Education Club Has Election

Officers for the 1967-68 school year will be elected at a Tuesday meeting of the Student Education Club.

The 7:30 p.m. meeting will be in Rooms 3C and D of the Memorial Student Center, announced Don Houston of Dallas, who will preside at the meeting.

The club will elect a new president, vice president, secretary, treasurer, parliamentarian, historian and editor.

Plans also will be finalized for

a May 6 banquet at Clayton's Restaurant. Tickets costing \$2.25 each may be purchased at the meeting from officers or Education and Psychology Department secretaries.

Planning Is Key To Food Shortage

The major problem which has faced mankind since history began is not war or pestilence, but the simple procurement of food to keep him alive.

To some, the fact that there are two kinds of people, those who eat and those who starve, is a fact to accept as an inevitable part of the pattern.

There have been efforts on the part of some affluent nations to aid underprivileged countries. The United States gives a quarter of its total wheat crop to India, but still these countries starve due to mis-managed bureaucracy and misguided religious stigmas.

This is contributing to a greater problem here in the United States. Dwindling farm surpluses are causing concern among government leaders.

The situation has led many to advocate the gradual reduction of government farm controls until finally there are no controls. The recent milk-dumping incidents have added fuel to this fire.

But a bright spot has finally been sighted on the otherwise bleak picture.

A report just released by the National Council of Marine Resources and Engineering Development indicates progress in processing food from the ocean. This food is a fish protein concentrate, and is so far the cheapest food available.

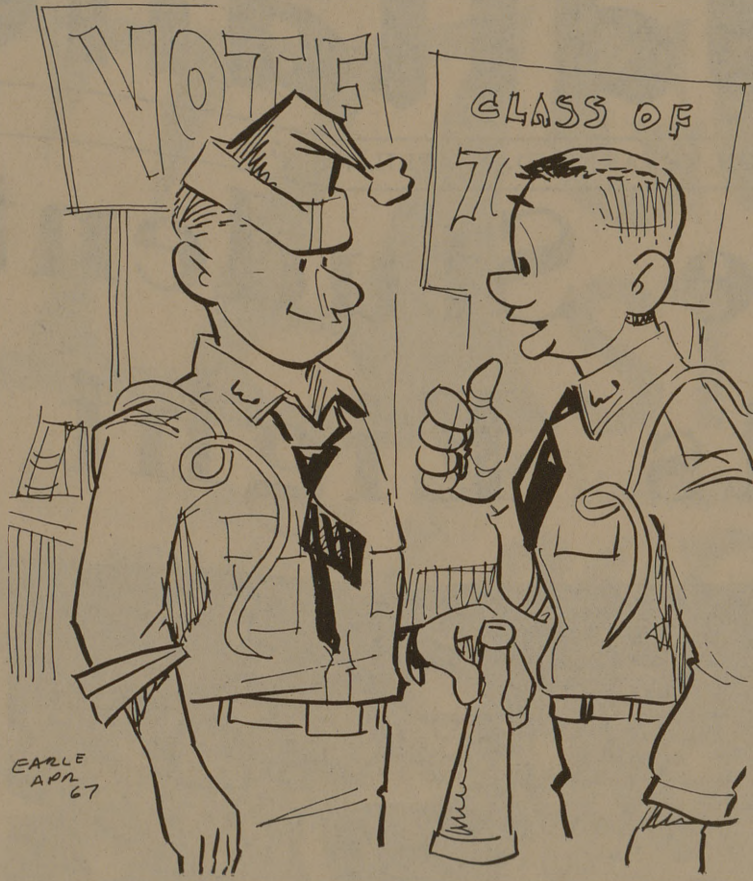

Vice President Hubert Humphrey, chairman of the council, called the development of the concentrate "a tremendous breakthrough in the war on hunger."

According to a recent story in the Christian Science Monitor, Peru and Chile are now using the fish protein to enrich food. At the same time, the concentrate went on the New York Commodity Exchange, and a Norwegian firm announced a new high-protein fish paste which can be sold cheaply to poor countries.

