## Bryan AF Captain Killed in Viet Nam

WASHINGTON — The Defense Department listed three more Texans Tuesday as recently killed in action in Viet Nam.

They were:  
Air Force Capt. Charles Allen II, husband of Mrs. Donna Allen, 309 Dunn St., Bryan.

Marine 1st. Lt. Adam Simpson Jr., whose father lives at 229 17th St. Port Arthur.

Marine Pfc. James Thomas, son of Mrs. Iserline Grismore, 5606 Ramay St., Fort Worth.

## Boy, 15, Stays Calm Rescuers Push Forward

MEDINA, Ohio — Morris Baetzold, hungry and cold, but still calm, was stuck head-first in a narrow tunnel in a cave today while rescuers figured how to get him out.

"That kid's got a lot of guts," said a police official. "He has been in there all this time and he's still calm."

Morris, a 15-year-old youth who lives at the Methodist Children's Home in Berea, near Cleveland, went exploring with companions Tuesday and wandered into "Wildcat Cave" at Whipp's Ledges in Hickley, about 12 miles north of here.

He began to crawl around the various tunnels leading off the main cave, went around a big slab of rock, and slipped into a V-shaped crevice. He is held fast by the waist.

Rescuers have tried with no success since shortly after noon Tuesday to free him.

## Johnson Surprises Everybody With Health

WASHINGTON — President Johnson looks like a man enjoying perfect health. This is the general impression of most people who see him regularly.

If Johnson has given any hint — outside his inner circle — of the gall bladder trouble that will lead to surgery on Friday, the clues have been almost impossi-

ble to spot and went unnoticed.

To White House newsmen, who seek portents in every change of presidential demeanor, the announcement of Johnson's latest health difficulty came as a total surprise — though they see him almost every day.

Johnson did look tired and peaked at times earlier this year. But in recent weeks he has seemed fit, rested and well tanned from occasional weekend holidays in the Texas sun.

And this general impression apparently has extended to members of the inner circle.

## Humphrey Takes Over Presidential Duties

WASHINGTON — A specific agreement provides that Vice President Hubert H. Humphrey will act for President Johnson if need be during the latter's hospitalization for removal of his gall bladder.

This was emphasized Tuesday by the President in announcing the forthcoming operation. However, he said he does not "anticipate the need for presidential decision, or actions, during the short time that I will not be available for the purpose."

Johnson and Humphrey have had an agreement since shortly after their election, providing:

1. In case of inability, the President would — if possible — so inform the vice president, and the latter would serve as acting president, exercising the duties of the office until the inability ended.

2. In the event an inability prevented the President from communicating with the vice president, the latter, after such consultation as he deemed appropriate, would decide whether to take over the powers of the office and serve as acting president until the inability ended.

3. In either event, the President would decide when the inability had ended and at that time would resume the full exercise of his powers and duties.

## BRONZE STAR WINNER

Maj. John R. Vilas, right, receives the Bronze Star from Lt. Col. D. L. Baker, professor of military science at Texas A&M. Vilas was cited for meritorious service in ground operation in Viet Nam during the past year. He also received the Air Medal for his exploits. At A&M he is working toward a master degree in industrial education.

## 'Hams' Ready To Serve Ag Many Others

Operating from over the bowling alley in the Memorial Student Center, the Amateur Radio Committee has served both the public and the public in the past and stands ready to do so again.

The committee was awarded public service awards from the American Radio Relay League for its service during Hurricane Carla and Wichita Falls floods.

But the main purpose of the "hams" is to help out Ag Telephone patches to almost any major city in the United States can be made at no charge, and many foreign countries may be reached with a "third party" agreement.

The secondary purpose of the committee is as a hobby group within the MSC. The hobby group is open to both operators and non-operators, and classes will lead concerning the conduct of the hobby.

Presently the Radio Committee has a large 1,000 watt transmitter with an extremely sensitive receiver and a smaller transmitter for use by novice licensees.

The club is also in the process of buying two ultra-high frequency two-meter transmitters.

The radio committee serves the communications network the bonfire and during "7 Day."

During the bonfire they coordinate activities between the tent and stacking areas. They handle "two-way" radios, they coordinate the work done with each of the areas.

If a person wants to send a message, all that needs to be done is to fill out one of the message blanks on the message table outside the bowling alley. The blank should be filled out completely with a return address. In the event the party can not be reached, the message will be returned.

## Rudders Receive Dutch Oil Painting

An oil painting of a Dutch marshland landscape by Leffner has been given to the A&M President and Mrs. Leffner.

Donor of the painting is O. C. Krueger of San Antonio, 1912 civil engineering graduate of Texas A&M.

The painting has been hung in the president's new home.

## Argentine Agriculturists To Visit Here During Tour

A group of 24 Argentine farmers and ranchers will tour agricultural points of interest in Texas as part of a trip that began in Washington, D. C.

Major stops in Texas are in Fort Worth, Dallas, Corsicana, Texas A&M University and Houston. Their overall trip is sponsored by the U. S. Agency for International Development (AID), with the U. S. Department of Agriculture and land-grant universities cooperating.

The Argentinians hope to adapt knowledge they gain in the United States to their own programs for agricultural development.

