"This Daylight Saving Time is gonna be rough on whistle-jocks for a while!"

Fallout Theater Play Ventures Into Business World Tonight

The Fallout Theater-Workshop delves into the business world as "The Business Venture," written and directed by Bob Robinson, opens at 8:00 tonight.

Located alternately in Paris,

France, and New York City, the play deals with three executives and a private secretary of Temart Imports, an import-export firm, dealing mainly in Japan and parts of Europe. Oliver Ross, the present vice president in charge of purchases, has let his morals slip somewhat over a period of six months, and as a result, finds himself the victim of blackmail and the ultimate loss of his job. The seeming instigator of the plot is Raymond Galloway, Head of European purchases, and his henchman is Bob Reynolds, a purchasing agent, located in Paris. Playing a valuable part in their plans is Jeanette Tyson, Ross' private secretary. The plan is quite intriguing and comes off without a hitch, though not to everyone's satisfaction.

Playing the hapless Ross is Les Lindsey, and his secretary, Miss Tyson, is Nancy Wick. Paul Bleau plays Raymond Galloway and T. J. Leeds plays Bob Reynolds. The set crew includes Leon Greene and Mike McKinney. Cyndy Smith is handling lights.

Admission is 50 cents.

Teague Is Named To Ethics Group

Representative Olin E. Teague of College Station has been named one of six Democratic members of a committee to set up ethical standards of conduct for legislators.

The appointment was made by House Ways-and-Means Committee, with Representative Melvin Price of Illinois as chairman.

The committee is a result of the recent turmoil in Washington over the activities of Adam Clayton Powell.

Teague is presently chairman of the House Veterans Affairs Committee and is the ranking Democrat on the House Science and Astronautics Committee. He will be the ranking Democrat on the new House committee.

Editor; The Battalion; An open letter to the students of Texas A&M.

After the past few hectic days, perhaps it is time we stopped to look over what has happened.

Much has been said about whether or not the demonstration Wednesday night was "good or not." That question probably cannot be agreed upon with an answer suitable to everyone. We did arrange a meeting with President Rudder before the student council. (this, no doubt, could have been arranged through more appropriate means.)

At this meeting, President Rudder

Grad Council Sponsors Dance

An informal spring dance will be sponsored by the Texas A&M Graduate Student Council Friday from 8 to 12 p.m. at the Holiday Inn.

"Tickets for the dance may be purchased by any student registered in graduate school, from any council member or at the Student Programs Office in the Memorial Student Center," said council member Phil Lanasa. "They are \$2.50 now, or \$3 at the door."

Music will be by the "Yaks", a local group. Refreshments will be provided at no extra cost.

Tickets may be bought from the following Council members: Richard Duple, Soil and Crop Sciences; Lanasa, Education and Psychology; Mitty Plummer, Nuclear Engineering; Larry Claypool, Statistics; Joe Harris or Kary Mathis, Agricultural Economics; Kay Reader Ray, Ray Emerson, Veterinary Medicine; Nat Edgar or Jeffery Moore, Business Administration.

State Official Visits Friday

State Representative David G. Haines of Bryan, will speak at a Political Forum luncheon in the Memorial Student Center Friday.

"Issues Confronting the State Legislature" will be his subject for the noon luncheon in Room 3B in the MSC, Chairman David Gay said.

Gay requested that all interested persons please RSVP for the luncheon in the Student Program Office in the MSC by Thursday evening.

Sound Off

der agreed to help the students present their complaint to the Board of Directors. This is all that anyone can ask. I would like to call your attention to the fact that President Rudder had nothing to do with passing the compulsory board regulation. He is not a member of the Board, but it is his job to uphold the Board's directives.

The only way we can even hope to see the regulation changed is to present our ideas through the Student Council. This has been done, and on Thursday night, the Civilian Student Council made provision for a committee's meeting with the Board of Directors.

In view of these facts, I hope we may all realize that any demonstrations after, and probably including Wednesday night, can only hurt the University, and therefore the student's cause.

If you wish to show further your opposition to the compulsory board regulation, I suggest that you show the Board of Directors your interest in what is, in your opinion, best for the University by writing to the Board of Directors and presenting your beliefs in a respectful manner. The necessary addresses, etc., are posted on various bulletin boards around campus.

