CAMPUS BRIEFS

Dietz Elected 'Y' Area Chairman

A&M junior Irving M. Dietz III of Corpus Christi is the newly-elected chairman of the Student YMCA three-state Area Council.

In the new post he is top leader for student YMCA's in Arkansas, Oklahoma and Texas. Late this summer he will represent the area at the National Student YMCA Council meeting at Lake Geneva, Wis.

Dietz, an economics student, was elected during an area council meeting held near Palestine, J. Gordon Gay, general secretary of the A&M YMCA, reported Thursday.

Dietz serves in the campus "Y" as program chairman.

3 Mexicans To Visit Campus
Three officials of the University of Coahuila, Mexico, will visit Monday with A&M officials as part of a four-day tour of Texas.

The visit is in conjunction with A&M's Foundation contract to furnish technical agricultural help to the University of Coahuila's preparatory school at San Pedro, Mexico, during the next two years.

Heading the group will be Dr. Lorenzo Martinez Medina, director of agriculture for the University of Coahuila. Ing. Anibal Flores Neira, director of the preparatory school at San Pedro, and Ing. Miguel Salazar, a professor at the San Pedro school, are other members of his party.

The group will be accompanied on a tour of agricultural facilities in Austin, Nixon, Cuero, Nordheim and Goliad by John Holcomb, associate professor of agricultural education at A&M.

Monday's itinerary calls for the visitors to talk with Dr. M. T. Harrington, chancellor of the A&M System; Dr. R. E. Patterson, dean of the College of Agriculture and director of the Texas Agricultural Experiment Stations; President Earl Rudder; Jack Gray, director of international programs, and with other consultants. They also will visit a meeting of the Texas Swine Breeders Association Monday afternoon at the Memorial Student Center.

Kadets Enter Air Meet
Seven members of the Flying Kadets will participate in the National Intercollegiate Flying Association Air Meet April 22-24 at Purdue University in Lafayette, Ind.

James Sedberry of Tampa, Fla., president of the Kadets, said current plans call for the group to fly to Lafayette in a Cessna 172 and a Bonanza.

They will compete in power-on precision landings, power-off precision landings, a navigational event, and a "bomb" drop. Seventeen universities and colleges are expected to be represented in the competition.

The "bomb" drop is more humorous than deadly. Contestants drop a two-pound bag of sand and flour from their airplane at a height of 200 feet at a target. The flour gives the "bombardier" an indication of his accuracy.

In addition to Sedberry, the A&M representatives will include Travis Raun of El Campo, John Harris of Juneau, Alaska, S.D.N. Smith of Uvalde, Dennis Bentley of Ackley, Iowa, Larry Anderson of Woodville, and John Kunzman of Ottumwa, Iowa.

Sedberry, Bentley, Smith and Raun are private pilots.

Easter Egg Hunt Planned

The Apartment Council presents its annual Easter Egg Hunt from 4-5:30 p.m. Sunday at Hensel Park. Candy eggs, punch, and prizes will be given.

Residents with Civilian Student Activity Cards will be admitted free, and those not having their Student Activity Cards will be charged \$1.00 per family.

Police Course Scheduled

Twenty police officers from Richland Hills, Hurst, Haltom City, White Settlement and Grapevine are expected to participate in a basic police course Monday - April 23 in Richland Hills.

