Wrapup Of Weekend Sports

Ag Baseballers, Netters Win, Tracksters Lose

The weekend count was Texas Aggies 3, the other teams 2. First, both of A&M's baseball teams recorded victories. Secondly, the Aggie tennis team blasted the Louisiana State team Saturday but was overshadowed by Lamar Tech Friday. Third, the Aggie track squad was nosed out of first by the Rice Owls.

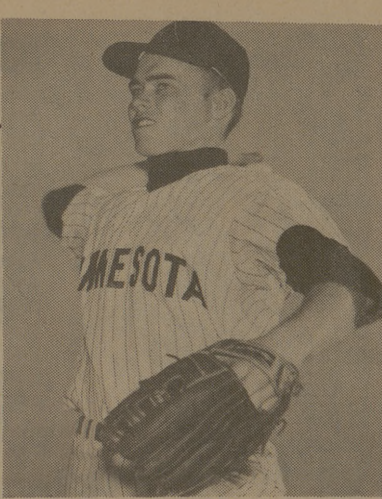

To start off the weekend, Steve Hillhouse and his Aggie baseball pals eased to their tenth victory of the year without a loss as they rolled over the Rice baseballers, 10-0. It was the Aggies second Southwest Conference win of the year and kept them just behind the University of Texas in the chase for the league title. Texas has won three conference tilts. All in all it was a great day for Hillhouse and his pals. The Hiller limited the Owls to one hit—a scratch single in the fifth by R. J. Nitsche. He also helped his own cause by collecting three hits in four times at bat, scoring two

Pros Challenge Local Golfers

Golfers can play against PGA tour professionals Bobby Nichols or Billy Martindale in Texas A&M's 1966 International Golf Tournament. Players must post handicapped scores lower than either Aggie pro to win. Three trophy prizes for adults, former students and A&M friends, for A&M students and high school entries will be awarded. Competitive rounds must be played between May 2 and May 15. Entry fees must be mailed to arrive by May 1. Scores must be postmarked before May 23. An entry fee of \$5 per adult and \$1 for A&M or high school student will be charged. Checks should be made payable to "Former Students Association (Restricted: Golf)." Entries and scores should be mailed to Luke Harrison, Manager, A&M Golf Course, College Station. Scores of May 2-15 rounds and handicaps must be certified by course pros. Golfers without handicaps should send scores only and handicaps will be assigned by a popular method. Nichols, A&M class of '58 and former PGA champion, and Martindale, '61, will play at the A&M course May 2. Entries will compete against their lowest net score. Trophies are to be awarded by each city A&M club, but the winner must beat the low net by Martindale or Nichols. Funds raised will assist A&M's golf program.

runs and driving in two. Hillhouse ran his shutout skein to 22 straight innings and lifted his record to 2-0. Besides Hillhouse's heroics, third baseman Lou Camilli continued his torrid batting pace with three hits in five trips and three runs batted in. Lou has collected five hits in 10 at bat in conference play. Mike Arrington, Billy Crain and Richard Schwartz had two hits each for the Aggies. A&M scored three runs in the third and fourth and added single tallies in the sixth and seventh before closing with two runs in the ninth. The Aggies will travel to Waco to play the Baylor Bears Tuesday afternoon before returning home for games with Minnesota Wednesday and Thursday and Texas Saturday. While their big brothers were thrashing the older Owls in Houston, the Aggie Fish were slipping past the Owlets, 5-4, at Kyle Field. Priss Bars' two home runs and single paced the Fish, which scored the winning run in the sixth. Tommy Patrick was the winning pitcher, giving up only two in four innings of relief work. As the Aggie baseballers pounced the Owls, the Owls tracksters were avenging an earlier loss to A&M's cindermen by 10 points, 75-65, in a triangular meet which also included LSU. Despite the appearance of Aggie strongman, Randy Matson, the Owls found the winning combination in both relays and edged the Cadets. Matson, despite fighting the flu bug and loss of weight from the basketball season, flung the discus 181-8 and the shut put 62-0 1/4 for first places in both events. A&M's Gilbert Smith shattered the 220 record with a fine 21.1 timing. The old record of 22.3 was held by Glenn Barbee of Rice. The Aggies got good performance from their hurdlers. In the low hurdles the Aggies captured the first three places. Max Young was first with a 54.0 timing. Robert Ginsback and Don Kooser were second and third, respectively. The Aggie netters beat LSU, 8-1, but were defeated by Lamar Tech 6-5. Tennis coach Omar Smith will take his crew to Houston Wednesday to meet the University of Minnesota. Aggie results in triangular meet: 440 relay—2. (Gilbert Smith, Billy Schmidt, Bary Abernathy, Artie Britt) 41.2. Mile run—3. Ed Vecey, 4. Bob Smith. 440-dash—3. Larry McGough. Shot put—1. Randy Matson, 62-0 1/4. 2. George Resley, 54-4 1/4. 100-dash—3. Gilbert Smith, 4. Billy Schmidt.

