Rudder Explains Cash Decision To MSC Council

Battalion Managing Editor
President Earl Rudder told the Memorial Student Center Council why the decision was made on the Johnny Cash Show and reaffirmed his confidence in the council.

Rudder was asked Thursday by council leaders to speak to the group after the show was canceled because they feared students had lost respect for the council.

Cash had been retained by the council for a Town Hall performance for Bonfire night but Rudder squelched the how because the country and western singer had been charged with smuggling illegal drugs.
