

52 Education Majors Plan Summer Practice Teaching

Fifty-two Texas A&M education students will practice teach in College Station and Bryan public schools during the spring semester.

The future teachers will assist and instruct classes, working under cooperating teachers. The supervised teaching courses are required for a degree and teaching certificate.

Bryan-College Station practice teachers will be assigned from departments of agricultural education, health and psychology.

All practice teachers except agricultural education will spend part of each school day in the assignment. They will also attend regular classes at A&M.

AGRICULTURAL education majors will be assigned on a full-day basis at schools throughout the state, practice teaching from Feb. 8 through April 1.

Bryan High assignments include health and PE seniors Jonnie Vic Barnett of Caldwell and Ray Gene Hinze, Waco, under cooperating teacher Leon Jackson; industrial education majors Walter Emanuel Jr. of Memphis, Tenn., and Wayne Thompson of Pasadena under Luby LeNorman; agricultural education juniors Robert Robinson of Shamrock (J. C. Dolley) and Vic Schmidt of Von Ormy (Frank Metzger); education majors James Nagel of Houston, Melvin E. Tyrone.

THE BRYAN High School assignments also include Linda Birmingham of Bryan; Mrs. Mary Vincent; David W. Burns of Caldwell, Mrs. Jean McGown; Albert Meanche of Rantoul, Ill., Mrs. Jean Rousseau; Gordon Broussard of Winnie, James Anding; Mary Gardner of Houston, Gayle Todd; David Thomas of Amarillo, Wayne Rideout; Karen Smith of Hobbs, N. M., Mrs. Rebecca Richardson, and Ruth Franzee of College Station, Mrs. Nancy Bayless.

Assigned at A&M Consolidated High will be industrial education majors David A. James of Pine Bluff, Ark., and Kirby Heintschel of Sealy under supervising teacher Arvid Van Dyke; health and PE seniors Richard E. Bureson of Bryan and William C. Stone of New Boston, Jack Churchill; education majors Jan Loveless (Mrs. Jan Austin) and Joan Schneebek of College Station (Mrs. Oleida Hensley) and James Powell of Bryan, Mrs. Kitty Worley.

SEVEN STUDENTS assigned at Consolidated Junior High are education majors James Lewis of San Benito, Mrs. Virginia Dobson; Dick Rector of Cactus, Fred Hobson, and Frank Moody of Fort Worth, B. B. Holland; health and PE majors Mrs. Joyce C. Davis of College Station, Mrs. Robert Bean; Robert J. Hasselmeier of Galveston, Eric Peters of Big Springs and Kenneth A. Lamkin of Brownwood, Lawrence Holecek.

Lamar Junior High will take four practice teachers. They are health and PE major Richard A. Skaggs of Hutchins, Harry Bond, industrial engineering major Alfred Christini of Fort Pierce, Fla., James Pledger, and education majors John Kana of Weimar, Mrs. Hatti Crow, and James Burnett of Houston, Mrs. Sally McGregor.

STUDENTS ASSIGNED to

Anson Jones Junior High are education majors James Bumgarner of Galena Park, Mrs. Joyce Price; Nancy Gregg of Longview, Mrs. Sybil Smith; Carol Ann Roberts of Harlingen, Mrs. Mary Trew, and James Mosley of Rochelle, Mrs. Barbara Riley; health and PE majors Peter H. Diaz of Hidalgo and Larry Joe McGough of Fort Worth, Carlos Jackson.

AEC Awards Nuclear Grant

Texas A&M has been awarded a \$19,998 Atomic Energy Commission grant for a nuclear engineering summer institute.

Dr. Robert G. Cochran, Nuclear Engineering Department head, will direct the institute for 16 college science and engineering teachers from all parts of the nation.

Dr. Cochran said a major objective of the institute is to give teachers a thorough background in radio isotopes technology in

order that they may introduce the information in courses at respective colleges.

foreign students require that they wear a beard. Students who are participating in a play or some type of western day may also be granted permits, Hannigan concluded.

BRONZE STAR AWARDED

Capt. William H. Long was decorated with the Bronze Star by Texas A&M Commandant Col. D. L. Baker Friday. The Army officer was cited for service in Vietnam.

