

# New Program Initiated For '69 Ag Grants

The College of Agriculture has started a new scholarship and recruitment program to attract outstanding high school seniors and transfer students. Dr. H. O. Kunkel, dean of agriculture, said the scholarship program was initiated last November with a goal of \$30,000 to finance a new program effective for the fall semester, 1969. Eight thousand dollars has already been collected.

Dean Kunkel explained that a current survey reveals a demand for as many as 20,000 professional agriculturists. The nation's colleges and universities will provide only about 7,000 this year.

He said that if agriculture is to meet the demands of providing food and fiber for the growing population, the best trained minds will be needed to provide agricultural leadership. Career opportunities are unlimited and salaries are competitive with other professions, he said.

"The program is aimed at students with top grades and a background of achievement and leadership," the dean pointed out. "When we find students that meet these requirements, we can guarantee them very attractive scholarships."

"The program is aimed at students with top grades and a background of achievement and leadership," the dean pointed out. "When we find students that meet these requirements, we can guarantee them very attractive scholarships."

# Templeton Elected FFA President

Dennis Templeton of La Pryor has been elected president of the Collegiate FFA Chapter here for the spring semester.

Named to assist the new president were first vice president, Tommy Head of Goldthwaite; secretary, Lane Murphy of De Kalb; treasurer, Kermit Wendland of Miles; and reporter, Ray Caraveo of San Benito.

Other officers elected were sentinel, Ed Moon of Stratford; advisor, Don Ballard of Bryan; parliamentarian, Joe Dettling of Wharton; historian, Bobby Easter of La Pryor; second vice president, David Crowder of Sherman; and third vice president, James Dean of Crane.

# State Senator Introduces Presidential Primary Bill

AUSTIN (AP)—Republican Sen. Henry Grover of Houston introduced a bill Thursday requiring both political parties to hold presidential primaries in Texas.

Delegates to the national conventions would be bound by the results of those primaries, which would be held at the same time primary elections are held for other offices.

Grover said presidential nominating machinery in most states is too much in the hands of the professional politicians and that the public often chooses in November between candidates it had little voice in selecting.

Rep. Jim Nugent of Kerrville introduced a bill to equalize the work load in judicial districts. The districts would be reapportioned and districts would be added.

Jurisdiction formerly exercised by criminal district courts would be transferred to the district courts.

In a county with two or more district courts, all courts would have concurrent jurisdiction. One clerk would serve all district courts in that county.

"The bill is an attempt to equalize the work load in our present judicial districts," said

Nugent. "We won't have courts that work just one day of the week and others that work every day of the week."

Rep. Jim Clark of Houston introduced a bill giving the state priority over the federal government in labor matters.

It would give the state the right to promote collective bargaining and to protect employees in choosing a bargaining agent of their choice.

The state could prohibit striking or picketing for the purpose of requiring an employer to recognize a labor organization as the exclusive bargaining representative of employees if the employer believed the labor organization did not represent a majority viewpoint.

# OSU Prof Sets Grad Talk Here

Dr. R. R. Frahm of Oklahoma State University's Institute of Animal Sciences and Industry will present a graduate lecture here Thursday.

Graduate Dean George W. Kunze said Frahm will discuss "Body Weight Selection Studies With Drosophila" at 4 p.m. in Room 317 of the Animal Industries Building.

Dr. Frahm joined Oklahoma State's Animal Science Department in 1967 as assistant professor. He has responsibility for genetic research with beef cattle.

A native of Scottsbluff, Neb., Frahm received his B. S. degree in animal science from the University of Nebraska and M.S. and Ph.D. in genetics from North Carolina State.

Before joining the OSU faculty, Dr. Frahm served three years as a systems analyst for the Army.

DAD, I'VE BEEN TALKING WITH THE CONOCO PEOPLE. THEY OFFER WONDERFUL OPPORTUNITIES TO AN ENGINEER.

TELL US ABOUT IT, SON.

OH MELVIN, WE'RE SO PROUD. A GRADUATE ENGINEER IN MY FAMILY.

CONGRATULATIONS, SON.

DIDN'T TAKE FOUR YEARS OF SCHOOLING TO MAKE A RAILROAD ENGINEER OUT OF ME.

BEING AN ENGINEER, CONOCO CAN GIVE ME THE CHALLENGE I NEED.

NONE OF THAT TEXT BOOK JUNK IN MY DRY. I REMEMBER THE BLIZZARD OF '26 ON THE MILFORD RUN...

THERE ARE PROJECTS FOR ENGINEERS ALL OVER THE WORLD WITH CONOCO.

IT SOUNDS SO EXCITING!

RAILROAD MEN WERE REAL MEN IN THOSE DAYS. STOKIN' THE BOILERS... HANDON THE THROTTLE...

NO THEY DON'T, BOY! YOU'LL NEED THIS POCKET WATCH. THAT'S KEPT ME ON SCHEDULE FOR FORTY-THREE YEARS. SAY, WHERE DOES THIS CONOCO LINE RUN, ANYHOW?
