The appointment of Dr. L. V. McNamee, assistant superintendent of the Waco schools, to the A&M education faculty, effective Feb. 1, has been announced by Dr. Paul Hensarling, head of the Department of Education and Psychology.

McNamee who holds degrees from Baylor University and the University of Houston is a veteran educator whose special interests are administration and curriculum and instruction supervision.

"The Waco public schools are recognized for having an outstanding instructional program . . . and McNamee has been in charge of the development of this program," Hensarling said.

The new faculty member will direct the program of instruction for the certification of school superintendents and will assist in the area of curriculum and instruction for supervisors and assistant superintendents, Hensarling said.

McNamee is described as "productive in research and the author of many publications related to public education."

McNamee received the BA degree from Baylor in 1938, the Master of Education degree from the University of Houston in 1949

and in 1958 received the Ph.D. degree from that university.

He was elementary school principal in the LaMarque schools in 1946-50 and then was named assistant superintendent for instruction and curriculum. In 1959 he joined the Waco schools as director of personnel and secondary instruction and a year later became an assistant superintendent for curriculum and instruction and director of secondary education.

A&M High Plans Homecoming Fete

A&M Consolidated High School will celebrate its homecoming weekend, Oct. 22-23. On schedule for the two days are a bonfire and snake dance at 7 p.m., Oct. 22, a varsity football game at 8 p.m., Oct. 23, and a dance afterwards.

The locals meet Brenham in the game. Halftime ceremonies will be highlighted by the crowning of the homecoming queen.

Immediately following the game a dance will be held in the Presbyterian Student Center. It is sponsored by the high school choir and choir parents.

Singing Cadets Officers
Donald E. Pusch, center is the newly elected president; James A. Rupley, business manager; Don Warren, publicity; and Kurt A. Schember, librarian.

Thompson Attends Consolidated Junior Play Weather Conclave Slated Oct. 22

Dr. A. H. Thompson of the A&M meteorology faculty has recently returned from Washington, D. C., where he attended conferences on the newly launched Nimbus-A weather satellite and his studies based upon photographs from the earlier Tiros system.

The purpose of the trip, said Thompson, was to report on the work he has been doing concerning the use of weather satellites in connection with weather predic-

tion and warning. He has been working with the U. S. Weather Bureau several years.

The study, said Dr. Thompson, is intended to obtain comprehensive observations of the weather and to learn how to apply them to specific areas.

The new satellites are very helpful, he said, because they cover 100 per cent of the area of the earth as compared to 15 per cent covered by all the other means combined. Being able to make the observations is in itself a major breakthrough, he added.

Thompson said that scientists have been able to get a better idea of the continuity of the weather formations through use of the satellites. They can tell the type, height, and the dimensions of clouds and relate them to weather.

However, he continued, the satellite studies haven't been really important up to date but they are expected to grow in importance as scientists learn how to apply them.

CIVILIAN FRESHMEN Aggieland '65

Civilian Freshmen will have their pictures taken for the Aggieland '65 starting the 5th of October and running through the 16th of October. Pictures will be taken at the Aggieland Studio at North Gate between the hours of 8:00 a. m. and 5:00 p. m. Coat and ties should be worn.

October 14-15 Maroon Band . . . 15-16 White Band

Here's GOOD NEWS!

Another new church! The newspaper article says the population in Bill's suburban neighborhood is growing so fast that even more churches will soon be needed. Bill thinks this is just great.

"A community is a better place when there are plenty of churches," he says. "It's good for the children and the young people . . . it's good for everybody! We all need some sort of anchor for our lives, and the Church is the best one I know of."

Bill's right. When people work together for their church . . . when people pray together for guidance . . . it can't help but lead to a greater spirit of tolerance, fellowship and cooperation in the whole community.

In order to play its full part, the Church needs you, your prayers and your support. In return the Church offers you a priceless gift . . . the Truth that shall make you free.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
