

**ENGINEERS**

**SIGNAL OIL AND GAS COMPANY**

1010 Wilshire Boulevard  
Los Angeles, California

The fastest growing oil company in the west has career opportunities available for graduating Petroleum, Mechanical and Chemical Engineers. Current openings are in Refining, Natural Gas Processing, and Crude Oil Producing operations. Principal places of employment: Los Angeles, Huntington Beach, and Bakersfield, California; Houston and Midland, Texas.

If you are interested in an engineering future which offers job challenge, advancement and security, see Signal's Employment Representatives.

**ON-CAMPUS INTERVIEWS**

Place: Engineering Placement Office

Date: October 14, 1965

Time: 9:00 AM - 5:00 PM

Contact the Engineering Placement Office for additional information.

**Hospitality Group Needs More Hosts For Foreign Guest**

The Texas A&M Hospitality Committee is seeking more hosts for international guests in Bryan and College Station.

Mrs. Tom Prater, committee chairman, said more personal contact is needed between people of the community and international students and guests.

"We sponsor teas and receptions," Mrs. Prater added, "but we need more people who are willing to visit with our international friends, help them with their problems and make them feel welcome.

"There are many international students who have been at A&M for a year or two, and have never been in a home," she said. "Too many of the international student wives are lonely. They get homesick because they do not participate in community activities."

A wives' tea, sponsored by the committee, is scheduled from 3 to 5 p.m. Oct. 22 in the YMCA South Solarium. Interest tables will be set up for beginning conversational English, swimming, foods, baby care, laundry and other subjects, Mrs. Hal Taylor, coordinator of the wives program announced.

Saturday night is all-student games night in the MSC. Cards, dominoes and other games are played, starting at 8 o'clock.

**THE BATTALION**

**EMPLOYMENT**

**NOTICE**  
Designations as to sex in our Help Wanted and Employment Agency columns are made only (1) to indicate bona fide occupational qualifications for employment which an employer regards as reasonably necessary to the normal operation of his business or enterprise, or (2) as a convenience to our readers to let them know which positions the advertiser believes would be of more interest to one sex than the other because of the work involved. Such designations shall not be taken to indicate that any advertiser intends or practices any unlawful preference, limitation, specification or discrimination in employment practices.

**FLASH ONE—TWO—THREE—FOUR BEFORE CHANGING**

What new development will make indoor photography four times as much fun for the nation's millions of camera fans? The new Blue Dot Flashcube, developed by GT&E's Sylvania subsidiary for use with the new Kodak Instamatic cameras.

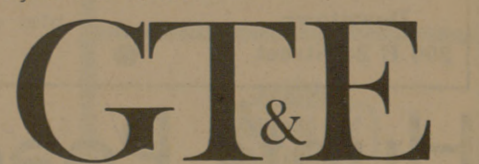

Pop one on and you're ready to take four flash pictures without changing bulbs!

The Sylvania Blue Dot Flashcube revolves after each shot, bringing a fresh Blue Dot flashbulb into position, with its own built-in reflector.

With this latest of many important innovations from GT&E, millions of home photographers will get the great shots that used to get away while they were changing bulbs.

The Sylvania Blue Dot Flashcube is another example of how GT&E keeps growing through constant research and swift response to the changing needs of the public.

If you're looking for a young, aggressive company with no limit to its growth, you may wish to view GT&E in the light of your own future.