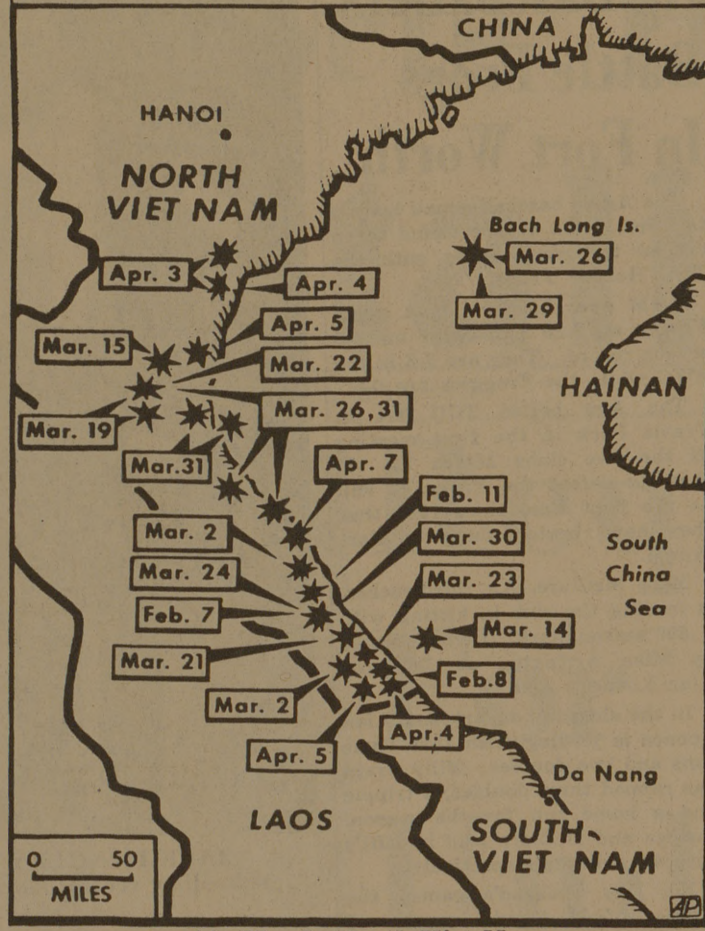

Instruction will be from 2 to 4 p.m. daily, Monday through Friday, at the Richland Hills City Hall.

Wallace Beasley, coordinator of police training for the Engineering Extension Service of A&M, will be the chief instructor. Two members of his staff, Ira E. Scott and Bill E. Caffee, also will teach.

Laws of arrest, search and seizure, evidence, narcotics violations, mob and riot control, and juvenile control will be covered in the school.

Graves To Speak In Detroit
Dr. William H. Graves of the A&M education faculty has accepted an invitation to speak to the International Reading Association conference in Detroit May 6.

His topic will be "College-Centered Teacher In - Service Training Programs." Graves established such a center at Beaumont independent school districts before coming to A&M.

Canine Declared Chronic Alcoholic

LONDON (AP) — Patsy, a 7-year-old part Irish wolfhound, has been declared a chronic alcoholic.

Said the owner Mary Shannon: "Our vet says that in all his experience he's never seen an alcoholic dog before."

Patsy is a four-pint-a-day dog suffering painful hangovers. The hangovers are so awful he has

to be given two aspirins per hangover.

He even has his regular pub — the Hope and Anchor — in London's East End.

"He used to drink stout," explained Mrs. Shannon, 24, but that seemed a bit heavy for him so he switched to light ale.

"It's becoming quite a problem because he drinks about four pints — and feels awful the next day."

Asked what she was doing about Patsy's addiction, she replied:

"I took him to the vet three weeks ago, and the vet advised that he cut down. We're trying to get him to taper off."

The dog's addiction began — Mrs. Shannon can't remember just when — the day he was taken to his neighborhood pub by Mrs. Shannon and her husband.

Someone poured him a saucer of stout and Patsy liked it. Filling Patsy's saucer got to be a regular thing. Soon, the dog started going to the pub on his own.

Engineers Given Grant By Shell

A&M's College of Engineering has been granted a \$5,000 Shell Fellowship to aid in the education of graduate students and young teachers studying for advanced degrees in science or engineering, announced Dr. Richard E. Wainardi, associate dean of engineering.

Recipient for this year's fellowship has not been selected, Wainardi said.

The grant will be given to a student studying either Petroleum Production Engineering or Mechanical Engineering.

DEFEAT AND VICTORY

THE CHURCH FOR ALL • ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

One hundred sixty-two feet high and one hundred forty-seven feet wide Napoleon built his arch of triumph. Proudly it rises above the Place de l'Etoile reminding the world of an Emperor's early victories — and later defeats.

On the road from Bethphage to Jerusalem centuries before there had been another arch of triumph. Nature had fashioned it of palm trees. Beneath their bowing branches the Prince of Peace rode into the city that was to crucify Him.

Jesus, unlike Napoleon, never had need of a gigantic monument to help the world remember Him. The doors of a million churches bespeak His victory. Men pass through them not to gaze upon the majesty of carved stone, but to worship and serve the Son of God.

Napoleon bought for himself a transient glory at the price of other men's blood.

Jesus bought for All Men eternal life — at the price of His Own Blood!
