

Applications Being Accepted For Summer Cruise

Applications are now being accepted for Texas A&M's European "Summer School at Sea," June 12-Aug. 18, announced Adm. James D. Craik, superintendent of the Texas Maritime Academy.

Adm. Craik said the unique program offers spring high school graduates and college freshmen an opportunity to earn six hours

of college credit while visiting six foreign ports and getting a taste of life at sea.

Following a three-day orientation session at Galveston, "Summer School at Sea" participants will sail for Europe June 15 aboard the "Texas Clipper," a 15,000-ton oceanliner converted to a floating classroom.

European ports of call on the 13,000-mile journey are Oslo, Norway; Amsterdam, Netherlands; Lisbon, Portugal, and Gibraltar. The "Clipper" will stop at New York enroute and return via the Canary Islands and San Juan, Puerto Rico.

The "Summer School at Sea" program, now in its fourth year,

is jointly sponsored by A&M's College of Liberal Arts and TMA. Qualified male high school graduates and college freshmen can enroll for two courses in English, history or mathematics, Adm. Craik noted.

Credit for the courses may be applied to a standard degree from Texas A&M or another college or

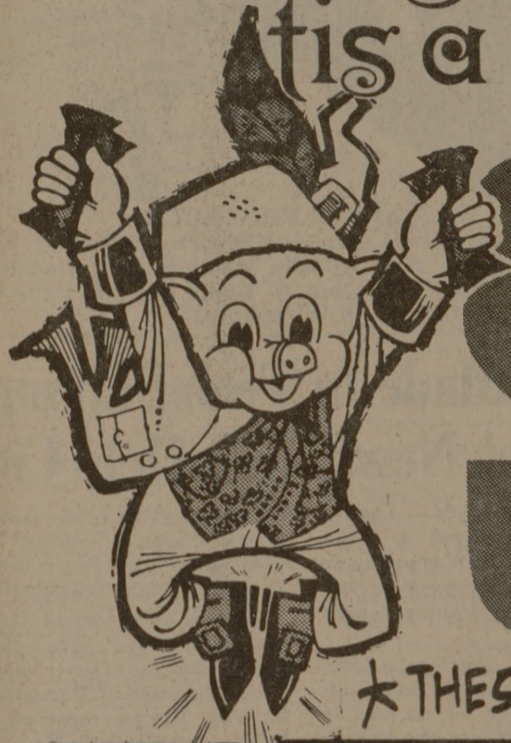

university. It also can be applied to a TMA course of study leading to a Bachelor of Science degree in marine engineering or marine transportation.

Fees and expenses, including tuition and room and board, total \$500 for Texas residents and \$600 for non-residents.
