

Bryan-CS Is Ripe For New Industry

The executive director of the Texas Industrial Commission said Friday the Bryan-College Station area is most favorably situated for the location of new industry.

"Educational facilities are the first thing being considered by industries seeking new or additional locations," commented Harry W. Clark.

In his report, Clark reviewed the financial aspects of industrial development in Texas, Arkansas, New Mexico, and Oklahoma. He said the state government of Texas spends the least of the four on industrial development, and justly so, because of the amount of money spent at local and regional levels.

Clark's report ended the two-day conference attended by more than 250 persons.

L. C. Aubuchon, regional buyer for Sears Roebuck and Company in Dallas, said earlier he is personally in favor of the sale of revenue bonds in Texas to assist communities in gaining new industry.

"I think it will require state legislation to put revenue bonds into effect," he continued. "This would give people in the community the opportunity to actively support new industry. They would ask 'how is our plant doing?' not 'how is their plant doing?'"

\$6.95 Get Galey & Lord Square-Ply Slacks by Tulane at LOUPOT'S North Gate

Club Rooms Ready

Organizations wishing to apply for meeting rooms in the Memorial Student Center should contact the Social and Education Department of the MSC starting at 8 a.m. Thursday.

TIDC Elects J.N. Schuelke

John N. Schuelke, vice president of the Bank of the Southwest in Houston, has been elected president of the Texas Industrial Development Council for 1965.

His selection was announced here Friday at the 14th annual Texas Industrial Development Conference. J. W. Perryman, director of area development for Lone Star Gas Co. of Dallas, was elected vice president, and Clarence Garrard, assistant vice president of Fort Worth National Bank, Fort Worth, was named secretary-treasurer.

Board members for the coming year will include Bryce McIntyre, Bonham; Lee Nelson, Orange; Frank W. Ebaugh, Jacksonville; Robert B. Seal and Coy Stanphill, Dallas; Daniel M. Manfull, Killeen; W. P. Ludwig, Jr., and Robert H. Brewer, Houston; John E. Babcock, Austin; Oscar E. Castillon, Fort Worth; Silas B. Ragsdale, Denton; W. C. Price, Corpus Christi; Howard D. Bessire, El Paso; Lee G. Rising, Amarillo; Otis D. Sale Jr., San Antonio, and Perry J. Shepard, College Station.

B-CS Toastmasters Make Public Invite

Members of the faculty and staff and A&M students interested in improving their public speaking ability have been invited to attend the Bryan-College Station Toastmasters.

The invitation was extended by L. H. Westmoreland, executive vice-president. The group meets at 6:30 p.m. each Tuesday in the Triangle Restaurant.

AN AUSSIE PROFESSOR
Dr. C. F. Kettleborough, right and Dr. Clifford M. Simmang.

YR's Plan Precinct Campaign For Goldwater Victory In '64

The A&M Young Republicans, working with the Brazos County Republicans, set campaign plans Monday on the precinct level for the national elections slated Nov. 3.

Dr. Murray Brown of the Brazos County Republicans was guest speaker at the meeting, explaining the groundwork laid for the campaign in Brazos County.

Brown told the 55-member group that Republican presidential candidate Barry Goldwater has a campaign that can win, and one that can be a winning campaign.

"But Texas is a big state,"

Brown added, "and to win work will have to be conducted in every precinct." The only way to get votes is to get representatives in each precinct.

"Goldwater has already been defeated by President Johnson with the money vote," Brown said. "What we need to do now is, retire Johnson so he can relax and enjoy spending that 13 million of his."

The Brazos Republican chairman of Precinct 13 went on to explain how the local party plans to carry out this year's campaign in the precincts.

He said the party will conduct a house to house canvass through October, and will ask for volunteers in the work.

In other club business, president Everett Lindstrom, senior architect major from Channelview, appointed Mike Hooper, senior accounting student from Santa Rosa, chairman of campus precinct organization.

Doug Hewett, junior from San Antonio, resigned from his post as district committeeman to the Executive Council of the Texas Young Republican Federation. Allen Barnes was appointed in his place.

SCONA Meeting Set For Freshmen

All freshman applicants are urged to attend the Tenth Student Conference on National Affairs (SCONA X) meeting scheduled for 7:30 p.m. Wednesday in the Assembly Room of the Memorial Student Center, Garry Tisdale, SCONA X chairman, has announced.

Approximately 160 applications were recently made for SCONA X at the Freshman Open House at the MSC.

Aussie Specialist Added To Staff

A transplanted Englishman who is an Australian professor of mechanical engineering with an international reputation is a visiting professor this semester at A&M.

Dr. C. F. Kettleborough of the University of New South Wales in Sydney, Australia hastens to point out that he has seen only one wild kangaroo in Australia and he much prefers talking about the rapid industrialization of the land down under.

"Kettleborough has an international reputation in the field of lubrication and also is known widely for his work in hydrodynamic theory," Dr. Clifford M. Simmang, head of the mechanical engineering at A&M, pointed out.

The visiting professor who plans to be here until February is teaching a course in lubrication and conducting seminars on matrix methods and fluid mechanics.

A&M's reputation, in its data processing facilities and location influenced his decision to come here. He said he also appreciates the fact he drives only a few minutes to reach the campus while in Sydney he must drive 22 miles.

The University of New South

Wales was established as a technological college after World War II and became a university only a few years ago. It has one of the largest mechanical engineering departments in the British Commonwealth.

"We do a lot of teaching by closed circuit television," Kettleborough said.

He received his first degree from the University of Sheffield in England in January, 1944. After wartime work as a scientific officer and a short time with industry, he returned to the university. In 1950 he received the PhD degree, then went to the University of Melbourne in Australia.

ARE ALL GREAT CHEFS TEMPERAMENTAL?

We can't really say if they're all temperamental... but we know about the chef at Ramada Inn! His disposition is so miserable... his voice so loud and abusive... if his food wasn't so spectacular he'd be out of work tomorrow! Temperamental isn't the word for him. But the way he prepares a steak! Easily angered? Salads like you've dreamed of? Mean and sassy? Well, we didn't hire him because he was a nice guy.
