

Footballers Honored At Annual Aggie Club Banquet

SIGN OF A REAL COMPETITOR

Westerfield Wins A&M's 'Fighting Heart' Trophy

By LEE MORENO
Battalion News Editor
"Great" seemed to be the order of the day at the Aggie Club football banquet Saturday night. A crowd of about 700 looked on as Dan Westerfield was presented with the "Texas Aggie Fighting Heart" trophy.

Westerfield, a senior defensive halfback from Crawford, was saluted by his teammates as the most determined senior player of 1966. The players vote the award on the basis of dedication, effort, leadership, courage, desire, pride and poise. Head Football Coach Gene Stallings called the 5-foot trophy "a sign of a real competitor."

Tackle Maurice Moorman was also honored at the Ramada Inn affair. "Spec" Gammon, A&M sports publicity director, announced that Moorman had been voted first team tackle on the Sporting News All-America team.

Aggie Club president Herschel Maltz was master of ceremonies. A. M. "Tonto" Coleman, commissioner of the Southeastern Conference, was the speaker. President (Dr., Gen., Coach) Earl Rudder was also on hand to contribute his praises.

Rudder thanked Dr. C. H. Groneman and the Athletic Council for "the fine job that they have done." Groneman is the chairman of the Council.

The Texas A&M president paid special tribute to Barlow "Bones" Irvin, A&M's athletic director and welcomed Marvin Tate, Irvin's newly appointed assistant. Rudder admonished Tate not "to become a spendthrift like 'Bones'!"

Rudder called Stallings a great coach and hoped that the business of looking around for a new head football coach every two years was over.

By way of introducing the players Stallings had a few words.

"In order to have a good coaching job, one needs a good president and a long contract, and I've got both," Stallings quipped.

He called his job at A&M the most "thrilling and rewarding

job" in the world. He said that the "Make Something Happen" football team of 1966 was not a team with a whole lot of ability, but that it did have a whole lot of something.

Stallings thanked the student body for its undying support of the team and he expressed special thanks to the people of the community for their support in helping to make College Station and Bryan a home away from home for the football team and the Aggie student body.

It remained for Irvin to introduce Coleman. Between fiddling with his glasses and jokes, Coleman had some noteworthy observations.

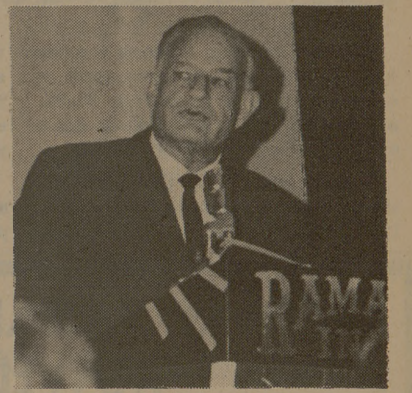

The former Abilene Christian coach commended Texas A&M as

a group of people who were putting first things first.

"Athletics is a vital and functional part of the educational process and I know academic excellence and athletic success are compatible," Coleman said.

"Outside the church and home, the greatest influence for good is found in athletic programs. About the only discipline we have left is found on the athletic field," he continued. Coleman pointed out that generally athletes are not to be found among the long-haired protest groups of today.

Speaking largely off-the-cuff, Coleman observed that many of the world's problems could be solved if all the nations would accept the ethics and discipline found on the athletic field.

Boating Trade Seminar Set; Expects 40 Conferees Feb. 16

A boating trades management seminar is expected to attract 40 conferees to the Memorial Student Center Feb. 16-18.

The Cap Richburg Memorial Management Seminar is sponsored by the Boating Trades Association of Texas. Named in honor of the BTAT founder, the late Barry (Cap) Richburg, it features techniques designed to improve business.

W. B. Mansfield, chief instructor of the A&M Engineering Extension Service's Supervisory Development Division, directs the 18-hour school. Joint host with TEES is A&M School of Business Administration.

A&M speakers include Dr. R. M. Stephenson and Dr. Russell A. Porter of the School of Business and Ernest Wentreck of TEES. Other speakers will come from

Camp Century, a United States Army post in Greenland, was built 30 feet beneath the snow. To keep the tunnels clear, 40 tons of ice must be shaved away from them each week.

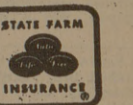

business and industry.

Insurance, inventory procedures, record keeping and advertising procedures are among seminar topics.

Bookman Peters, Bryan's City National Bank president, will address the BTAT banquet Feb. 17.

Secretaries Have Seminar

The Bryan-College Station Chapter of The National Secretaries Association will present its ninth annual seminar for secretaries Feb. 18.

"Profile of a Professional" is the theme of the seminar which will begin with registration at 8:30 a.m. in the Memorial Student Center.

The seminar will open at 9:15 a.m. with the invocation by Rev. Sharon McIntyre, associate pastor

of A&M Methodist Church. Mrs. Beth Hutchinson, president of the local chapter, will extend greetings and Dr. Wayne C. Hall, academic vice president and dean of the Graduate College, will welcome the assembly to the campus.

