Aggies Top SMU For First SWC Win

By GARY SHERER  
The Aggies broke into the Southwest Conference win column Tuesday afternoon with a 10-5 victory over Southern Methodist.

A seventh inning five-run rally by the Maroon and White broke up a close game and a 5-4 SMU lead.

The five-run outburst was highlighted by a bases-full double by Aggie first sacker Pat Rozypal. Nine men came to bat in the seventh for the Aggies, as they pulled ahead to stay to give them a 1-3 SWC record.

SMU is now 3-2 and the loss knocks the Mustangs out of the conference lead.

It looked for awhile as if the

Aggies were not going to do much of anything. SMU starting pitcher Mike Livingston set the Aggies down in the first four innings. The Maroon and White could only manage two base runners in this period on an error and a walk.

The Mustangs had built up a 2-0 lead while the Aggies were trying to get started. Second baseman Bobby Lowe had started the game off right for SMU with a first inning home run. A throwing error by the Aggies plated the other Mustang tally.

In the Aggies half of the fifth, after two were out and with one run in, winning pitcher Rocky Thompson tied the game with a 350-foot round tripper.

The Aggies then grabbed the lead in the sixth when Lou Camilli followed a Mike Arrington single with a double to right field, scoring Arrington. Camilli then stole third and scored on a sacrifice fly by Chuck Malitz.

The Aggies 4-2 lead was short-lived. Mustangs pinch-hitter Mike Richardson put SMU back in the lead with a three-run homer.

With the score now reading 5-4 for SMU, the Aggies tied up the game again on a dropped pop fly by the Mustang shortstop, Pete Maida, who had got to third on another Mustang error, fled to the plate on the second bobble.

Rozypal then took care of the rest after the Aggies filled the bases following the costly error.

Thompson, who was taken out for a runner in the seventh, picked up his second win against one loss. Bob Sanders pitched the last three innings for the Maroon and White. Tommy Toombs, victim of the five-run rally, took the loss for the Mustangs.

The win puts the Aggies' record at 6-4 and is their second straight victory since breaking a four game losing streak with a 5-4 win over St. Mary's of San Antonio last Thursday afternoon. The Aggies had beaten

the Alamo City team at Bryan earlier in the season.

Outfielder Ricky Schwartz was the Aggies' starting pitcher. He went 5½ innings and gave up the Rattlers' four runs. Tommy Patrick picked up the victory in relief.

The St. Mary's game was the only one the Aggies could get in over the holidays. The March 20 game with Houston was rained out (it has been rescheduled for April 10 at Houston) and the two-game series with Minnesota at San Antonio on Friday and Saturday was also washed out.

The Missouri Tigers are the Aggies competition today and

Thursday. There is a possibility of a doubleheader Thursday, final approval is pending.

Missouri started its season Texas Christian with a three game series against the Horned Frogs. The Tigers lost two out of the three games, so Coach John Simmons' crew will be looking for its second victory Bryan.

Starting time both days scheduled for 3 p.m. at Tm Park, with a possible early starting time Thursday if doubleheader is arranged.

The Aggies will cap off week with a home game against the Baylor Bears Saturday afternoon.

Spring Sports

Track, Golf and Tennis Head Spring Athletics

By JERRY GRISHAM  
Randy Matson continued his record-setting ways with the discus Saturday in the Corpus Christi Invitational Track Meet, as he sailed the plate 192-4 to break the meet record of 186-11 which he set in 1965.

The A&M track team, however, came in fifth in the meet, behind Abilene Christian, Rice, Texas and Baylor.

The only other first place finish for the Aggies came as George Resley threw the shot 56-3, his best ever. The A&M sprint relay team came in third with a time of 42.0 and Deward Strong placed third in the 220-yard high hurdles with a 14.5. Steve Holtz added another third in the high jump at 6-2.

Gary Abernathy had a 9.7 for fourth in the 100-yard dash. Fifth places were won by John Hefner in the three-mile run, Strong in the 440-yard intermediate hurdles and Steve O'Neal in the broad jump and the mile relay team.

GOLF

The Aggie golfers are in Houston for the four-day All-America International Golf Tournament which begins today.

Sixteen schools are entered in the tourney. Joining the Aggies are Baylor, Rice, Arkansas, Colorado, Missouri, New Mexico State, Arizona State, Southern Methodist, Texas Tech and North

Texas State. Among the dozen or so contenders for individual honors in the tournament is A&M's Lee McDowell.