Adding to these developments are improvements on traditional crops, both in quality and quantity. Corn growers today have doubled their yield per acre over that of 20 years ago.

All of these developments, innovations in new foods, improvement of old foods, and a lessening of farm controls, definitely make for a brighter prospect of ending world hunger.

But this does not wipe out the need for population control. In a technically advanced society such as our's, there is something wrong when our main exhausting concern is feeding ourselves.—B.B.

"As your campaign manager, I'd like to suggest that we knock off th' victory celebration and get back to th' books so we can be around to take office next year!"

MSC Leadership Committee Plans Annual Conference

The Student Leadership Training Committee met with its Steering Committee recently to plan the annual Leadership Conference.

Chairman Dennis Hohmann said 11 people have been named to the committee, which will begin this week to determine topics for discussions and begin rounding up speakers for the three-day meeting. This year's meeting has tentatively been scheduled for Sept. 7-9 at the Texas Methodist Assembly near Palestine.

Members of the steering committee are Wayne Stark, director of the Memorial Student Center; Harold W. Gaines, student group

advisor for Student Programs; Dr. H. M. Barnard of the MSC Council; Dr. William A. Luker, head of the Department of Business; Col. Vernon L. Head, professor of aerospace studies; and Jack Woods, a local businessman.

Student members are Henry Cisneros, Hohmann, Lawrence

MSC Assistants Positions Open

Applications to be directorate assistants next year in the Memorial Student Center Council and Directorate are available to interested freshmen in the Student Program Office.

"Applicants must have an overall grade point ratio of 1.5," Scott Roberts, 1967-68 Council president and a former directorate assistant, said. "Prior experience is not required. We just want interest and a desire to serve the student body."

Interviews will be held during the last week of the month.

"Directorate assistants aid the executive officers of the Council and Directorate, participate in all its activities and are prepared for future positions of leadership in Student Center programs," Roberts said.

Stelly, Susan Morgan, and Paul Mebane.

In other business, Hohmann appointed Miss Morgan, Steve Melzer, and John Fuller to research organizational procedures used by the MSC Great Issues Committee and report to the Leadership Committee.

Don't laugh at Charles Van der Hoff's big ears. He can hear a party a mile away, thanks to Sprite.

VAN DER HOFF WITH SPRITE

Social-life majors, take a look at Charles Van der Hoff. He can't play the guitar. Never directed an underground movie. And then look at his ears! A bit much? Yes! But—Charles Van der Hoff can hear a bottle of tart, tingling Sprite being opened in the girls' dormitory from across the campus!

What does it matter, you say? Hah! Do you realize that Charles Van der Hoff has never missed a party in four years? When he hears those bottles

of Sprite being uncapped--the roars--the fizzes--the bubbles--he runs! So before you can say anti-existentialism, he's getting in on that tart, tingling, slightly tickling taste of Sprite. And delicious refreshment --as well as a good time--is his.

Of course, you don't have to have ears as big as Charles Van der Hoff's to enjoy the swinging taste of Sprite. You may just have to resign yourself to a little less social life.

SPRITE, SO TART AND TINGLING, WE JUST COULDN'T KEEP IT QUIET.

Agronomy Receives \$5,000 Grant

Texas A&M has received a \$5,000 endowment from Dr. Luther G. Jones of College Station to perpetuate the Luther G. Jones Scholarship.

The scholarship has been in effect since 1952, the year that Jones retired after 30 years of agronomy teaching and research with the university.

Purpose of the scholarship is to reward, recognize, encourage and assist a student to be selected

each year in the Agronomy Section, Department of Soil and Crop Sciences.

The \$5,000 endowment will be banked to draw enough interest to provide at least \$200 per year, according to Richard Weirus, executive secretary of the A&M Association of Former Students.