Pole vault—2. Martin Rollins. Discus—1. Randy Matson, 181-8. 880-run—2. Willy Rodriguez, 4. Steve Bancroft. Broad jump—1. Bob Brown, 4. Steve O'Neil. Javelin—4. Dan Meadows. High Jump—2. Mike Schrider, 4. Steve Holt. 220-dash—1. Gilbert Smith. Low Hurdles—1. Mar Young, 2. Robert Ginsback, 3. Don Kooser. 3-mile run—4. Ed Bezey. Mile relay—2. (Larry McGough, Willy Rodriguez, Steve Bancroft, Robert Vaughan) 3:19.7.

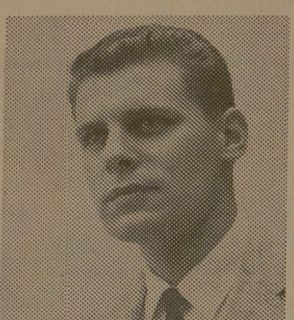

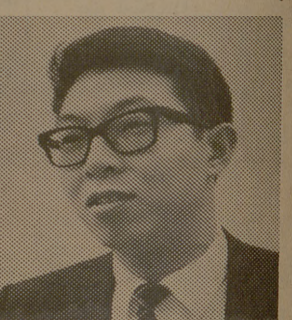

MINNESOTA PITCHER
Frank Brosseau will be one of the University of Minnesota pitchers who will see action against the Texas Aggies Wednesday and Thursday at Kyle Field.

Minnesota Challenges Aggies Wednesday, Thursday

Two of the nation's top baseball teams will collide Wednesday and Thursday at the Kyle Field diamond in what could possibly be a preview of an NCAA playoff game. The Minnesota Gophers will challenge the Texas Aggies with single games both days. Game time will be 3 p.m. Both the Gophers, from Minneapolis, Minn., and the Aggies are listed high on the nation's top ten. Two years ago, the two-game series was a preview of the National Collegiate Athletic Association playoff since both the Aggies and Minnesota made it to the tournament. The Aggies won the series here in Texas, but the Gophers won when it counted by blasting the Aggies in the national playoffs. Last year, Minnesota took the Aggies, 11-5, and the Aggies will be out to revenge the loss. Minnesota is currently on their tour of the state and beside the games here, will meet Texas, Sam Houston and Blinn Junior College.

B.S., M.S. and Ph.D. Graduates at TRW help man to...

<p>build computer highways to the moon</p> <p>R. J. GERBRACHT Ph.D. Physics '65 California Institute of Technology</p> 	<p>advance scientific knowledge by chemiluminescent research and development</p> <p>JAMES L. ---	---	--	---

If you are receiving your degree during 1966, we invite you to join this select group. At TRW you will work on major projects such as Pioneer interplanetary spacecraft, OGO satellites, Mars mission studies, Apollo/LEM descent engine, LEM inertial guidance system, underwater defense systems, communications satellites for military and commercial use, advanced ballistic missile studies, Vela nuclear detection satellites, advanced space probes, and Apollo mission planning and analysis. TRW will assist you in your career planning by encouraging you to continue your development through the many educational opportunities offered by major colleges and universities in the Los Angeles area. You may participate in TRW's Development Programs as you assume greater responsibilities. Please make arrangements with your Placement Office for an interview; or you may write College Relations at the address below. TRW is an equal opportunity employer, male and female.