Vietnam Veteran Cited For Service

Texas A&M graduate student Capt. William H. Long of Yazoo City, Miss., has been awarded the Bronze Star medal for service with the Army Engineers in Cam Rahn Bay, Vietnam.

The 29-year-old officer was cited for meritorious service in ground operations against the Viet Cong. Captain Long commanded Company A of the 87th Engineer Battalion which operated a quarry in the Cam Rahn Bay area.

The Bronze Star recipient was commissioned from Officer Candidate School, attended jump school and served in Germany before his one-year assignment in Vietnam. He has 12 years Army service.

A 1961 graduate of Mississippi College, Long is studying for a masters degree in civil engineering at A&M. He plans to finish his studies in the summer of 1968.

The Army officer, his wife Lydia and two daughters reside at 1003 Timm Drive, College Station.

12 Area EG Freshmen Named Tops In Project Designing

Twelve Bryan and College Station freshmen at Texas A&M were selected top project designers in an engineering graphics course.

Student teams of three researched and designed campus access planning, nuclear fallout disaster plan, covered parking, rifle and skeet range, hobby center or automated water skiing facilities projects.

Thirty-seven visiting engineers from 15 Texas and Louisiana cities served as course consultant during an early semester visit. Winning designs were submitted for student and visiting engineer critique just before final exam week.

THE VISITING engineer program was set up through Halliburton Chair of Engineering Professor Charles A. Rodenberger. The Engineering Graphics Department faculty, headed by Dr. James H. Earle, facilitated its operations. Student design proposals were videotaped for orientation of future classes through A&M's educational TV network.

Among design winners were Joe W. Kindrick, chemical engineering major, son of Mr. and Mrs. Henry G. Kindrick; Anthony L. King, civil engineering major, son of Mr. and Mrs. F. V. Summerfield; Danielle Dabbs, physics

major, son of Dr. and Mrs. Jack A. Dabbs; Leonard Bohack, chemical engineering major, son of Mr. and Mrs. Tony Bohack; Clark Benson, chemical engineering major, son of Mr. and Mrs. Fred J. Benson; Steve Blackhurst, mechanical engineering major, son of Dr. and Mrs. H. T. Blackhurst; James P. Adams, petroleum engineering major, son of Mr. and Mrs. Clarence M. Adams; George B. Williams, mechanical engineering major, son of Mrs. Florence F. Williams; Dan Zubik, industrial engineering, son of Mr. and Mrs. Jerome Zubik; Edward Leroy Zueifel, civil engineering major, son of Mr. and Mrs. E. L. Zueifel; R. H. Pohl III, electrical engineering major, son of Mr. and Mrs. R. H. Pohl, Jr., and William H. Shenkir, Jr., aerospace engineering major, son of Mr. and Mrs. W. H. Shenkir.

YOU KNOW WHERE YOU'RE GOING

(Now we'll tell you how to get there)

Go McDonnell. Because when you join McDonnell, you'll work for a world-renowned name that stands for leadership and excellence in the aerospace industry. You will grow professionally by working in an environment conducive to achievement, alongside scientists and engineers who have outstanding technical reputations. And you'll build your future with a research-oriented company that's receptive to new ideas. You will also earn an excellent salary and enjoy liberal fringe benefits with a company that is known for stability.

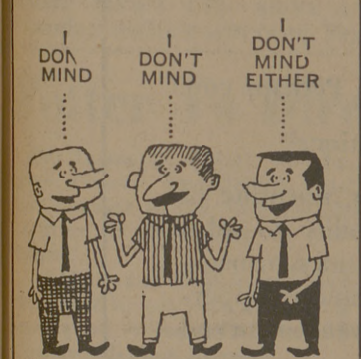

At McDonnell you also get the chance to put your personal touch on things while helping the team to make a contribution to aerospace science. In addition to getting management recognition for outstanding accomplishments, you'll have the satisfaction of knowing that you used your head to get ahead.

The McDonnell recruiter will show you how your degree in science or engineering can help you get where you're going. Be sure to chat with him when he's at your campus placement office on February 21 and 22.