The tournament is being played over the 6,690-yard, par 72 course at Pine Forest Country Club.

TENNIS

Last week was a busy but disappointing one for the Aggie tennis team. They lost a match to Southeastern Oklahoma, 5-1, Monday and were defeated again Wednesday, 5-1, by the University of Minnesota.

Pete Faust was the only Aggie victorious against the Oklahomans. He defeated Jerry Stillwell, 6-0 and 6-1.

The doubles team of Faust and Marcus Belech won the only victory over the Minnesota Gophers, downing the team of Lew Smolin and Denny Chez.

According to Coach Omar Smith, the weak point in the Aggie netters' play this season has been their inability to win the split set matches. The Aggies have lost 14 of 15 in this category. The doubles win against Minnesota was the first split set victory for the Farmers.

The tennis team's record for the season is 1-7.

The netters host Oklahoma City University on the A&M courts Thursday. Play begins at 1:30 p.m. They play North Texas State in Denton Saturday.

"Beat Our Pros" Now In Progress

One of the 1966 winners of Texas A&M's "Beat Our Pros" golf tournament will have to compete against a larger field in the 1967 edition.

Duke Butler, A&M Consolidated golfer who is now a freshman at A&M, tied for the high school division championship last year. Divisions will not be observed in the 1967 tourney, now under way.

A&M students, former students and the general public will compete for three prizes and against the lowest score shot by PGA pros Bobby Nichols or Billy Martindale.

Spalding irons, woods and Footjoy golf shoes will go to the best three scores.

Nichols and Martindale play May 1, entrants play rounds by June 3 and score card, handicap and entry fee of \$5 must be sent in by July 1. Entries should be mailed to the Former Students Association, Box 7368, Texas A&M, College Station, 77843. Players not including a handicap will have their score adjusted by the Calloway system.

Other Bryan and College Station players beating the pros last year were A&M students Bill Bradford of San Antonio, John Burton of Baton Rouge, Bruce Vaughn of Brady and John West.

Tom Shelton tied the 70s posted by Nichols and Martindale.

CAN YOU ACCEPT A CHALLENGE?

LEARN A NEW DIMENSION IN HUMAN RELATIONS!

Salesmanship Club Boys Camp of Dallas offers, under skilled leadership, an exceptional opportunity in working with emotionally damaged boys from 8 to 15.

Qualifications: 2 years or more of college, age 22 to 28, unmarried, free to travel, liking for outdoor living.

Full benefits, regular raises, scholarships for continued study, opportunity for advancement.

HEARING AID SPECIALIST

TO HOLD FREE CONSULTATION

814 VILLA MARIA RD.—BRYAN, TEXAS

Thursday, March 30, 1967—9 a.m. to 4 p.m.  
Friday, March 31, 1967—9 a.m. to 4 p.m.

Beltone is pleased to announce that H. R. Mayhall, Beltone Hearing Aid Audiologist, who has just returned from the Beltone factory, will conduct our special hearing aid consultation. If you have a hearing problem, Mr. Mayhall invites you to come in for a free electronic hearing test and demonstration of the New Beltone Hearing Aids. No obligation.

DON'T MISS THIS OPPORTUNITY . . .

Here is your chance to try the newest and finest Beltone Hearing Aids. If you hesitate to use a hearing aid for fear of being stared at, these latest lightweight, comfortable, attractive models may be the answer to your prayers.

FRESH BATTERIES ONE-HALF PRICE

If you are a hearing aid user and come in during our special consultation for a free demonstration, you may purchase a set of batteries at half-price. Limit one set to a customer. If you can't come in, call for appointment. No obligation.

"Some people think computing is an extracurricular activity. That's nonsense. At TRW, computing is a career."

Eldred Nelson, Technical Director, Computation and Data Reduction Center, TRW Systems

Make computing science your career at TRW, where we deal in the logic of obtaining numerical solutions to diverse technical problems: trajectories for space missions and actual space flights, post-flight analysis, spacecraft checkout and orbit monitoring, thermodynamics of spacecraft heating, aerodynamics of re-entry, structures of spacecraft and missiles, automated design of electronic circuits and mechanical systems, information retrieval, analysis of antisubmarine warfare systems, development of civil applications of information systems, and new computer software systems for time-sharing.

We need people who can solve problems, who are innovators. This is how TRW looks at computing.
