Friday

The Concert and Mixed Choirs of A&M Consolidated High School will present their annual Spring Choral Concert, "Night of Music," at 7:45 Friday night in the school's auditorium.

Admission to the concert is free.

The combined choirs are under the direction of Frank Coulter. The group was recently awarded the Interscholastic League Silver Sweepstakes Plaque for superior concert singing.

The program will feature choral, quartet, trio, solo, ensemble and specialty numbers. The finale will be major portions of "The Peaceable Kingdom," a contemporary religious composition by Randall Thompson.

The Concert Choir sang six numbers as an Honor Choir at the All-Youth Music Festival held at the State Fair of Texas and joined in the 2500-voice choir composed of music students from all regions of the state.

They have made local appearances at the First Presbyterian Church in Bryan, Channel 3 in Bryan, the A&M University YMCA, and they provided Christmas music in the lobby of the University National Bank, College Station.
