

# A&M Architectural Student Gets \$1,000 Jones Grant

Edward S. Werth, a fifth year architectural design student at Texas A&M, has been awarded a \$1,000 Jesse H. Jones Scholarship. The scholarship was announced through the Texas Architectural Foundation by Houston Endowment, Inc. Similar awards went to Texas Tech and University of Texas students.

Werth will receive the award Friday during the state convention of the Texas Society of Architects in Austin.

## Three A&M To Attend Journalism Conclave

The A&M chapter of Sigma Delta Chi, national professional journalistic society, will send three student delegates and an advisor to the national convention to be held Nov. 10-13 in the Biltmore Hotel at Los Angeles.

The official delegate from the chapter is Glen Dromgoole, also chapter president and regional student vice-president.

The other two delegates will be Gerald Garcia and Hamilton McQueen.

Advisor for the trip will be Dr. David R. Bowers, associate professor of journalism.

## Girl Scout Leaders Elect Officers

Twenty-one leaders and mothers attended a meeting of the College Station Girl Scout Neighborhood Association Monday evening in the parish hall of St. Thomas Chapel.

The newly-formed association is composed of twenty-two College Station troops.

Officers elected at the meeting include chairman, Mrs. E. S. Webb; scribe-reporter, Mrs. J. G. H. Thompson; record-keeper, Mrs. M. C. Schroeder; troop organizers, Mrs. O. O. Haugen, Mrs. J. D. Dodd, and Mrs. R. S. Halliwell.

## A&M Testing Center To Be Remodeled

The Counseling and Testing Center will be remodeled in about four weeks.

The center moved from the Old Aggield Inn to room 107 of the Academic Building in June. The recent move has left the center in somewhat of a state of confusion, said Austin Kerley, head of the center.

## Job Calls

### FRIDAY

Peat, Marwick, Mitchell and Company—for accounting.

Halliburton—for chemical engineering, industrial engineering, mechanical engineering and petroleum engineering.

Prudential Insurance Company of America—for accounting, business administration, economics and mathematics.

Lockheed-California Company—for aerospace engineering, civil engineering, electrical engineering, mechanical engineering, mathematics and physics.

# European Study Plans Announced

College students interested in study in Europe during the winter, spring and summer terms are invited to apply now for Michigan State University programs beginning in 1966.

A descriptive brochure and application forms can be obtained by contacting AMLEC, 58-A Kellogg Center, Michigan State University, East Lansing, Mich.

Offered by the American Language and Education Center of MSU's Continuing Education Service, informal and economical programs are scheduled for Paris, France; Lausanne and Neuchatel, Switzerland; Florence, Italy; Cologne, Germany, and Barcelona and Madrid, Spain.

Winter programs start Jan. 10, and the spring programs, April 18, with the exception of the Madrid course which begins April 11. The deadline for winter term applications is Dec. 10, and for spring term, March 18.

Details for the summer credit and informal courses will be available soon.

The programs will feature classes in conversation, composition, grammar and reading. Participants will also visit points of historic and geographic interest, which become the topics of lectures and seminar-type discussions covering cultural, political, social and economic institutions of the country in which they are residing.

To promote the use of the foreign language and to provide them with opportunities to better understand their European contemporaries, American participants will attend classes and share living accommodations with students from many countries, including Germany, France, Italy, Spain, Denmark, Sweden, Switzerland and Great Britain.
