

Supply Work Nets Sergeant Promotion

Tech Sgt. Leonard A. Brock of the Texas A&M Air Force detachment was awarded the commendation medal by Col. Raymond C. Lee.

Brock's wife, Bernice, and his daughters, Terry and Karen, were present in the office of the professor of aerospace studies and deputy commandant for the ceremonies.

The supply specialist will be promoted to master sergeant Dec. 1.

The commendation cited Brock for supply work at a Strategic Air Command base in Massachusetts. While at Westover AFB, he increased spare parts flow to keep weapons operative at an outstanding rate in the Eighth Air Force.

Brock, from Cairo, Ga., came to A&M from Westover last August. It was the first time in 13 and one half years of service he and a twin brother were not assigned together.

The commendation medal is the fourth recognition of Brock's supply performance. He was commended for job performance in a quick engine overhaul project at Tachikawa AFB, Japan, and was named "Supply Man of the Month" of a division while at Plattsburgh AFB, New York.

Brock, Sunday School superintendent of the First Baptist Church in College Station, was presented SAC's achievement award for self-improving through education.

Brock, 33, and his family lives at 1106 Timm Street in College Station.

MEDAL AND STRIPES

Receiving the Air Force Commendation Medal is Tech Sgt. Leonard A. Brock. He was presented the medal by Col. Raymond C. Lee, professor of aerospace studies and deputy commandant at Texas A&M. Brock's wife, Bernice, tries master sergeant's stripes he will wear after promotion Dec. 1 against his right sleeve while daughters Terry and Karen look on.

Texas Engineering Society Organizes Student Chapter

A student chapter of the Texas Society of Professional Engineers has been organized at Texas A&M.

The chapter has approximately 200 members from the nine technical engineering societies within the College of Engineering, Assistant Dean J. G. Mcuire announced.

Robert H. Dillard of Houston is president. Charles R. Risinger of Gary is vice president. Louis Kronenberger Jr. of Houston, is secretary, and Dwayne Eldson (cq) of Newton, Ill., treasurer.

Objectives include emphasis of the professional aspects of engineering, encouragement of students to prepare for engineering

registration, and unification of student-faculty efforts for betterment of the College of Engineering and the engineering profession.

The Student Engineers' Council and presidents of each of the engineering technical societies comprise the executive committee.

Faculty advisors include McGuire; Dr. C. H. Sampson Jr., head of the Department of Civil Engineering, and Price Hobgood, Department of Engineering head.

A speaker will be announced for the Dec. 7 meeting of the student chapter. The chapter meets twice a year.

Recent LBJ Moves Indicate Civil Rights Issue Still Hot

By JAMES MARLOW Associated Press News Analyst WASHINGTON (AP) — The whole civil rights front will be boiling in 1966.

President Johnson gave a taste of it Tuesday night when he said he will ask Congress in January for legislation "to prevent injustice to Negroes at the hands of all-white juries."

No doubt he will ask for other legislation in the civil rights field. Thus those who may have thought that things might quiet down after the congressional battles over the Civil Rights Acts of 1964 and 1965 were wrong.

In addition, in the spring there will be a civil rights conference at the White House on how to make equal rights a national reality.

Today civil rights leaders, representing groups from conservative to radical, began a two-day session to prepare for the spring meeting.

Over the past weekend the U. S. Civil Rights Commission asked for new federal laws and full enforcement of old ones to stop racial violence and injustice in the South.

The commission urged Johnson to send more federal officers to racial trouble spots and to authorize them to make on-the-spot arrests. The Justice Department has been very restrained in the use of federal police power.

Further, the commission wants

a law making it a federal crime to threaten, intimidate or punish persons engaged in civil rights activities. This would include holding trial in federal court in an area where it is decided racial prejudice is too great to permit justice.

Meanwhile, the Justice Department is pushing a number of civil rights cases in the courts.

Johnson called attention to something else. He said he will expect immediate results from a letter just sent out by Atty. Gen. Nicholas Katzenbach calling on all agencies to ferret out discrimination in every assistance program.
