YOU'RE HERE TO GET AN EDUCATION. PERIOD.

With a full academic load, and maybe a job on the side, you need all the time you can find to get what you came for . . . a college education.

Marine Corps officer programs don't require on-campus training. Students enrolled in Platoon Leaders Class receive their training in the summer, either in two 6-week sessions or one 10-week session. And you can enroll in PLC as early as your freshman year, concentrate on your studies and look forward to serving as an officer of Marines after college graduation.

Ask a Marine. Talk to Major Pool who will be in the M.S.C. from 8:30 to 4:00 on the 19th, 20th, & 21st of Nov. 68. He has all the facts on Marine air and ground officer training, and he'll be happy to answer all your questions.

Intramural Round-Up

The intramural picture:

In Class A basketball, F-1 squeezed by E-2 by a single point, 26-25. E-2 led at the half, 15-14, but Rusk of F-1 scored 7 points to lead his team to victory. The balanced attack of H-1 mashed Squadron 5, 47-23 and Sqd. 8, led by Parada's 14 points, downed the Maroon Band, 35-18, for their second straight win.

Sqd. 11 bombed Sqd. 9, 44-16, for their second straight win without a loss. Sqd. 14 also remained undefeated with a 36-19 margin over Sqd. 4.

In Class B football, G-1 and D-1 fought to a 0-0 tie before G-1 was finally declared the winner by virtue of one more 40-yard penetration. E-1 and A-2 also battled to a 0-0 deadlock with E-1 winning that game. G-2 wrapped up the championship in their league by downing D-2, 6-0.

H-1, the most powerful offensive team in Class B football, romped to their fourth straight win, 22-0, over H-2 to take their league crown. For the fourth time this year, they prevented the opposition from crossing midfield. The White Band upset E-2 for their first victory, 6-0. The playoffs for Class B will begin after the holidays on Dec. 3.

In Class A handball, the championship was played Monday with Sqd. 12 defeating G-1 two matches to one. In the first match, Harding and Campbell of G-1 upset Craighead and Benet.

But Sqd. 12 players, Donaho and Hess won their match causing the final match which Frost and Fehrle took for Sqd. 12. Sqd. 12 is now the only team with two championships to their credit. They also took Class A bowling.

The championship for Class C handball between Schumacher and Law will be played later this week.

In Class B bowling, the regular schedule has been completed and six teams will now advance to the playoffs. The league champs are: League A- F-2; League B- A-2; League C- White Band; League D- Sqd. 7; League E- Sqd. 5; League F- Sqd. 11.

League D finished in a three-way tie but Sqd. 7 will represent the league by virtue of having the highest pin total. Sqd. 11 and Sqd. 8 finished with 3-1 records but since Sqd. 11 had beaten Sqd. 8, they will advance to the finals. The playoffs will be Dec. 3-5.

Rogers Is AP's Back Of The Week

Baylor's running whiz, Gene Rogers, would rather switch than sit on the bench and because of a change last spring, Rogers was named Wednesday as The Associated Press Southwest Conference back of the week.

Rogers spent most of the 1967 season riding the bench as a substitute flanker. He caught no passes and he gained no yards rushing.

Last spring, coach John Bridgers switched Rogers back to running back and everybody's been happier since.

The move paid off in bonus dividends Saturday when Rogers rushed for 139 yards and scored three touchdowns to lead the Bears to a shocking 42-28 victory over Texas Tech.

THE LOSS knocked Tech out of a tie for the SWC lead and probably out of the Cotton Bowl.

Meanwhile over in Little Rock, Arkansas linebacker Lynn Garner was getting in on 19 tackles and generally making havoc of SMU's fierce offense to gain lineman-of-the-week honor.

Rogers' performance against the Red Raiders was rated "by far his best game of the season" by Bridgers.

"I thought he was outstanding, really," Bridgers said. "He seemed to run better as the game went along. He was running right up the middle. Why, he kinda looked like a power runner and he only weighs something like 180 pounds."

Rogers was also pleased with his performance and the progress he's made since making the switch to running back.

"I've improved a lot this season because at the first of the year, I was a little unsure, but now I've gained a little more confidence in myself," Rogers said.

"AT FIRST, I was hesitant to go outside because I was afraid I'd get caught for a loss, but now I have more confidence that I can get outside and make a good cut."

But Rogers keeps giving most of the credit to Baylor's young but strong line.

"I've learned a little from each game but our line has really made the difference," Rogers said. "I think it is one of the best in the conference and any back can run good when he's got a good line blocking for him."

In addition to his 19 tackles, Garner caused SMU quarterback Chuck Hixson to fumble on the Mustang five-yard line and then recovered the fumble to set up Arkansas' fourth touchdown.

WHILE Garner's figure was indelibly marked on SMU throughout the game, Garner himself suffered a memory lapse in the

fourth quarter when he

knocked groggy by Hixson. A mild controversy arose as some Arkansas sources said Hixson kyoed Garner with his hand. Garner said he didn't know who hit him. Hixson said it was good forearm to the chin, certainly nothing illegal.

Whatever it was, Garner knows he took a good lick.

"I can't really remember the fourth quarter like the third," he said. "I knew a few things. I felt like an idiot though. I had to ask linebacker Guy Parker where to line up sometimes."

Garner said his job was easier because SMU relies much on the pass.

"THEY ARE mostly just passing team and running Richardson," Garner said. "I expected everything they did had good execution."

Other backs receiving were Texas A&M tailback Les Stegent and Arkansas quarterback Bill Montgomery.

Other linemen receiving were Baylor's Roy McDermott, Richard Stevens and Bob Benson, and A&M's Ivan Lee and Mike DeNiro.

Austin Aggie Club To Sponsor Buses For T. U. Game

AUSTIN (AP) — To make sure their cohorts don't get tied up in city traffic and miss the Texas-Texas A&M kickoff Thanksgiving, the capital city A&M club will run buses from Hancock Shopping Center to Memorial Stadium.

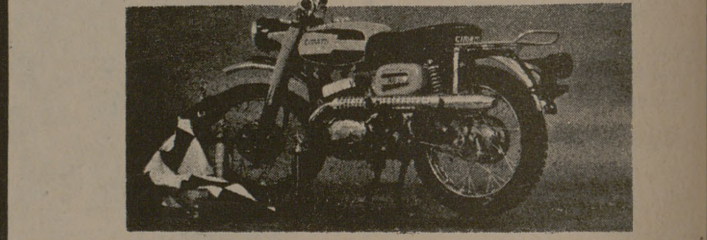

The name of the buses, which start their trips at 12:30 p.m., will be the "Texas Special," the name given to plays added in past years to the Aggie offense by coach Gene Stallings especially for the Texas game.

Puppets we don't need.

We happen to be involved in one of the fastest growing fields in the world. Communications. And because we also happen to be growing right along with it, we need people who can think for themselves when they are handed responsibility, not become confused by it. Individuals. The kind of people to whom a challenge is a goad, not an excuse.

Who won't be content to just sit around until they get a gold watch and a pension. There's a lot to be done. Interesting, provocative work for almost every kind of engineer and scientist. For example, in our Applied Research Laboratory, the newest sectors of theoretical and applied research in the areas of mathematics, physics, computer systems, electro-optics, information systems, and

operations studies are explored. Whether you lean toward designing electronic switching systems for our telephone companies or the development of electroluminescent devices for Sylvania, we think we have a place for you. On one condition. That there are no strings attached. **General Telephone & Electronics**
