Swimming Term Opens July 17

Registration for the second six week session of the summer swimming program in College Station will be July 17 under the stands at the north end of Kyle Field. Classes will start July 18.

Swimmers who did not participate in the first six week session will be registered from 2 to 3 p. m. All other swimmers will register from 3 to 5 p. m.

Beginning swimmers must be six years of age. It is also required that they be 51 inches tall or able to swim 30 feet. Anyone participating in the swimming program for the first time who can already swim or has had lessons elsewhere, should come to registration prepared to swim for Coach Art Adamson so they may be placed in the proper class.

The competitive swimming program is carried on at two levels—Junior Competitive for swimmers 12 years old and under who have completed the Frog division or its equivalent and Senior Competitive for swimmers from 13 to 30 years of age who have completed the Turtle division or its equivalent.

Junior and Senior Life Saving classes and Beginning and Advanced Diving classes are also offered.

The swimming program is sponsored by the College Station Recreation Council.

Ladies classes are offered, but are not under the sponsorship of the Recreation Council.

UIL Football To Start 47th Year Sept.

By HAROLD RATLIFF Associated Press Sports Writer

The 47th year of the Texas Interscholastic League football plan starts Sept. 9. It is the first time in years for one starting date for all classes.

Previously all except Class AAAA opened the first week in September.

Anyway, 957 schools—the largest in history—will go to the post 10 weeks from now. Seems like a short summer doesn't it?

Practice openings vary. Under a complicated system this is the schedule:

Aug. 10—First day to issue football shoes and socks in Classes AAA, AA, A, B, Six-Man and Eight-Man (no conditioning drills or organized instruction permitted).

Aug. 15—First day for fall football practice in Classes AAA, AA and A; first day for all conditioning in Classes B, Six-Man and Eight-Man (no contact equipment or contact activities permitted).

Aug. 17—First day for issuing shoes and socks in Class AAAA (no conditioning drills or organized instruction permitted).

Aug. 22—First day for issuing

contact equipment and conducting contact activities in Classes B, Six-Man and Eight-Man; first day for football conditioning in Class AAAA (no contact equipment or contact activities permitted); first day for football interschool scrimmages in Classes AAA, AA, A, B, Six-Man and Eight-Man.

Aug. 26—First day for issuing contact equipment and having contact activities in Class AAAA.

Sept. 9—First day for playing football games in all classes.

This, in a nutshell, says Classes AAA, AA and A can start full-fledged football practice Aug. 15 and that Class AAAA must wait

11 days to reach that stature. This is because only Class AAAA has spring training, thus it must start later in the fall to compensate the other divisions.

But Class AAAA will have plenty of time to get into shape—15 days. Besides these schools were able to spend 21 days in spring training, which puts them ahead of the others overall.

Texas schoolboy football seems to be on a decided upward swing and this fall should be no exception. The 1965 campaign probably was the best in the league's history. It exalted Texas schoolboy football when all-star teams beat Pennsylvania in the Big 33

game at Hershey and Texas whipped Oklahoma in the Oil Bowl at Wichita Falls.

The players get better and smarter, the coaching improves and all-in-all Texas is the garden spot of schoolboy football.

Five streaks will go on the line when the fall campaign opens—Wills Point's 15 straight in winning the Class A championship, Brownwood's 14-0 record in taking the Class AAA title, Class AAAA champion Odessa Periman's 12-game skein and Class AA titlist Plano's 11 in a row.

The fifth streak: Well, it is owned by Madisonville, which lost 39 in succession, starting in 1962.

It is the all-time losing record in Texas.

Madisonville, however, has hopes of getting off the spot. It has dropped from Class AA to Class A.

Abilene still is the all-time leader in championships, with six. But Abilene hasn't cut the mustard in nine years and may take still more time since it no longer is a one-high school city.

Waco is second with five championships and a tie and Wichita Falls is third with five outright titles. Breckenridge has taken four championships and tied for two to figure in as many titles as Waco and Abilene.

Next in line is Lubbock, which has won three.

Only three coaches have won four state championships—late Paul Tyson at Waco, Golding at Wichita Falls, Gordon Wood of Brownwood. Tyson and Golding won all titles at one school. Wood won two at Stamford, and two at Brownwood.

Blair Cherry, Chuck Curtis, Chuck Moser won three apiece. Cherry and Moser at Amarillo and Abilene respectively. Curtis at Jacksboro and Garfield. Pete Shotwell won two and for one—all at different schools.
