

Guion Hall To Feature New Pictures, Projectors

BETTER, BRIGHTER FLICKS AT GUION
... William Spooner, middle, factory representative from Carbons Inc., explains operation to Alfred Thielemann, left, and Gayle Burrage.

A highly profitable summer at the Grove Theatre has changed several things for Guion Hall patrons this fall.

"We had a good summer with our Grove movies and we intend to use the profits, both monetary and experience-wise, to make the entertainment at Guion Hall this year much better for the Aggies," said Wallace Johnston, Student Program Advisor.

For the first time in two years, a wide variety of concessions will be sold across the counter. Candy, fountain cokes and popcorn will be available to customers who attend Guion Hall movies.

The biggest change in store for Guion movie-goers however, will be in the quality, brightness and focus of the picture they will be viewing.

Beginning Friday, with the movie "Last Train From Gun Hill," new projection equipment will be used. The projectors will feature a unique type of light source known as the XeTron Bulb.

"With this new type of lamp the picture will be more than three times brighter than with our old 1200 watt bulbs," said Johnston. Although projection equipment of this type is now in use at the New York World's Fair and at NASA in Houston, our new equipment will be the first of its type to be used by any university in the Southwest.

By bringing such movies during

the Fall as "Something of Value," "Hatari," "The Commancheros," "The List of Adrian Messenger," "Adventure of a Young Man," "The Bravados" and others in the Spring such as "To Kill A Mockingbird," "The Birds," "Back Street," "The Rack," "The Pigeon that Took Rome," "The Ugly American," "Psycho," and "A Gathering of Eagles," and by offering better concession, plus a finer quality picture, Guion Hall expects to provide a greater degree of relaxation and entertainment to the Aggies and other patrons, Wallace said.

In addition to the regularly scheduled movies, Guion Hall will

present several films produced in foreign countries. Such award winning classics as "9 Hours to Rama," on October 9-10, "Two Women" on December 11-12, "Last Year at Marienbad" on February 12-13, and "Ballad of a Soldier" on March 12-13 will be shown as a special added attractions. Also the classic story of A&M, "We've Never Been Licked," will be shown on the November 20th week-end preceding the T.U. Game.

"This year promises to be a big one for Guion Hall and we plan to go all-out to make it as enjoyable for those who come here to see good movies," said Mike La-

Vallee, student manager of Guion Hall.

CORPS FRESHMEN YEARBOOK PORTRAIT SCHEDULE

FRESHMEN IN THE CORPS will have their portrait made for the "Aggieland '65" according to the following schedule. Portraits will be made at the AGGIELAND STUDIO, ONE BLOCK NORTH OF THE intersection at North Gate, between the hours of 0800 and 1700 on the days scheduled.

PLEASE NOTE: The studio will have NO BAND BRASS. Band members are requested to bring their OWN BLOUSE WITH BRASS.
15-16 White Band

Peach Growers Congregate

Subjects ranging from roadside marketing to fruit orchard evaluation will be discussed during the 12th annual Peach and Plum Growers Shortcourse and Conference here Tuesday and Wednesday.

The meeting is organized each year by officers and directors of the Texas Peach and Plum Growers Association, with assistance from A&M research and extension personnel.

B. G. Hancock, extension horticulturist and secretary of the association, said a panel discussion on roadside marketing of fruit will be one of the main short course attractions.

"An ever-increasing volume of

our fruit is being sold through roadside markets," Hancock said. "There are many types of roadside market operations. This panel will illustrate the wide variations and possibilities."

Panel members are Tom E. Denman of the West Cross Timbers Experiment Station at Stephenville, Roland McMinn of Mineral Wells, Jimmy Drennan of Pittsburg and J. K. Johnson Jr., of Weatherford.

Hancock said another program feature is a trade panel of buyers and growers to discuss peach trade wants and standard containers for Texas peaches.

Education Department Staff To Hear Connally Address

Five members of the Department of Education and Psychology will hear Governor John Connally speak at a joint meeting of the Texas Association of School Administrators and the Texas Association of School Boards in the City Auditorium in Austin Sunday and Monday.

Those leaving Sunday morning for the meeting will be Dr. Grady Parker, Dr. Robert Randall, P. L. Stevens, John Hoyle and Dr. Paul Hensaring, head of the department.

The Autumn issue of the "Arkansas Historical Quarterly" contains an article by Garland E. Bayliss of the history faculty. The article entitled "Post-Reconstruction Repudiation: Evil Blot or Financial Necessity?" is a part of Bayliss' research into Arkansas politics during the years 1874-1896.

Bayliss' article based upon original manuscript and newspaper sources tells in an unbiased way for the first time the story behind the repudiation of approximately \$12,000,000 of Holford Bonds, railroad aid and levee bonds.

Post Office Limits Window Services

Window service at the south station post office will be reduced to one hour starting Saturday morning. In accordance with President Johnson's economy drive, the window will be open for delivery of packages and large mail from 9:30 to 10:30 a.m.

If any other services are needed, they may be secured until noon at the main station at North Gate.

The post office also announced extended window hours during the week of Dec. 5 to 26 and a six-day work week for parcel post deliveries during the Christmas rush period.

for the first time the story behind the repudiation of approximately \$12,000,000 of Holford Bonds, railroad aid and levee bonds.

For the next three months, Jan Bonsma, visiting professor of animal husbandry, will visit four cattle production regions of the state to conduct talks and demonstrations.

Bonsma's stay is made possible through an \$18,000 grant to the Texas Agricultural Experiment Station from the Wortham Foundation in Houston. He is an internationally known animal scientist from South Africa's Pretoria University and will be here for a year.

His talks and demonstrations will deal with selecting and breeding beef cattle for functional efficiency.

ARE ALL GREAT CHEFS TEMPERAMENTAL?

We can't really say if they're all temperamental... but we know about the chef at Ramada Inn! His disposition is so miserable... his voice so loud and abusive — If his food wasn't so spectacular he'd be out of work tomorrow! Temperamental isn't the word for him. But the way he prepares a steak! Easily angered? Salads like you've dreamed of! Mean and sassy? Well, we didn't hire him because he was a nice guy.
