**Jack Kovar One Of A&M's Most Overlooked Starters**

One of the most overlooked starters among Texas A&M's football personnel is center Jack Kovar who just this month turned 21.

But, being overlooked is nothing new to Jack.

He came to Texas A&M on his own, although he had a few offers to attend other schools on football scholarships. He wanted to play for the Aggies, to follow in the footsteps of his older brother, Gary Kovar, who was an all-SWC guard at A&M in 1966 when Jack was a struggling freshman.

When Jack took part in his first spring practice in April-May of 1967, there were five centers and he was the only one not on a scholarship. When spring training ended, Kovar was listed as the first-team center.

"That goes to show that you can never be absolutely certain about your recruiting selections," Coach Gene Stallings later declared. It also pointed out that where there's a strong enough will, there's a way to win a scholarship, which Jack Kovar did.

Kovar was a guard in high

school at Houston Jones where he was an all-city selection and tri-captain of a team that advanced to the state quarterfinals.

Oddly, Kovar, a high school guard, is the Aggie center while all around him high school centers are playing guard and tackle.

Kovar started for the Aggies as a sophomore and was on the hungry outfit that rallied for six straight SWC wins and the league title before beating Alabama in the Cotton Bowl. This year as a junior, he is one of the few veterans in A&M's young offensive front.

His move to center was quite sudden. He played freshman football as a second-string guard and then, in the spring, one day he was notified that he'd been switched to center. He quickly learned his new assignments and won the starting positions. Others, since have challenged him for the position but he has always emerged as number one.

Jack is a 6-1, 200-pounder, who is dedicated to improving his performance all the time. He's a hard worker because football means a lot to him. Else he'd never have attempted to win a scholarship on the practice field of Aggieland.

He is the son of Mr. and Mrs. E. W. Kovar of Houston.

OFF REGULAR PRICE

Here is the 1968 season. The zany, unpredictable Southwest Conference season. Where underdogs become topdogs on any given Saturday. Where comparative scores, home field advantage and other prognostic devices are thrown to the winds. Where on the day of the game it's just us versus them and to hell with what happened last week or last year. Yes, the Southwest Conference has tradition — anyone can win, anyone can pull the big shocker of the season and fate doesn't play favorites.

- A HISTORY OF THE 1968 SEASON
- HARDBOUND LIBRARY EDITION
- 7 3/4" X 10 1/2" / 160 PAGES

**Intramural Round-Up**

The intramural story continues:

In Class A football, four teams now remain after the first round of the playoffs. B-2, the C League champs, defeated A-1, the representatives from League A, by the score of 14-0. They will now go up against Squadron 11. The White Band kicked a rare field goal but was edged by E-2, 6-3. F-2 must now face E-2 since they beat Squadron 3. Though the game ended scoreless, the defense of F-2 was too powerful, allowing Sqd. 2 but one forty-yardline penetration and no twenty-yardline penetrations.

Class C football action had College View defeating the Vets, 22-7, and advancing to the semi-finals. They must now face Monaco II and the winner of that game meets Moore Hall for the championship.

In Class B, C-2 became the champion of table tennis by downing Squadron 2, two games to one. The Class B intramural standings have been compiled for the three sport leaders in Table Tennis, Horseshies, and Basketball. They are: (1) C-2 - 187 points; (2) A-2 - 185 points; (3) F-2 - 185 points; (4) Sqd. 9 - 180 points; (5) E-1 - 180 points; (6) Sqd. 2 - 177 points; (7) Sqd. 6 - 175 points (8) White Band - 170 points.

Basketball competition for Class A and Class C will start Tuesday, Nov. 5. The intramural staff could use more basketball officials to run the leagues. If you are qualified and interested, inquire at the intramural office for information concerning your eligibility, schedule, and salary.

**Sports Car Club To Host Rallye**

Texas A&M Sports Car Club will host a Rallye Saturday night.

The rallye team consists of a driver and a navigator. The driver follows the directions in the route instructions while the navigator computes the speed the car should be averaging during the various legs of rallye. A

sports car is not required for this type of event and a sedan even has an advantage because of size and comfort.

There will be a free party after the event for all entrants. Registration will open at 6:30 Saturday with the first car leaving at 7:00. Starting point will be Hensel Park on S. College Ave. Entry fee will be \$1.00 for members of Texas A&M Sports Car Club and members of Society of Automotive Engineers, and \$1.50 will be charged non-members.

The two hour rallye will be divided into two classes: Novice and Experienced with trophies in each class. For more information call Alan Weckerling 845-3005 or Dick Martin 845-4598.

**Aggie Golfers 2nd To UH In Shelton Meet**

Duke Butler fired a 69 to pace the Texas A&M golf team to second place behind the University of Houston after the first round of the Bill Shelton Intercollegiate Golf Tournament in Houston yesterday.

The five-man Cougar team finished the first round with a 18 stroke lead over the second place Aggies as Don Scott fired a five-under-par 67.

Houston's team score was 350 while the Aggies were at 368 and Stephen F. Austin at 400 and Sam Houston State at 409.

**Kenya May Make 1976 Olympic Bid**

NAIROBI, Kenya (AP) — Kenya may make a bid to hold the 1976 Olympic games in Nairobi, Kenya's minister for cooperative and social service said Thursday.

**"What is your standard for living?"**

Some think the best standard to live by is what "works."

But what "works" today often doesn't "work" tomorrow. Material standards are changeable and fallible.

The only standard that doesn't change is the one that can make the most difference in your life. It is God's spiritual standard of excellence.

In this free public lecture, Norman B. Holmes, C.S.B., a member of The Christian Science Board of Lectureship, cites several specific examples of individuals who have found that adherence to God's standard as presented by Jesus has vastly uplifted their lives, brought better employment, improved human relationships and health itself. Everyone is welcome.
