

Biology Graduate Wins Time Trials

'VETTES Await Turn

Pictured above are several of the Corvettes which entered the Targa Time Trials held Sunday at the Bryan Air Force Base. Each car ran separately through a marked course for the best time. (Battalion Staff Photo)

Jim Ray, a biology graduate student at Texas A&M, topped 60 other drivers Sunday to capture first place overall in the Targa Time Trials sponsored by the Brazos Sports Car Club.

The event, held at the Bryan Air Force Base, featured cars ranging in size from 427 cubic-inch Corvettes to the small four-cylinder Morris Minor.

According to Club President Delbert Stanley, the time trials were a "great success" and the turnout of participants was "a lot better than we anticipated."

Ray said the event was "one of the best ever held in the state" and added "it was really tremendous."

There were 10 class trophies and six special awards given to

the winners.

Ray, driving a Porsche, also collected a trophy for posting the fastest time in class B.

Other class winners were: Class A, Conrad Dalton, driving a Corvette; class C, Karl Patton, MG-A; class D, Dick Snyder, MG Midget; class S, Ernest Pivonka, Morris Minor; class SS, Roger Meade, Corvair; class GT, Warren Dalton, Chevelle.

Also, ladies' (under 1.5 litres), Faye Inglis, MGA; ladies' (over 1.5 litres), Bonnie Stromberg, Corvette; and modified class, Jim Barker, Corvette.

Special trophies given by local car dealers went to: Conrad Dalton, fastest Corvette; Patton, fastest MG; Meade, fastest American sedan; Tom Kerley, fastest MG Sprite; and fastest Ford went to J. E. Kirtley in a Mustang GT.

Students Advised To Check Standings

AUSTIN — The state director of Texas draft boards recently advised nearly 100,000 draft-age college and university undergraduates classified as II-S to take action before the end of the spring semester on an "important matter for their possible benefit."

Colonel Morris S. Schwartz, state Selective Service director, urged these students to request their college or university registrars to send their class standings for the 1966-67 school year to their local boards as soon as these standings are available after the spring semester ends.

"If these class standings are not sent in for the 1966-67 school year, it is likely that a lot of these students will get reclassified into

Class I-A next fall just because their draft boards don't have this information," the state draft director said.

"Some colleges and universities will report these class standings without requests from the students," he continued, "but others will do it only when the student asks that it be done."

Because class standings were not sent in on many college students in Class II-S during the summer of 1966 for the 1965-66 school year, approximately a third of them in Texas was reclassified into Class I-A.

Class standings are not reported on graduate students and students of professions such as medicine, dentistry, and law.