Now that the committee to voice student opinion has been officially formed, I feel that I must withdraw as unofficial spokesman. I can and will do nothing else unless I am one of those appointed to that committee.

Very truly yours, Cliff Purcell, Box 2945

Editor; The Battalion; Dear Sir;

I'm writing this letter as a thank you to the people at the Exchange Store. I'm in the 2nd Battalion, 3rd Infantry (old Guard) of the 199th Inf. Bde in Vietnam. My brother is a freshman at A&M this year and he wrote and told me the Exchange Store was going to send books to units in V.N. Through his efforts and the work of the staff of the Exchange Store, I have received 18 bundles of books. These books will be placed in a Battalion library and will be circulated and enjoyed by the men of this unit.

I'd like to thank the Staff of the Exchange Store for sending these books — they are much appreciated. Thank you again and "gig 'em!"

1st Lt. James L. O'Neal '65

Two A&M Scientists Present Papers

A paper by two scientists of the Texas A&M Thermodynamics Research Center will be presented at an American Institute of Chemical Engineering meeting at Salt Lake City, Utah, May 21-24.

Dr. Bruno J. Zwolinski, TRC director and chemistry professor,

and Arvind P. Kudchadker, graduate research assistant, wrote the treatise, "Vapor Pressures and Critical Properties of Isomeric Alkanes."

Kudchadker, of Curchorem Goa, India, will read the paper.

Graduate Course Set For Summer

A course of interest to graduate students with research projects will be offered during Texas A&M's first summer session by the Education and Psychology Department.

Education 681, research design seminar, will meet 5 to 8 p.m. Tuesdays during the June 5-July 14 session, announced Dr. Paul Hensarling, department head.

"This seminar is valuable to students preparing research projects for theses or dissertations," he said.

The one hour credit course instructed by Dr. Donald G. Barker will consist of discussions of typical research designs in education, psychology and related fields. Prerequisite will be Education 439 or an equivalent statistical course. Allen L. Bernstein's text, "A Handbook of Statistics Solutions for the Behavioral Sciences," will be used.

Offer ends May 31st.

You have until May 31st to get all the travelers checks you want — up to \$5,000 worth — for a fee of just \$2.00. At banks everywhere.

You can save real money by buying First National City Travelers Checks now for your summer vacation trip. Read how.

Normally travelers checks carry a fee of a penny a dollar. It costs \$1 for \$100 worth of checks, \$2 for \$200, \$10 for \$1,000, and so forth.

Now, during May only, you can buy any amount you need — up to \$5,000 worth — for only \$2, plus the face value of the checks. You could save up to \$48. (For less than \$200 worth, of course, the fee is less than \$2.)

If you're planning a trip to Europe, what you save from this offer could pay for an extra day on the Rhine. Or dinner and Shakespeare at Stratford.

Or a patch of grass at the Newport Jazz Festival, if you're staying closer to home.

Welcomed everywhere

First National City Bank has been in the travelers check business for 63 years. Our checks are known and accepted in more than a million places throughout the

world — airlines, car rental agencies, steamship lines, hotels, motels, restaurants, stores, etc.

You can spend them as easily at Le Drugstore as at the drugstore. And they're just as convenient on a weekend trip as on a world tour.

Fast refund in case of loss

The greatest advantage of First National City Travelers Checks is that you get your money back promptly if they're lost or stolen. We've built a security network of 25,000 banking offices around the world where you can get lost checks refunded fast. On the spot.

How do you find the nearest refund offices? In the Continental U.S., call Western Union Operator 25. Abroad, we've supplied every principal hotel with a list of the nearest offices.

No wonder we're called the Maximum Security travelers check.

Buy now, travel later

Buy your travelers checks now — at a saving — and use them later. Many people, in fact, keep some travelers checks on hand as insurance against the day when they may need cash in an emergency.

Offer good only in U.S. and Puerto Rico, May 1-31, 1967

Never before has such complete protection for your cash been so inexpensive. So act fast. Get your summer supply of First National City Travelers Checks now. They can be bought at most banks and savings institutions.

If your vacation money is in your local bank and you won't be home until after May 31, you can still take advantage of this offer. Just mail this ad to your parents and ask them to send your money to you.

Note to all banks and savings institutions

During the month of May, we're making this unusual introductory offer to your customers at no cost to you. Your customer gets the saving, but you earn your normal commission.
