Che Battalion REVERSE CONTESTS

# Viet Nam Truce **Expectations** Soar

SIAGON, South Viet Nam (AP)and Vietnamese units with ambushes Thursday, inflicting considerable losses, as expectations increased for at least a threeday truce for the Lunar New Year next week.

retary of State Dean Rusk would come here Saturday for talks with Vietnamese and U.S. officials stirred speculation that something extraordinary might be in the wind.

South Vietnamese battalion Thursday northwest of Saigon within artillery range of a big U. S. - Australian operation and inflicted considerable losses.

## **CSC** Selects 'The Traits' For Weekend

The Civilian Student Council Thursday night tentatively selected The Traits, who play with Roy Head, to play for the Civilian Student's Dance March 26.

President James Oliver suggested to the Council that the dance be held at Sbisa Dining Hall because "the scheduled Town Hall performance that weekend will create a tremendous traffic problem. Since the dance will immediately follow the Town Hall performance, it would be wiser

to have it in Sbisa." Don von Dohlen, treasurer, announced the Executive Committee's recormendation to require that the Civilian Sweetheart be single.

Buddy Bullock and Cliff Fry of the Apartment Council, representing the married students, were in opposition. After a few minutes of discussion, the Council agreed with the married stu-**Students Consider Limey** dents and voted down the recommendation.

Four members of the dining hall committee will visit the Uni-

In other fighting, Vietnamese forces reported they killed 40 Viet Cong who attacked an outpost Friday eight miles southwest of Quang Ngai City, 330 miles northeast of Saigon.

A truce shaped up for at least three days next week in observation of Tet, the Lunar New Year, which this year is Jan. 21-23.

As for a cease-fire, a U. S. spokesman said American forces "will conform to the posture of the government" after the official Viet Nam press announced South Viet Nam agreed to go along with a three-day truce.

There was no word of when the cease-fire would start, but the Viet Cong has said it will end hostilities for four days, beginning at 11 p.m., Saigon time, Wednesday. U. S. officers may urge the Vietnamese government to fail in with a fourday cease-fire.

awaited the arrival of presidenwho first had been scheduled to arrive during the day on his global peace mission.

He is in Bangkok, Thailand, and will meet there with Secreflying from New Delhi, India, 17-21. after talks with Soviet Premier Alexei N. Kosygin.

With Vice President Hubert H. Humphrey, Rusk presumably discussed President Johnson's Vietnamese peace offensive with Kosygin. All three had gone to New Delhi for the funeral of Shastri.

## On the political front, Saigon GraduatingSeniors tial envoy W. Averell Harriman, Must Attend Class W. J. Graff, Dean of Academic

Administration, has announced a directive of the Academic Council requiring undergraduate candidates for degrees to attend tary of State Dean Rusk, who is all scheduled classes between Jan.

> Any unexcused absence during this period will be considered cause to withold the degree at the regular commencement exercise Jan. 22.

It is the responsibility of students to see that faculty members Prime Minister Lal Bahadur receive notice of authorized absences during this period.

**Offers 6 Grants** Applications are now being taken in the Memorial Student

Center Director's Office for six travel scholarships totalling \$750 for travel in Europe, Africa and Mexico. Deadline for submitting the applications is 5 p.m. Feb. 7.

The scholarships are offered by the MSC Travel Committee. Four \$150 scholarships are offered for the Operation Crossroads Africa program, the Experiment in International Living and for travel in Europe. Two \$75

travel in Mexico.

Number 257

The \$750 is to be solicited from service clubs and organizations of the community by former recipients of scholarships.

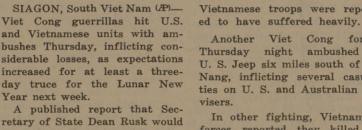

A number of summer jobs in Europe and Mexico are also available for students. J. Wayne Stark, MSC Director, is in charge of student employment for the Travel Committee. Students receiving scholarships will get their choice of the jobs available; however, a grade point ratio of 2.0 is required for consideration.

A four-man committee will interview applicants Feb. 11-12. Factors such as GPR, personality, previous travel experience, desire to help the Travel Com-mittee in the future and general personal appearance will have a bearing on the applicant's eligibility. Frank E. Bergnen is chairman of the Travel Committee and will choose a reviewing committee for screening applicants and interviewing committee for the final selections and the awarding of the scholarships.

## **Fish Sweetheart** Selection Tops **Festivity Plans**

A performance by the Aggieland Orchestra and selection of the Freshman Class Sweetheart will highlight the annual Fish Ball Feb. 26.

The Aggieland Orchestra and another band, to be selected at a later date, will provide music. The contest for Fish Sweetheart. a top feature of the annual ball, will begin the first week of the spring semester.

Seven finalists will be selected from entries reviewed by the lass officers. The Fish Sweetheart last year was Marsha Mc-Laurin, a student at Bastrop High School, who was escorted by James Callahan, also of Bas-

Nominees for Fish Sweetheart nay be submitted at the Student Programs Office in the Memorial Student Center from Feb. 7-19. A 3 x 5 snapshot and one casual photo are requested, with the ometown, name, escort, vital statistics, age, level of study and chool included. A black and white or monotone photo is preerred.

Last year's ball featured a ountain with running water to arry out the theme of "Three Coins in the Fountain." The sweetheart selection will

be at 8 p.m. during the ball in bisa Dining Hall.

A special election will be called

Reynolds revealed late Thursday he has agreed to work with the Senate in an unofficial capacity in the future "and I will do len everything that I can to serve the Student Senate and the students of A&M."

The senior journalism major said the Issues Committee has been hurt in the past by lack of a set of assigned responsibilities.

"The committee can be just as broad or as narrow as the students want it to be," he noted.

He also criticized general apathy of past Student Senates "because too much time was spent with internal affairs such as constitutional revisions, and they did not stay abreast of current student problems.

"I entered student government with the idea that too many students griped about conditions here and didn't try any constructive means of correcting them," Reynolds said, "and I have tried in my capacity as Issues head to swing this old attitude to one of active student government."

Reynolds predicted the Senate would experience considerable procedural difficulty in calling the election to find a new chairman and attributed this to antiquated replacement policies.

"If they have any trouble at all, it's the Senate's fault for not

revising their plan long ago." But he expressed confidence that the Senate would initiate a vigorous pursuit of drastic student government revision during the spring semester.

Reynolds is currently editor of The Review, student magazine for the Colleges of Liberal Arts, Science and Geosciences. He is secretary of Sigma Delta Chi, professional journalistic society, and is also a former news editor of The Battalion. He presently is a Battalion columnist.
