

## Architecture School Gets \$1,000 Grant

Texas A&M's School of Architecture has been awarded \$1,000 by Acme Brick Company of Fort Worth to sponsor guest lecturers and visiting professor's programs.

The grant was announced by Professor E. J. Romieniec, chairman of A&M's School of Architecture.

Joe Creighton, manager of marketing services for Acme Brick, said "The award is part of the company's continuing research and development program to provide a flow of new products to meet architectural and residential trends and preferences."

Nationally known lecturers and visiting professors from the Midwest, West, Southwest and East will speak at A&M during the year.

First program of the series is scheduled Nov. 17 in the School of Architecture's auditorium. William W. Caudill and Frank D. Lawler of Caudill, Rowlett and Scott, a Houston architecture, engineering and planning firm, will discuss "Clients, Communications and Concepts."

On Jan. 12, Architect Fred Bassetti of Fred Bassetti and Company, Seattle, Wash., will present a slide lecture. His topic is to be announced.

### Bulletin Board

## Aggie Band Wins Second, Leads March-In Competition

The Aggie Band placed second in the marching competition at the Baylor game march-in to protect its first-place rating in over-all competition.

The band placed second in the University of Houston contest

and first at the Fort Worth parade to lead the second-place Squadron 12 by 187 points.

Lt. Col. E. V. Adams, band director, said that the 249-member band is the largest that has been fielded in the past four years. He added that this year's group has one of the most solid brass sections in the band's history.

Membership consists of 111 freshmen, 135 returning members and three drum majors. Members come from 15 states other than Texas and from two foreign countries.

Even though A&M has no school of music or offers no music scholarships, the band boasts 26 district, regional and all-state contest winners, Adams said.

### ELECTRONIC AGE INTRUDER

A television relay tower intrudes into this one time farm scene on North Central Expressway in Dallas. What was once a farm land has become commercial and residential property on the North edge of the city. (AP Wirephoto)

## Seminar For Polygraph Examiners Set Saturday By Texas Board

A seminar for polygraph examiners is set Saturday at Texas A&M by the Texas Board of Polygraph Examiners.

H. A. Albert of Austin, polygraph examiner for the Texas Department of Public Safety, will direct the seminar in the Memorial Student Center.

Other members of the state board will assist in reviewing physiology, anatomy, psychology, mechanical aspects, test construction and question formulation.

An estimated 150 persons will take written tests Monday to qualify as licensed polygraph examiners. Tests will be administered at the Ramada Inn.

Another written test for poly-

graph examiners is scheduled here Nov. 15.

The Police Training Division of the Texas A&M Engineering Extension Service is cooperating in the seminar and administration of tests.

### Apartment Council To Hold Party

The Apartment Council will hold their annual Halloween party at 7 p.m. Friday in Hensel Park.

Apartment Council activity cards will be honored. Those attending without an activity card will be charged .50 cents.

Council members will sell cards before the party starts.

The U. S. Corps of Engineers' New England Division, which operates the Cape Cod Canal, calls it one of its "most worthwhile projects."

"Serving Texas Aggies"

"I know all about General Electric. They make toasters and irons and things like that."

"Right. Things like the world's most powerful jet engines, the world's largest turbine-generator, the world's first Man-Made diamonds. Things like nuclear power plants, suitcase-size computers and a whole new family of plastics."

"Yeah, yeah. Things like that."

Only about one quarter of G.E. sales are in consumer goods. All the rest are in industrial, aerospace and defense products.

A variety of products (over 200,000 in all). A variety of activi-

ties (everything from research and development to advertising and sales). A variety of challenges for young men who want to be recognized for their talents and rewarded for their work.

Important responsibilities come to you early at General Electric. Talk to the man from G.E. about coming to work for us.

This is where the young men are important men.

Progress Is Our Most Important Product