The day-long program will include Mrs. Lorene Roby, president, Lone Star Chapter, National School Public Relations Association; Mrs. Ruth Fry, director, Jung Educational Institute; Mrs.

Connie Pendergast, CPS, International Secretary of the Year. The luncheon speaker will be Mr. Newt Hielscher who will present "A Formula for Happiness."

Throughout the day the local and area business machine and office supply companies will exhibit the very latest in office equipment and supplies.

Mrs. Hutchinson states that the seminar is presented in keeping with the primary objective of The National Secretaries Association, to elevate the standards of the secretarial profession through continued education, and extends a cordial invitation to all secretaries and clerical personnel in this area to participate. For a copy of the program and registration form, contact Mrs. Martha Landry at 846-5622.

Committee chairmen for the seminar include Mrs. Marie Franklow, Mrs. Imadel Bachus, Mrs. Nelda Rowell, Mrs. Libby Gaas, Mrs. Martha Landry, Mrs. Marjorie Leinhart, Mrs. Nikkie Eubanks, and Mrs. Margaret Coleman, general chairman. Mrs. Jerry Holt will be mistress of ceremonies for the day.

Prof Is Awarded NASA Grant

Dr. Thomas J. Kozik, associate professor of mechanical engineering, has been awarded a \$43,258 NASA grant for a study of reinforced shells.

President Earl Rudder announced the grant.

Dr. Kozik said the one-year award is for development of a means of analyzing reinforced shells, including capsules which may be used in NASA's Apollo manned spaceflight program.

Kozik indicated the method may be used for space capsules, rocket bodies, or in large pressure or

vacuum chambers.

Assistant investigator for the research project is Dr. Richard Gunderson assistant professor of civil engineering. Two mechanical engineering graduates are to be added to the research team.

Dr. Kozik said equipment is being designed to facilitate testing in A&M's Space Science Center. Testing is to begin in May.

Monitor for the study is Dr. Frederick Stebbins of NASA's Structural Mechanics Division at the Manned Spacecraft Center in Houston.

Committee chairmen for the seminar include Mrs. Marie Franklow, Mrs. Imadel Bachus, Mrs. Nelda Rowell, Mrs. Libby Gaas, Mrs. Martha Landry, Mrs. Marjorie Leinhart, Mrs. Nikkie Eubanks, and Mrs. Margaret Coleman, general chairman. Mrs. Jerry Holt will be mistress of ceremonies for the day.

SIXTH ANNUAL COLLEGE AUDITIONS

This could be your year to join the hundreds of young men and women at the college showcases of the nation - SIX FLAGS Over Texas and SIX FLAGS Over Georgia. Each of these theme amusement centers features live and lively variety productions, specialty acts - spontaneous entertainment everywhere for all the family. If you are among the registered college students selected, you'll enjoy a full summer's employment while working under professional theatrical direction.

Only one audition visit is scheduled for this area, so whether your talent is singing, dancing, ventriloquism, magic, acrobatics, playing an instrument, or other specialty, don't miss your opportunity. SEE YOUR PLACEMENT OFFICE FOR FURTHER INFORMATION.

AREA AUDITIONS

Sunday, February 12 - 2 p.m.

KHOU-TV Studios, 1945 Allen Parkway
HOUSTON, TEXAS

(Registration is 30 minutes prior to audition time.)

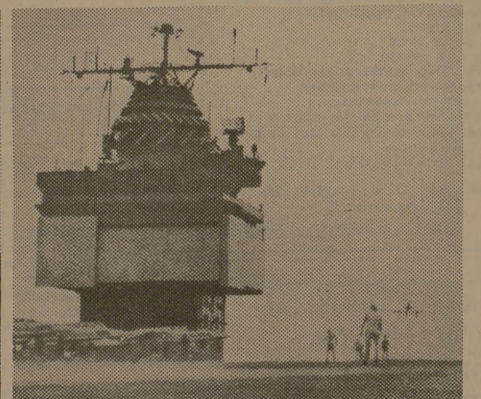

SIX FLAGS
OVER TEXAS / OVER GEORGIA
DALLAS / FORT WORTH ATLANTA

Assignments exist for Engineers graduating in 1967 with B.S., M.S. and Ph.D. degrees in ELECTRICAL ENGINEERING.

At HUGHES-FULLERTON, newly awarded contracts have created assignments ranging from research to hardware development and operational support of products and systems in the field. Our current activities involve the advanced technologies of phased-array frequency-scanning radar systems, real-time general purpose computers, displays, data processing, satellite and surface communications systems, surface-to-air missile systems, and tactical air weapons command/control systems.

For additional information on the opportunities offered at HUGHES-FULLERTON in Southern California - and to arrange for a personal interview with our Staff representatives, please contact your College Placement Office or write: Mr. J. E. Tenney, Member of the Technical Staff, HUGHES-FULLERTON, P. O. Box 3310, Fullerton, California 92634.
