DR. PAUL R. HENSARLING

GEC Observes Prof's Birthday

Dr. Paul R. Hensarling, head of the Department of Education and Psychology, found his 4 p.m. class interrupted Monday by a surprise birthday party for him.

The party was given by members of the Graduate Education Class, of which Dr. Hensarling is a past sponsor.

"We wanted to show our appreciation of the work Dr. Hensarling has done as our sponsor, teacher, and friend," Mary Cochran, GEC president, said. "And, by the way, there were 39 candles."

The candles were in cupcakes, which, along with coffee, were served as refreshments.

Dr. Hensarling was given a can of his favorite pipe tobacco by the GEC members and offered to share it with all the pipe smokers in the department.

A&M To Receive \$115,000 For Summer Institutes

WASHINGTON, D. C. — Two National Science Foundation grants totaling more than \$115,000 have been awarded to Texas A&M University in support of summer institutes for college teachers, Congressman Olin Teague announced today.

Congressman Teague said the National Science Foundation has allotted A&M \$72,370 for a physics institute to be conducted under the direction of Dr. J. G. Potter, head of the University's

Physics Department. Another \$44,860 has been awarded to the University for establishment of an institute in computers and other sciences. This institute will be directed by Dr. W. A. Wortham, head of A&M's Industrial Engineering Department.

The Texas Congressman said participants in the summer institute program for 1967 will be selected by staff members of the institutes.

Luker To Present Apollo Speech

Dr. William A. Luker, professor of business administration, will present the first YMCA Apollo Club lecture Thursday at 5:45 p.m. in the Memorial Student Center.

Luker's topic will be "How Good is Our Education?" He will discuss the methods by which students meet the qualifications for an education and the student's role in his own education.

There are still several memberships open in the Apollo Club, and anyone who is interested may join at the YMCA front desk, according to J. Gordon Gay, YMCA

director. Members will pay \$5 in advance for the four meals which will accompany the programs.

Luker received his B.B.A. from Texas A&M, and his M.Ed. and Ed.D. from North Texas State University.

He has had professional experience with Chance-Vought Aircraft, and has been associate registrar and director of Intra-Institutional Research at North Texas State.

He is now associate professor at A&M, and is presently head of the Department of Business Analysis and Research.

805 N. College (Highway 6, N) at 19th

Last year, thousands of lawyers, bankers, accountants, engineers, doctors and businessmen went back to college.

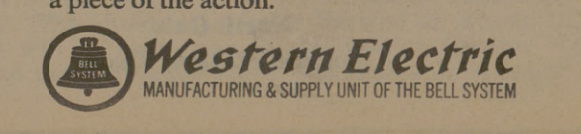

And not just for the football games.

We'd like to clear up what appears to be a misunderstanding. It is somewhat popular on campus to decry a business career on the grounds that you stop learning once you start working for Cliché Nuts & Bolts. That idea is groundless.

We can't speak for Cliché, but we can for ourselves—Western Electric, the manufacturing and supply unit of the Bell System. 6 out of 10 college graduates who have joined us over the past 10 years, for example, have continued their higher education. How're these for openers:

W.E.'s Tuition Refund Plan lets employees pursue degrees while working for us. Over 6 thousand have attended schools in 41 states under this plan. We refund more than \$1 million in tuition costs to employees a year.

To name another program: advanced engineering study, under the direction of Lehigh University, is conducted at our Engineering Research
