

"I know that rank has its privileges but it seems unfair that us freshmen can't work on th' bonfire too during the week."

What's Happening At The MSC

Attention, MSC personnel!
A tentative date has been set for an MSC Directorate Christmas Party. The party will be held off-campus with a good band scheduled. Come with a date—or arrangements may be made for the "Single, female-type" to come as guests. If you plan to attend, please report to your committee chairman or David Wilks in the Student Affairs Office at MSC.

Simon & Garfunkel and the Hollies will be presented as a Town Hall Extra Nov. 22, 9:15, after the bonfire. Tickets may be purchased from 9:00 to 5:30 at Student Programs Office. A sell-out is expected.

All MSC committees will be interested to know about KORA radio advertising. A full outline of information can be obtained through the Student Affairs office or a direct interview with a radio announcer can be scheduled.

We urge full usage of this. Call 713-822-1240 for answers to any further questions.

If you have need of other types of advertising, please contact the Publicity Committee.

Mrs. Fern Hamman's show on KBTX-TV is broadcast from 3:30 to 4:00 every weekday afternoon. If you of the MSC Directorate would like to have a spot on her show, check with the Public Relations Committee. Here are some interesting programs that you will not want to miss.

Nov. 20—Discussion on Simon & Garfunkel.

Nov. 28—An interview with A. M. Lilienthal ("World Around Us").

If you are interested in looking

into some MSC activities, here are a few of the committees that are organized for you:

- Camera Committee
- Chess
- Contemporary Arts
- Dance
- Flying Kadets
- Great Issues
- Leadership
- Personnel
- Public Relations
- Radio
- Recreation
- Talent
- Town Hall
- Travel
- SCONA

If display cases are needed for exhibits, a date can be arranged through Betty Campbell, Chairman of Public Relations Committee.

Through CORPS CHANNELS

by Robert Gonzales

The Corps of Cadets will journey to Houston this weekend to participate in their second and final Corps Trip of the year. The parade in downtown Houston will begin at 9:30 a.m. with the kick-off time in Rice Stadium scheduled at 2 p.m. Uniform for the trip as announced by Corps Commander Lonnie C. Minze is Class "A" winter.

The girls from Sacred Heart Dominican College in Houston have invited all Aggies to attend their street dance Friday from 8-12 p.m. Admission to this gala affair is \$1.75 a couple. Refreshments will be free, which means only Cokes will be available.

Usually the week-end before the Turkey Day game was a "free" week-end and thus allowed the Corps and gung-ho civilians to work on the bonfire. However, the scheduling of the Rice game this year caused Head Yell Leader Neal Adams to begin work on the tree structure this past week-

end. Civilian students will be guarding the center pole while the Corps is in Houston. The Corps will return Saturday night in order that work can be continued early Sunday morning.

"We've Never Been Licked," the film which depicts the Corps of Cadets in the early 1940's will be shown Tuesday night Nov. 21, in Guion Hall. Tickets at the door are 50 cents. All proceeds will go to the Memorial Student Center Travel Committee Overseas Scholarship-Loan Fund. Chairman of the committee is Davis Mayes, a junior in Company E-2.

The next night, after the lighting of the bonfire, Town Hall will provide the evening's activity. Simon and Garfunkel, the number one singing group for American colleges and universities will headline. Featured also on the program will be one of England's leading singing groups, the Hollies. The show will begin at 9:15

and last until midnight. A complete sell-out of G. Rollie White's 8,000 seats is expected.

All Aggies are reminded to drive carefully to Houston. A&M has experienced five Silver Taps ceremonies since September, which must be a record number for a whole year. Help prevent a 10:30 ceremony on Monday, Nov. 20.

Architects Give Award To Aggie

WASHINGTON, D. C. — The American Institute of Architects announced that a Texas A&M student is the recipient of a scholarship for the 1967-68 academic year.

James Robert Foster received a \$400 Desco International Association Scholarship for continued study at the Texas A&M School of Architecture. The Desco International Association grant is one of four given annually by the franchised applicators of Desco coatings through The American Institutes of Architects.

The recipient was selected by AIA's Committee on Scholarships, headed by Elliot L. Whitaker.

YMCA Plans Hootenanny

The YMCA will be the scene of a Hootenanny at 6 p.m. today starring five girls from T. W. U. The Tessies that are making the trip down will be Kathy Heldman, "Aggie Sweetheart" '67-'68, Cheri Holland, Aggie Sweetheart '65-'66, Marti Silver, Zenda Higgins and Marsha Yarberry. Cheri Holland, who is handling the T. W. U. end of the program, said that the girls are looking forward to their visit and have prepared an interesting program. Everyone is invited to the meeting on the 2nd floor of the YMCA.

ATTENTION !!

ALL CLUBS

Athletic, Hometown, Professional and Campus Organizations.

Pictures for the club sections of the AggieLand are now being scheduled at the Student Publications Office, Y.M.C.A. Building.

"Coca-Cola" and "Coke" are registered trademarks which identify only the product of The Coca-Cola Company.

Ever get the feeling you're surrounded by nuts?

Cool it. Things could be worse. You could be out of ice-cold Coca-Cola. Coke has the refreshing taste you never get tired of. That's why things go better with Coke, after Coke, after Coke.

If you missed the Chrysler Two Way Interview... it's not too late!

- Recently, Chrysler Space conducted Two Way Interviews on your campus.
- What is a Two Way Interview? It's different from those interviews that leave you wondering, "But what's in it for me?" It's an interview in which we find out about you, and you find out about us.
- For instance, you find out that Chrysler is currently engaged in a wide range of forward-thinking space programs such as: **ADVANCED LAUNCH VEHICLE CONFIGURATION STUDIES • SPACE OPTICS TECHNOLOGY • SPACE STATION STUDIES • AAP MISSION PLANNING • ADVANCED SPACECRAFT SYSTEMS DESIGN • PLANETARY ORBITER MAPPING STUDIES • MANUFACTURING TECHNOLOGY RESEARCH** and other similar programs.
- You also discover how you can pursue your education under Chrysler's Tuition Assistance Plan. And you're told about the atmosphere of creative freedom that abounds at Chrysler Space.
- If you're majoring in science or engineering, are interested in a challenging aerospace career, and were unable to see the man from Chrysler when he was on your campus, write today to any of the three addresses listed below. Tell us about yourself, and, if you wish, include your phone number and the times convenient for you to receive calls.
- You'll receive an immediate reply. If you qualify, every effort will be made to arrange for a Two Way Interview.

Mr. R. Radick, Personnel Dept. CR-4
Chrysler Corporation Space Division
P. O. Box 29200, New Orleans, La. 70129

Mr. J. J. Miller, Personnel Dept. CR-4

I've Got My Eye On The Man...
in a **VAN HEUSEN**
"417" VANOPRESS SHIRT

And what an eye he is! A physique as well-built and manner as smooth as his permanently pressed... VANOPRESS shirt. A swifty style that matches the "417" authentic tailoring of his button-down collar and V-Tapered fit. Switched-on stripes or colorful solids in dress or sport, Van Heusen has them all. Will I keep him in sight? You'd better believe it!