They visit A&M next week and will inspect the meats laboratory, silage production systems, cattle

feeding operations and other university facilities.

The Argentinians, led by Extension Service Agent Luis Grippo of Buenos Aires, are Jose Barrague, Orlando Bartolomeo Vedacarratz, Luis G. Cifone, Carlos Alberto Cordero, Fabriciano Cordero, Andres Esteban Durcudoy, Luis Echegary, Roque Fernandez, Rodolfo Andres Guarrochena, Domingo Guerenio and Fermin Juan Irurzun.

Others are Rene Daniel Issaly, Antonio Lapaco, Isidro Lopezbeltran, Orlando Raul Majorel, Serafin Eulogio Martin, Jose Luis Nieva, Tomas Niven, Armando Enrique Orsi, Ricardo Francisco Pompermayr, Marcos Razquin, Julio Carlos Senepart, Jose Luis Urriaza and Victor Alberto Urruti.

Their technical leader on the trip is Philip K. Hooker of Greenbelt, Md., USDA training specialist.

The Texas tour was arranged by Dr. Jack Gray and Paul Creech, director and assistant director, respectively, of the A&M Office of International Programs, and by Dr. Vance Edmondson of the A&M Agricultural Economics and Sociology Department, campus coordinator for the AID-Argentine contract.

## Future Farmers Choose Delegates

The Texas A&M Collegiate FFA Chapter recently selected two delegates to be representatives at the National FFA Convention held Oct. 11-16 in Kansas City Kan.

The two selected were Danny Akin and Ronald LuDuque. Bill Jackson and Jay Grimes, staff members of the Agricultural Education Department, and Advisors to the collegiate chapter, will also attend.

Darrell Kinnard, a senior agricultural education major from Granbury, will receive his American farmer degree at the convention.

Collegiate FFA Chapter members will be involved this Friday and Saturday in a leadership training school to be held in Jacksboro for the Oil Belt District and a student teacher workshop conference at Sam Houston State College in Huntsville.

# Kick the dull driving habit. Step out in a lively Dodge Coronet.

Isn't it time you joined the Dodge Rebellion?

Forget all you've seen and heard about '66 cars. Because Coronet is here... sharp, smart and sassy, the greatest thing from Dodge since Year One. Loaded with luxury the higher-priced cars haven't caught onto yet. With a choice of five engines, each one designed to make the walls of Dullsville come tumbling down. And with a whole slew of standard equipment that used to cost extra. Like an outside rear view mirror. A padded

dash for extra safety. Variable-speed electric windshield wipers and washers. Backup lights. Turn signals. Seat belts, two front and two rear. And, as some extra frosting on the Coronet cake, a 5-year or 50,000-mile warranty.\*

Enough said to get you really tempted? Now let's get away from the look-alike, drive-alike, first-cousin cars with Coronet, a car with a lively personality all its own.

CHRYSLER MOTORS CORPORATION '66 Dodge Coronet

\*HERE'S HOW DODGE'S 5-YEAR, 50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY PROTECTS YOU: Chrysler Corporation confidently warrants all of the following vital parts of its 1966 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings.

REQUIRED MAINTENANCE: The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

Join the Dodge Rebellion at your Dodge Dealer's.

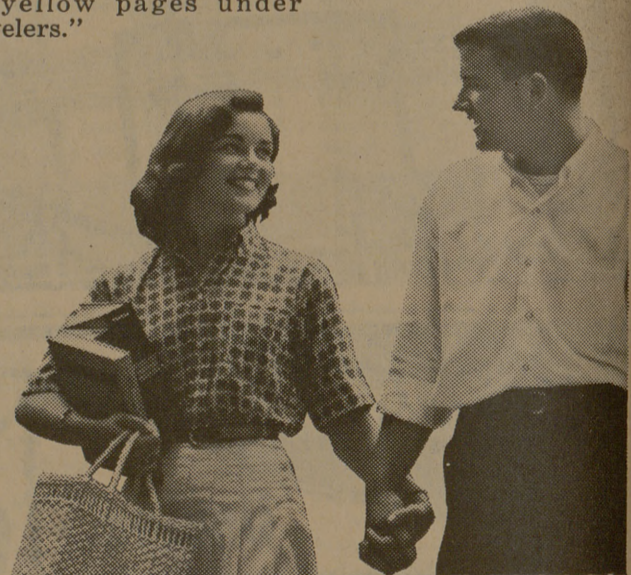

WATCH 'THE BOB HOPE CHRYSLER THEATRE' WEDNESDAY NIGHTS ON NBC-TV. CHECK YOUR LOCAL LISTINGS.

## The ENGAGE-ABLES go for Keepsake®

Prices from \$100. to \$2500. Rings Enlarged to Show Beauty of Detail. © Trade-Mark Reg.

Each Keepsake setting is a masterpiece of design, reflecting the full brilliance and beauty of the center diamond... a perfect gem of flawless clarity, fine color and meticulous modern cut. The name, Keepsake, in the ring and on the tag is your assurance of fine quality. Your very personal Keepsake is now at your Keepsake Jeweler's store. Find him in the yellow pages under "Jewelers."
