2 Profs Receive Army Citations

Texas A&M President Earl Rudder presented Army Commendation Medals and citations to Maj. Henry P. O'Neal and Maj. James L. Boone Jr. in Tuesday ceremonies.

O'Neal is in the 4151st USAR School. Boone is assigned in the 837th Military Intelligence attachment at A&M.

Both officers served in units of Texas' 90th Infantry Division, commanded by Rudder, a major general in the Reserve and now assigned to Continental Army Command headquarters at Fort Munroe, Va.

Boone, assistant professor in the Department of Industrial Education, received the citation for work as communications, operations and executive officer of the 4th Howitzer Battalion, 19th Artillery. Boone and his family live on Route 4, Bryan.

O'Neal is extension agricultural engineer in the Department of Agricultural Engineering.

Campus Briefs

Debaters To Compete In Oklahoma Meet

Texas A&M's Debate Team will compete in an open tournament Friday and Saturday at Southeastern State College at Durant, Okla.

Debate Coach Carl said David Gay and Benny Mays are in the senior division. Wayne Prescott, Ron Hinds, David Maddox and Mark Caperton compete in the junior division.

Teams from Texas, Oklahoma, Missouri and Kansas will do word battle in the tournament.

Profs To Teach In Corpus Christi

A teacher-training course, "Organizing and Teaching Accident Prevention Subjects", will be taught by Texas A&M instructors March 7-11 in Corpus Christi.

Lewis Maneely and Dewey Cowling Jr., staffers for the Engineering Extension Service, will teach the 10-hour course to approximately 25 persons at Del Mar Technical Institute.

John N. Dunahoo, supervisor of Trade and Industrial Education at Del Mar, is in charge of local arrangements.

House Authors Magazine Article

Dr. William C. House wrote an article appearing in the February, 1966, issue of "Management Accounting."

The assistant professor of management authored "Usefulness of Sensitivity Analysis in Capital Investment Decisions." An article on the same subject by House was printed in the January, 1966 issue of "Budgeting."

Students To Enter AIAA Competition

Papers by two Texas A&M aerospace engineering students will be presented at the American Institute of Aeronautics and Astronautics competition in Dallas April 21-23.

Douglas H. Morris' "Study Interaction of a Normal Shock and A Porous Wall" and Gene A. Hanover's "Ignition Overpressure in Liquid Propellant Rocket Motors" won a 30-paper AIAA chapter contest at A&M. The Houston students will read their papers at Dallas.

Dr. Richard Thomas and Professor Stanley H. Lowry of the

Department of Aerospace Engineering will accompany Morris and Hanover.

Winning papers at Dallas will be forwarded to national competition. The North Texas section of AIAA, sponsoring agency of the contest, is supported by major aerospace companies in the Dallas-Fort Worth area.

Tours of several aerospace firms are planned.

Enrollment Continues For Fallout Course

Enrollment for a 15-week fall-out shelter analysis course will be held over for two weeks, Brazos County Civil Defense Director Jake Cangelose has announced.

"We haven't had a very good response," Cangelose noted. He said interested seniors in architecture and engineering may enroll either of the next two Saturdays.

Classes for the Saturday morning instruction under architecture professor James H. Marsh begin at 9 a.m. The government sponsored course will qualify architects and structural engineers as shelter analysts.

Diving Course Begins Today

Six openings remain for a non-credit diving course starting Wednesday at P. L. Downs Natatorium.

Snorkel and SCUBA diving will be featured in the 10-week course, according to Jack Morelock, one of five instructors. Other instructors are Martin Every, Don Walsh, Cliff Jacobs and Paul Cernock, all affiliated with the Department of Oceanography. The course will be taught from 8 to 10 p.m. on Wednesdays.

"Enrollment will be limited to 30," Morelock said. "Students, faculty-staff members and their families are eligible. Priority will be given to oceanography and biology people who may need this training in their profession."

Qualifying tests require a 400-yard swim, swimming the width of the pool underwater, carrying a 10-pound weight the length of the pool, and recovering a 10-pound weight from the pool bottom.

The U. S. Divers Corporation helped set up the course. Students must provide a diver's mask, snorkel and fins. Fee for the course is \$15.

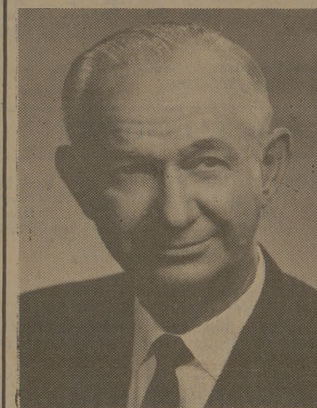

WARD'S GROUND BREAKING

Montgomery Ward & Co. and Bryan city officials break ground for a shopping complex at the intersection of Villa Maria Road and Highway 6 South in Bryan. In the ceremony, left to right, are Jim Ingram, Chamber of Commerce president; J. C. Jones, Ward's Bryan manager; A. G. Carmach, zone manager for Ward's; R. B. Butler of R. B. Butler, Inc., general contractor, and J. A. Boula, Ward's regional engineering manager.