Recipients are juniors who are chosen on the basis of need, academic standing and other qualities.

THE BATTALION

Opinions expressed in The Battalion are those of the student writers only. The Battalion is a non tax-supported non-profit, self-supporting educational enterprise edited and operated by students at a university and community newspaper.

Members of the Student Publications Board are: Jim Lindsey, chairman; Dr. David Bowers, College of Liberal Arts; John D. Cochran, College of Geosciences; Dr. Frank A. McDonald, College of Science; Charles A. Rodenberger, College of Engineering; Dr. Robert S. Titus, College of Veterinary Medicine; and Dr. Paze W. Morgan, College of Agriculture.

The Battalion, a student newspaper at Texas A&M is published in College Station, Texas daily except Saturday, Sunday, and Monday, and holiday periods, September through May, and once a week during summer school.

If you're 16-22 you can be a Young Ambassador. Tell the people you meet about America while traveling in the friendliest way: via bicycle and train, staying in Youth Hostels as unique as a chateau, as simple as a university dormitory. Travel in small co-ed groups with a trained American Youth Hostels leader as chaperon who'll take you to famous and untouristy places.

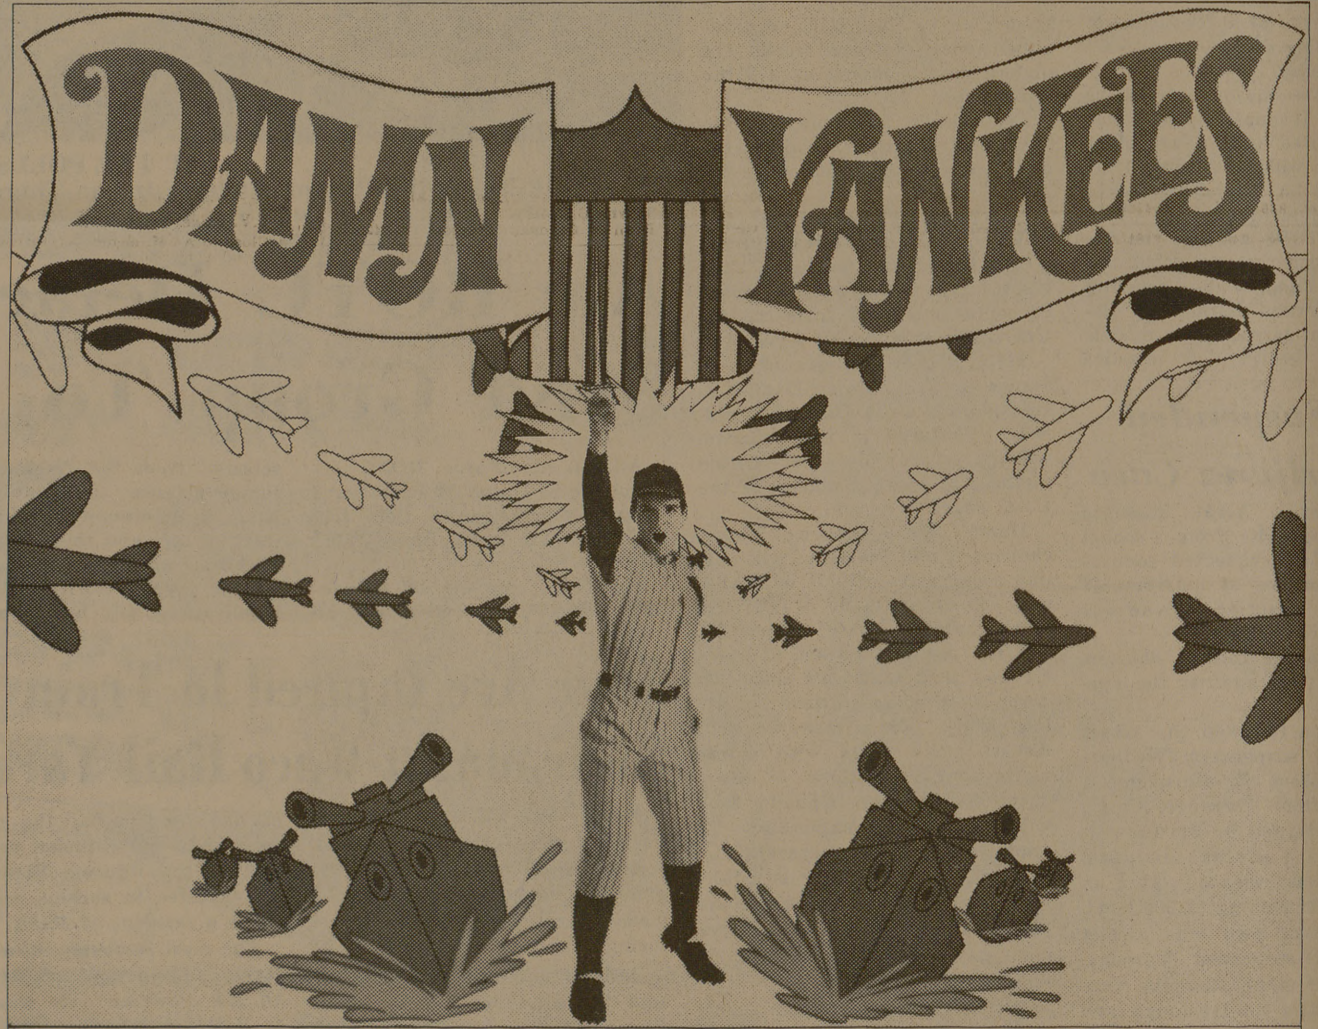

You'll get a travel wardrobe from Lady Wrangler's or Mr. Wrangler's Young Ambassadors Collection and you'll be supplied with a bike and saddlebags.

Go to the store nearest you that sells Lady Wrangler or Mr. Wrangler Sportswear. Look for the Young Ambassadors Collection and get your application form. Scholarship applications close May 5, 1967.

Lady Wrangler Sportswear, 1407 Broadway, New York, N.Y. 10018.
Mr. Wrangler Menswear, 350 Fifth Avenue, New York, N.Y. 10001.

Win a free 6-week all-expense-paid Young Ambassador tour of Europe.

Lady Wrangler and Mr. Wrangler Sportswear will send 90 young people abroad this summer as Young Ambassadors traveling with American Youth Hostels.

MARSHAL YOUR SENSES!

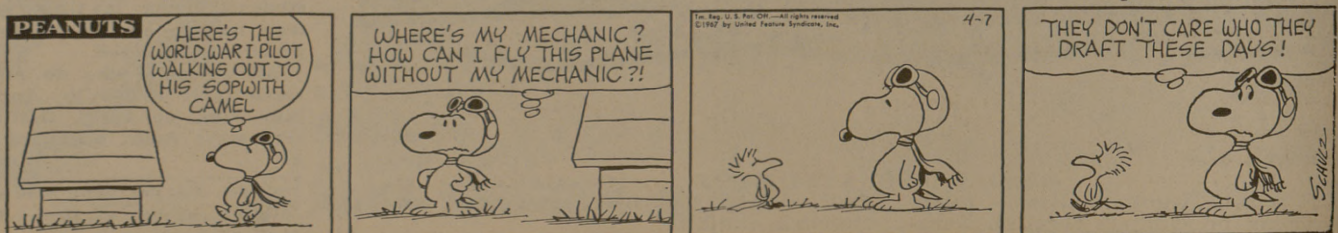

"Damn Yankees" will massage them like no TV show ever has. The music from this all-time Broadway smash has been completely rescored, arranged for a great new sound. The visual techniques take the step beyond "pop" and "op." It's the kind of innovation you associate with GE and that's why we're part of it. That's why we're putting "Damn Yankees" on the air. Don't miss it.
